Prod from Ike Puts Steel Negotiation Back on Track

IN THE WAKE OF GRACIE'S VISIT — Hurricane Gracie drove into Savannah, Ga., and left this auto agency a partial wreck.

Gracie Diminishes After Big Damage

CHARLESTON, S. C. (AP) — Gracie, its hurricane winds diminished but its torrential rains still dangerous, moved slowly across North Carolina today. The storm caused six deaths and property damage expected to run in the millions of dollars.

The Weather Bureau in the morning summary placed the center of the storm a few miles west of Charlotte, moving northward toward Virginia at about 12 miles an hour.

Gracie's heavy rain was expected to cause flash flooding in western North Carolina, central and western Virginia, the eastern portion of West Virginia, western Maryland and central and eastern Pennsylvania.

The storm now packs winds of about 40 m.p.h., with gusts to about 50 m.p.h. in some squalls.

Gracie ground ashore near here Tuesday morning with 140-mile-an hour peak winds, torrents of rain and high tides.

She brought rain, raging winds and high water all along the coast from Savannah, Ga., to Myrtle Beach, and swept inland to slash lowland communities along a path 100 miles wide.

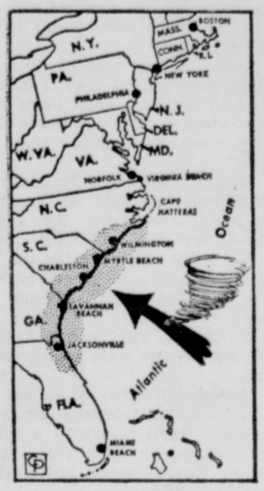

Three died in South Carolina in traffic accidents attributable to the storm.

At Miami Beach, Fla., a 15-foot wave rolling in from Gracie's wake swept over a jetty Tuesday night and carried a married couple into the water. The body of Elizabeth Rutherford was found by a fishing boat crew but rough seas halted a search for the body of her husband, Jack. Police said Rutherford was presumed dead.

Georgia reported one storm-connected death. Alex Sheffield, 26, was killed when he stpped on a live wire that had been blown down by strong winds Tuesday afternoon at Statesboro, about 50 miles northwest of Savannah.

All over the Carolinas and in border Georgia areas balmy Indian summer dissolved into heavy rain and cool, strong winds. Several inches of rain fell, threatening floods on some rivers.

Meanwhile, another hurricane, Hannah, was being tracked out in the Atlantic. She was located Tuesday night about 1,000 statute miles east of Palm Beach, Fla., with peak winds of 100 miles an hour. A Miami weather forecaster said she, too, likely will hit the mainland a few days from now.

GRACIE SWEEPS IN — Map shows the area where hurricane Gracie slammed 140-mile-an-hour winds, flood tides and tropical rains into the South Carolina coast.

Plane Explodes; 34 Persons Die

New York-Bound Liner Falls in Texas Field

WACO, Tex. (AP)—A big Houston-to-New York airliner exploded in the air Tuesday night, streaked across the sky like a comet, and crashed. Thirty-four persons died as it struck on a central Texas farm.

The ship was a 75-passenger Braniff Airways turboprop Electra. It carried 28 passengers and a crew of six. It had scheduled stops at Dallas and Washington.

There was no immediate explanation for the crash. A member of the traffic control tower at the Houston International Airport said the plane departed 29 minutes behind schedule at 10:44 p. m. A Braniff spokesman at Houston acknowledged the plane was late in departing but said he did not know why.

Bruce Chambers of the Federal Aviation Agency's control office in Fort Worth, said the ship was flying on an instrument plan at 15,000 feet. It made its last report about 11:05 p. m. when east of Waco, Chambers said. He described the report as a routine filing on the plane's speed and altitude.

The pilot gave no indication of trouble at the time he added.

Broken clouds hovered over this area then. There was thunderstorm activity about 75 miles to the northwest but none in the immediate vicinity, the Weather Bureau said.

The airliner crashed on the R. E. White farm, five miles southeast of Buffalo, a town of 1,200 population. Buffalo is 68 miles southeast of Waco.

"It looked like it exploded as it came over our house, 'way up in the sky," said Mrs. Billy Webb, 30. She and her husband watched from their home five miles north of where the wreckage hit.

It Was Genuinely Black Day for Californian, 7

PASADENA, Calif. (AP)—It was a black day, indeed, for Paul Henkels, 7.

The youngest of 14 children, he stepped on a pressurized can of spray paint at his home Tuesday and was sprayed head to toe with black lacquer. An older brother, James, 32, took Paul to a hospital for repairs.

Keeping Score On The Rainfall

RAINFALL FOR 24 HOUR PERIOD	
Ending at 8 a. m.	.26
Normal for September to date	2.64
Actual for September to date	1.15
BEHIND 1.49 INCH	
Normal since January 1	31.83
Actual since January 1	25.34
Normal year	39.86
Actual last year	37.74
River (feet)	1.74
Sunrise	5:54
Sunset	5:45

Blessed Rain Snaps 29-Day Dry Period

Pickaway County Weatherman Harry Styers reported 1.13 inches of rain had fallen between 8 a. m. and 12:45 p. m. today.

In less than five hours, rain fell which came within 0.02 inches of equalling the entire precipitation for the month.

It started early today. As of 12:45 p. m. a total of 1.39 inches had fallen. Today is only the sixth day of September in which there has been even a trace of rain.

Only measurable rainfall this month was on September 1 when 0.69 inches were recorded. That makes 29 days of virtually no rain.

The forecast calls for rain to continue off and on today and into the evening, tapering off tomorrow.

* * *

PERSISTENT SHOWERS that were descending on the county at 1 p. m. today will undoubtedly push the monthly total over the average.

As of this morning, the area was 1.49 inches behind the average monthly precipitation and 6.49 inches trailing the yearly average.

The Scioto River rests at its lowest mark of the year today at 1.54 feet, where it has been for the past three days. If rains are falling in the northern part of Ohio, the Scioto will be on the rise tomorrow.

Bride Goes to School

NEW YORK (AP) — Mrs. Steven Rockefeller, the Norwegian bride of the governor's son, is studying English at Columbia University.

News Briefs

BOSTON (AP) — A Municipal Court warrant today accused the radio operator of the Dutch steamship Utrecht of murder in the death of Lynn Kauffman, 23, whose battered body washed ashore on a Boston harbor island 10 days ago.

COOPER, Tex. (AP) — A bus filled with school children and teachers en route to a junior high school football game collided headon Tuesday night with a huge tank truck. The violent crash killed eight persons—six students and two teachers—and injured 22 others including 21 children.

NEWARK, Ohio (AP)—In the first case of its kind in Ohio, a Newark man has been fined $15,000 for filing fraudulent tax returns on his intangible property.

Emerson Miller, 67, was fined $2,000, the maximum, on each of five counts. He also was fined $5,000 effective for five years but suspended on condition he files true returns in the future.

DENVER, Colo. (AP)—Warming temperatures were expected today to bring relief from the damaging snowstorms in the Rocky Mountain region.

The massive storm crippled a 250-mile area extending from Cheyenne, Wyo., to Pueblo, Colo.

CLEVELAND (AP)—A partial solar eclipse will be visible, weather permitting, in Northern Ohio Friday morning, the Cleveland Museum of Natural History reported today.

TOKYO (AP)—Typhoon Vera today was classed officially as the worst storm disaster in Japan's history.

DUBLIN, Ireland (AP) — A bearded British writer and two German girls sailed their battered catamaran raft into an Irish harbor Tuesday after a seven-week crossing of the stormy Atlantic.

COLUMBUS, Ohio (AP) — The number of Ohioans collecting unemployment benefits has dwindled to the lowest point in many months, fewer than half the average number a year ago.

WASHINGTON (AP) — President Eisenhower's big jet airliner is to fly him to Southern California this afternoon for a week of sun, prescribed for his cold.

TAIPEI, Formosa (AP) — U.S. Defense Secretary Neil McElroy said today conditions in the Formosa Strait appear "less strained" than they were a year ago.

Auditor Clamps Down on Transfers

The Pickaway County Auditor's office today announced it will refuse transfers of real estate property until the proper authorities approve such transfer.

This means that all completed homes, homes in the construction stage or lots, in unapproved subdivisions, will not be transferred until such subdivisions have been approved.

It also means that subdivided property in the county will not be transferred unless approved by the County Engineer and County Commissioners.

This order will expressly halt transfers of property in the Merle Turner and Central Development Co. subdivisions.

* * *

THE TURNER subdivision has never been approved by the City Planning and Zoning Commission and the Central Development area was approved once by the County Commissioners, but its revised subdivision has not been reapproved.

According to a P&Z Commission official, the Central Development Co., owned by the McCarty brothers, Columbus, may have been in violation of state law since April 4, 1957.

On this date the official said, Paul McAfee, Chillicothe, purchased eight lots of a revised subdivision, located on the east side of Georgia Road, which reduced original lot sizes from 85 feet to 60 feet.

In addition, three other lots on the east side of Georgia Road were purchased by Ralph C. Price and two by Boyer & Son, Chillicothe. One is still owned by Central Development making 14 lots of an original 11, the P&Z official stated.

All these lots were reduced from 85 feet to 60 feet, but the change never received approval of the P & Z Commission.

In addition, one original lot, located on the southeast corner Mulberry and Cedar Heights Road, was divided into five lots and was never approved.

* * *

THREE OF the five lots are owned by Philip Manson, Veterans Apartments, Willard Congrove, 310 Mingto St., and Carl White, 416 E. Union St.

All own lots, which were probably transferred illegally as do all owners in the area bordered by Georgia, Mulberry, Cedar Heights and Northridge Roads, which were originally part of the Central Development subdivision.

According to the P&Z official, Ralph McCarty, one of Central owners, came to the commission with his revised subdivision.

He was told that it would not be accepted until it was replatted and that there was some question as to his obligation of installing sewers, curbs, gutters and the paving of Mulberry Road.

McCarty never returned. Instead he took his unapproved revised plat into the County Auditor's office and substituted it for his original plat, the Auditor's office reported.

In fact, McCarty has sold lots that are different in measurement from his revised plat.

The P&Z official also questions McCarty's right to submit a subdivision plat of lots he does not own, such as the homes sold McAfee on Georgia Road.

McAfee subsequently sold all eight homes he constructed on Georgia Road, but McCarty's revised plat still includes them.

Piketon Branch Bank Loses $2,300 to Yeggs

WAVERLY, Ohio (AP)—Safecrackers blasted open a safe in a Piketon branch bank today and carted off an estimated $2,300 in coins.

A smaller safe in the Piketon branch of the First National Bank of Waverly containing paper currency was left behind.

Police theorized that either the small safe was too heavy for the thieves, or that they didn't have time to take it.

City Building Permit Change Is Requested

The Pickaway County Auditor's office today recommended several changes be made in the issuing of Circleville building permits.

County appraiser, Leo Hedges, Route 3, today urged the City Service Director to place lot numbers of prospective construction on the building permit.

He also urged that if lot numbers were unavailable then the street number of the location of construction be printed in the permit.

Hedges said this procedure would be extremely helpful in carrying out his duties. Presently, Hedges has spent as much as an hour just trying to find a certain house or building.

* * *

PRESENT PERMIT procedure prints the name of the builder, estimate of cost and approximate address of construction. Many times the address of the proposed home or building is just a street, no more, and many of Circleville's streets are quite long.

Building permits are filed with the County Auditor after completion of the building and from this evidence the appraiser locates the property and sets a value upon it.

President Uses Blunt Language To Disputants

WASHINGTON (AP)—President Eisenhower today set an apparent deadline of Oct. 8 for progress toward settlement in the steel strike. Antagonists promptly arranged to resume talks this afternoon.

The agreement to get back to the bargaining table came within minutes after the close of separate sessions with industry and union leaders in which Eisenhower figuratively knocked heads together.

The President met first with leading steel company executives headed by Roger M. Blough, U. S. Steel Corp. chairman, then with union leaders headed by David J. McDonald, president of the United Steelworkers.

He called on them to renew negotiations looking toward a voluntary settlement of the 78-day-old strike that would be fair and just to everyone concerned, including the public.

"I sincerely hope," the President said in a statement afterward, "that an agreement can be initiated before my return to Washington next week." He is due back Oct. 8 from a trip to Palm Springs, Calif., to seek relief from a lingering cold.

James C. Hagerty, the President's press secretary, was asked whether this pinned an Oct. 8 deadline on invoking the Taft-Hartley law to stop the strike for 80 days by court injunction.

Hagerty said no government action whatsoever was discussed by the President.

The press secretary was asked whether Eisenhower hoped for progress in negotiations by Oct. 8 or a completed agreement by then.

Hagerty replied that he thinks Eisenhower's hope that "an agreement can be initiated" by Oct. 8 was a fairly broad expression.

Both Blough and McDonald expressed hope the renewed talks would lead to an agreement. McDonald said one could be reached in an hour if both sides really tried.

But neither side indicated much chance in their far-apart positions as a result of their talks with the President.

The President's statement said the purpose of his talks today was to help "to bring about a voluntary settlement of the steel strike which will be fair and just to all parties involved, including the public."

Eisenhower was reported on good authority to have used blunt, powerful language both to the management and union delegations—about as strong language as at Monday's news conference when he said he and the Ameri-

(Continued on Page Two)

Khrush Lectures Mao about Peace

TOKYO (AP) — The Soviet Union's tireless Nikita Khrushchev bounced into Peiping today from his historic talks with President Eisenhower and immediately lectured Mao Tze-tung on the need for ending the cold war.

"We must do everything in order to ease the situation and to create conditions for friendliness between all nations," the leader of the Communist world told Mao and Red Satellite chieftains gathered in the Chinese capital for the Peiping regime's 10th anniversary celebrations.

"We must make all efforts to create conditions for establishment of world peace," Khrushchev added.

Delivered against the background of Peiping's crushing of the Tibet rebellion, its border dispute with India and the Red revolt in Laos, the planeside talk sounded like a pointed suggestion to Mao to keep the peace in Asia.

Khrushchev's big TU114 turboprop airliner landed in Peiping less than 48 hours after his return from Washington. He said he had literally "transferred from airplane to airplane."

Peiping radio said the Soviet Premier got a rousing welcome from Communist China's top officials, bands, a guard of honor and youth delegations who presented him with bouquets of flowers.

Khrushchev described his visit to the United States and his talks with Eisenhower as valuable.

"In these talks," he said, "we frankly discussed big problems and tried to create an atmosphere for cooperation and peaceful coexistence, thereby contributing to consolidation of world peace."

The Soviet leader praised his Chinese allies' industrial and revolutionary progress.

He recalled that while in the United States he had urged the U.N. General Assembly to oust what he called "the reactionary Chinese group of the Chaing Kai-shek clique."

Pickaway's Nancy Wilson Gets State Junior Fair Board Post

Nancy Wilson, Route 1, has been selected to serve on the Ohio State Junior Fair Board as the girl 4-H club representative for two years.

Miss Wilson, daughter of Mr. and Mrs. Philip Wilson, will join with youth from 13 other organizations to aid in conducting the Ohio State Junior Fair in 1960 and 1961. Nancy is well acquainted with conducting county fair activities as she was a member for four years.

Nancy has just completed her ninth year as a 4-H club member in Pickaway County. During these years she has completed 18 4-H club projects in addition to serving in many leadership capacities. Nancy has held all the offices possible in her local clubs. In addition, Nancy has been secretary and treasurer of the County Leader Club, and secretary of the Pickaway County Junior Fair Board.

NANCY WILSON

Being selected as a State Junior Fair Board member climaxes many achievements in 4-H club work for Miss Wilson. In previous years she attended National 4-H Club Congress as state citizenship winner, was a delegate to Ohio 4-H Club Congress, was one of two members to attend State Junior Leadership Camp, has been county winner in individual and team demonstrations, and was a 4-H camp counselor for four years.

* * *

MISS WILSON was high ranking student in her class at Pickaway High School where she was graduated in May. She was a member of the National Honor Society and has received high scores on several district and state scholarship tests. Miss Wilson was president of the school science club, editor of the yearbook and school paper, a cheerleader, school pianist, in class plays and many other school activities.

Miss Wilson has also participated in church and Grange activities in her community. Nancy was selected for this honor by the state awards committee based on her outstanding leadership and citizenship activities according to Clarence J. Cunningham, County Extension Agent, 4-H.

Salvation Army Helps 1,203 Persons in Need during Year

Circleville has facilities to assist travelers in need.

Among the most important is the Salvation Army, a Pickaway County Community Fund agency.

No aid is more thankfully accepted than that offered to a family or person away from home and loved ones. When you are "on the road" and run into difficulty, assistance generously offered means much.

Last year the Salvation Army stepped in to help 16 persons stranded in Circleville. The fund agency also gave away meals and food to 150 persons during the year.

In all, 1,203 persons were aided by the Salvation Army in Circleville last year.

* * *

THIS YEAR the vital aid agency is asking for $3,500 from the $30,000 Pickaway County Community Fund goal. That is 11.7 per cent of the total.

The Salvation Army certainly meets the requirements for qualifying as a PCCF agency. It operates in Pickaway County throughout the year and a majority of the

funds given the organization by the PCCF is used to assist persons in Pickaway County.

Here is a run down on Salvation Army activities last year:

Persons given food or meals, 150; stranded persons given overnight lodging, 16; transient men given shelter in the City Building, 122; given medical, optical or dental aid, 4;

Given new furniture, 25 families; a dozen families were given used furniture; given new clothing were 71 persons in 21 different families; a total of 441 persons were given used clothing; the SA furnished transportation for 49 persons in 17 families;

Groceries were furnished to 150 persons, and 30 persons were furnished gas for heating.

Some of the Salvation Army money is used to support the area, state and national program of the organization. The Columbus Men's Social Center of the Salvation Army last year furnished clothing and furniture to Pickaway Countians in need, when requested by the local SA unit.

Heading up the Salvation Army organization in Pickaway County is Roderick List, a Circleville police officer. Larry Priest is treasurer. Police Chief Elmer Merriman is the other officer.

* * *

ON THE BOARD of directors for the local unit are Wes Edstrom, Mrs. Dorothy R. Gerhardt, Mrs. Betty Jenkins, Mrs Clarence Radcliffe, Mrs. Mary England and Mrs. Eli Hedges.

In the county the function of the Salvation Army is to carry on a year-round program of service designed to meet the emergency and supplemental needs of individuals and families.

The Salvation Army is just one of five good reasons to support the Pickaway County Community Fund campaign, now in progress.

Dwight Beougher Named State Boy's 4-H Agriculture Champ

Dwight Beougher, Route 1, Laurelville, was selected this week as the Ohio winner of the 4-H Boy's Agricultural award. As top boy in this award, Dwight will receive a trip to National 4-H Club Congress in Chicago November 27 - December 4.

Dwight, son of Mr. and Mrs. Judson Beougher, just completed his 11th year in 4-H Club work in Pickaway County as a member of the Saltcreek Livestock Club. During these 11 years, Dwight has carried over 30 4-H projects consisting of dairy heifers, breeding ewes, market lambs, steers, tractor maintenance, forestry, entomology, and Junior Leadership.

At the recent county fair, Dwight climaxed his showing by having the champion ewe and champion pen-of-three market lambs as well as winning sheep showmanship.

Dwight was president of the Pickaway County Junior Fair Board in 1957 and 1958 and served again in 1959. He has held numerous officers in his local 4-H club and has been on several Junior Leadership committees.

Dwight was selected as county health winner in 1956. Dwight was second in the county tractor operators contest for two years, being beaten by one state winner and by another who placed second in the state. As the result of his outstanding leadership and project record, Beougher has been selected by the county awards committee to attend Ohio 4-H Club Congress and State 4-H Junior Leadership Camp in previous years.

DWIGHT BEOUGHER

Dwight is also active in the

Auditor Clamps Down on Transfers

The Pickaway County Auditor's office today announced it will refuse transfers of real estate property until the proper authorities approve such transfer.

This means that all completed homes, homes in the construction stage or lots, in unapproved subdivisions, will not be transferred until such subdivisions have been approved.

It also means that subdivided property in the county will not be transferred unless approved by the County Engineer and County Commissioners.

This order will expressly halt transfers of property in the Merle Turner and Central Development Co. subdivisions.

* * *

THE TURNER subdivision has never been approved by the City Planning and Zoning Commission and the Central Development area was approved once by the County Commissioners, but its revised subdivision has not been reapproved.

According to a P&Z Commission official, the Central Development Co., owned by the McCarty brothers, Columbus, may have been in violation of state law since April 4, 1957.

On this date the official said, Paul McAfee, Chillicothe, purchased eight lots of a revised subdivision, located on the east side of Georgia Road, which reduced original lot sizes from 85 feet to 60 feet.

In addition, three other lots on the east side of Georgia Road were purchased by Ralph C. Price and two by Boyer & Son, Chillicothe. One is still owned by Central Development making 14 lots of an original 11, the P&Z official stated.

All these lots were reduced from 85 feet to 60 feet, but the change never received approval of the P & Z Commission.

In addition, one original lot, located on the southeast corner Mulberry and Cedar Heights Road, was divided into five lots and was never approved.

* * *

THREE OF the five lots are owned by Philip Manson, Veterans Apartments, Willard Congrove, 310 Mingto St., and Carl White, 416 E. Union St.

All own lots, which were probably transferred illegally as do all owners in the area bordered by Georgia, Mulberry, Cedar Heights and Northridge Roads, which were originally part of the Central Development subdivision.

According to the P&Z official, Ralph McCarty, one of Central owners, came to the commission with his revised subdivision.

He was told that it would not be accepted until it was replatted and that there was some question as to his obligation of installing sewers, curbs, gutters and the paving of Mulberry Road.

McCarty never returned. Instead he took his unapproved revised plat into the County Auditor's office and substituted it for his original plat, the Auditor's office reported.

In fact, McCarty has sold lots that are different in measurement from his revised plat.

The P&Z official also questions McCarty's right to submit a subdivision plat of lots he does not own, such as the homes sold McAfee on Georgia Road.

McAfee subsequently sold all eight homes he constructed on Georgia Road, but McCarty's revised plat still includes them.

Piketon Branch Bank Loses $2,300 to Yeggs

WAVERLY, Ohio (AP)—Safecrackers blasted open a safe in a Piketon branch bank today and carted off an estimated $2,300 in coins.

A smaller safe in the Piketon branch of the First National Bank of Waverly containing paper currency was left behind.

Police theorized that either the small safe was too heavy for the thieves, or that they didn't have time to take it.

City Building Permit Change Is Requested

The Pickaway County Auditor's office today recommended several changes be made in the issuing of Circleville building permits.

County appraiser, Leo Hedges, Route 3, today urged the City Service Director to place lot numbers of prospective construction on the building permit.

He also urged that if lot numbers were unavailable then the street number of the location of construction be printed in the permit.

Hedges said this procedure would be extremely helpful in carrying out his duties. Presently, Hedges has spent as much as an hour just trying to find a certain house or building.

* * *

PRESENT PERMIT procedure prints the name of the builder, estimate of cost and approximate address of construction. Many times the address of the proposed home or building is just a street, no more, and many of Circleville's streets are quite long.

Building permits are filed with the County Auditor after completion of the building and from this evidence the appraiser locates the property and sets a value upon it.

President Uses Blunt Language To Disputants

WASHINGTON (AP)—President Eisenhower today set an apparent deadline of Oct. 8 for progress toward settlement in the steel strike. Antagonists promptly arranged to resume talks this afternoon.

The agreement to get back to the bargaining table came within minutes after the close of separate sessions with industry and union leaders in which Eisenhower figuratively knocked heads together.

The President met first with leading steel company executives headed by Roger M. Blough, U. S. Steel Corp. chairman, then with union leaders headed by David J. McDonald, president of the United Steelworkers.

He called on them to renew negotiations looking toward a voluntary settlement of the 78-day-old strike that would be fair and just to everyone concerned, including the public.

"I sincerely hope," the President said in a statement afterward, "that an agreement can be initiated before my return to Washington next week." He is due back Oct. 8 from a trip to Palm Springs, Calif., to seek relief from a lingering cold.

James C. Hagerty, the President's press secretary, was asked whether this pinned an Oct. 8 deadline on invoking the Taft-Hartley law to stop the strike for 80 days by court injunction.

Hagerty said no government action whatsoever was discussed by the President.

The press secretary was asked whether Eisenhower hoped for progress in negotiations by Oct. 8 or a completed agreement by then.

Hagerty replied that he thinks Eisenhower's hope that "an agreement can be initiated" by Oct. 8 was a fairly broad expression.

Both Blough and McDonald expressed hope the renewed talks would lead to an agreement. McDonald said one could be reached in an hour if both sides really tried.

But neither side indicated much chance in their far-apart positions as a result of their talks with the President.

The President's statement said the purpose of his talks today was to help "to bring about a voluntary settlement of the steel strike which will be fair and just to all parties involved, including the public."

Eisenhower was reported on good authority to have used blunt, powerful language both to the management and union delegations—about as strong language as at Monday's news conference when he said he and the Ameri-

(Continued on Page Two)

Khrush Lectures Mao about Peace

TOKYO (AP) — The Soviet Union's tireless Nikita Khrushchev bounced into Peiping today from his historic talks with President Eisenhower and immediately lectured Mao Tze-tung on the need for ending the cold war.

"We must do everything in order to ease the situation and to create conditions for friendliness between all nations," the leader of the Communist world told Mao and Red Satellite chieftains gathered in the Chinese capital for the Peiping regime's 10th anniversary celebrations.

"We must make all efforts to create conditions for establishment of world peace," Khrushchev added.

Delivered against the background of Peiping's crushing of the Tibet rebellion, its border dispute with India and the Red revolt in Laos, the planeside talk sounded like a pointed suggestion to Mao to keep the peace in Asia.

Khrushchev's big TU114 turboprop airliner landed in Peiping less than 48 hours after his return from Washington. He said he had literally "transferred from airplane to airplane."

Peiping radio said the Soviet Premier got a rousing welcome from Communist China's top officials, bands, a guard of honor and youth delegations who presented him with bouquets of flowers.

Khrushchev described his visit to the United States and his talks with Eisenhower as valuable.

"In these talks," he said, "we frankly discussed big problems and tried to create an atmosphere for cooperation and peaceful coexistence, thereby contributing to consolidation of world peace."

The Soviet leader praised his Chinese allies' industrial and revolutionary progress.

He recalled that while in the United States he had urged the U.N. General Assembly to oust what he called "the reactionary Chinese group of the Chaing Kai-shek clique."

Pickaway's Nancy Wilson Gets State Junior Fair Board Post

Nancy Wilson, Route 1, has been selected to serve on the Ohio State Junior Fair Board as the girl 4-H club representative for two years.

Miss Wilson, daughter of Mr. and Mrs. Philip Wilson, will join with youth from 13 other organizations to aid in conducting the Ohio State Junior Fair in 1960 and 1961. Nancy is well acquainted with conducting county fair activities as she was a member for four years.

Nancy has just completed her ninth year as a 4-H club member in Pickaway County. During these years she has completed 18 4-H club projects in addition to serving in many leadership capacities. Nancy has held all the offices possible in her local clubs. In addition, Nancy has been secretary and treasurer of the County Leader Club, and secretary of the Pickaway County Junior Fair Board.

Being selected as a State Junior Fair Board member climaxes many achievements in 4-H club work for Miss Wilson. In previous years she attended National 4-H Club Congress as state citizenship winner, was a delegate to Ohio 4-H Club Congress, was one of two members to attend State Junior Leadership Camp, has been county winner in individual and team demonstrations, and was a 4-H camp counselor for four years.

* * *

MISS WILSON was high ranking student in her class at Pickaway High School where she was graduated in May. She was a member of the National Honor Society and

NANCY WILSON

has received high scores on several district and state scholarship tests. Miss Wilson was president of the school science club, editor of the yearbook and school paper, a cheerleader, school pianist, in class plays and many other school activities.

Miss Wilson has also participated in church and Grange activities in her community. Nancy was selected for this honor by the state awards committee based on her outstanding leadership and citizenship activities according to Clarence J. Cunningham, County Extension Agent, 4-H.

Salvation Army Helps 1,203 Persons in Need during Year

Circleville has facilities to assist travelers in need.

Among the most important is the Salvation Army, a Pickaway County Community Fund agency.

No aid is more thankfully accepted than that offered to a family or person away from home and loved ones. When you are "on the road" and run into difficulty, assistance generously offered means much.

Last year the Salvation Army stepped in to help 16 persons stranded in Circleville. The fund agency also gave away meals and food to 150 persons during the year.

In all, 1,203 persons were aided by the Salvation Army in Circleville last year.

* * *

THIS YEAR the vital aid agency is asking for $3,500 from the $30,000 Pickaway County Community Fund goal. That is 11.7 per cent of the total.

The Salvation Army certainly meets the requirements for qualifying as a PCCF agency. It operates in Pickaway County throughout the year and a majority of the

funds given the organization by the PCCF is used to assist persons in Pickaway County.

Here is a run down on Salvation Army activities last year:

Persons given food or meals, 150; stranded persons given overnight lodging, 16; transient men given shelter in the City Building, 122; given medical, optical or dental aid, 4;

Given new furniture, 25 families; a dozen families were given used furniture; given new clothing were 71 persons in 21 different families; a total of 441 persons were given used clothing; the SA furnished transportation for 49 persons in 17 families;

Groceries were furnished to 150 persons, and 30 persons were furnished gas for heating.

Some of the Salvation Army money is used to support the area, state and national program of the organization. The Columbus Men's Social Center of the Salvation Army last year furnished clothing and furniture to Pickaway Countians in need, when requested by the local SA unit.

Heading up the Salvation Army organization in Pickaway County is Roderick List, a Circleville police officer. Larry Priest is treasurer. Police Chief Elmer Merriman is the other officer.

* * *

ON THE BOARD of directors for the local unit are Wes Edstrom, Mrs. Dorothy R. Gerhardt, Mrs. Betty Jenkins, Mrs Clarence Radcliffe, Mrs. Mary England and Mrs. Eli Hedges.

In the county the function of the Salvation Army is to carry on a year-round program of service designed to meet the emergency and supplemental needs of individuals and families.

The Salvation Army is just one of five good reasons to support the Pickaway County Community Fund campaign, now in progress.

Dwight Beougher Named State Boy's 4-H Agriculture Champ

Dwight Beougher, Route 1, Laurelville, was selected this week as the Ohio winner of the 4-H Boy's Agricultural award. As top boy in this award, Dwight will receive a trip to National 4-H Club Congress in Chicago November 27 - December 4.

Dwight, son of Mr. and Mrs. Judson Beougher, just completed his 11th year in 4-H Club work in Pickaway County as a member of the Saltcreek Livestock Club. During these 11 years, Dwight has carried over 30 4-H projects consisting of dairy heifers, breeding ewes, market lambs, steers, tractor maintenance, forestry, entomology, and Junior Leadership.

At the recent county fair, Dwight climaxed his showing by having the champion ewe and champion pen-of-three market lambs as well as winning sheep showmanship.

Dwight was president of the Pickaway County Junior Fair Board in 1957 and 1958 and served again in 1959. He has held numerous officers in his local 4-H club and has been on several Junior Leadership committees.

Dwight was selected as county health winner in 1956. Dwight was second in the county tractor operators contest for two years, being beaten by one state winner and by

DWIGHT BEOUGHER

church, Sunday School, church another who placed second in the state. As the result of his outstanding leadership and project record, Beougher has been selected by the county awards committee to attend Ohio 4-H Club Congress and State 4-H Junior Leadership Camp in previous years.

Dwight is also active in the

(Continued on Page Two)

East, Gulf Coasts Face Ship Strike

NEW YORK (AP) — East and Gulf Coast shipping firms and longshoremen recessed another negotiating session today — still far from reaching a settlement to avert a crippling strike at midnight tonight.

Federal state and city mediators agreed there was no indication of a settlement before expiration of the current contract. The International Longshoremen's Assn. says no contract, no work.

A strike could tie up shipping and idle more than 81,000 longshoremen from Maine to Texas. Indirectly, it would throw many other workers off their jobs.

It would hamper the operators of passenger liners, but would not cut them off.

It would also cut off the trickle of steel coming to East and Gulf ports from aboard in the midst of a lengthening nationwide steel strike.

The ILA has said it would accept a three-year contract providing for a 50-cent-an-hour package increase, including wages and benefits.

The New York Shipping Assn., an employer group representing 170 steamship lines and stevedoring firms, has offered a 30-cent-an-hour increase, with 20 cents the first year and 5 cents in each of the next two years.

The 25,000 longshoremen in the port of New York earn an average of $107.76 weekly; the 56,700 who work in the other ports make an average of $2.80 an hour.

MARKETS

CIRCLEVILLE HOG MARKETS

Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

190-220 lbs., $13.75; 220-240 lbs., $13.60; 240-260 lbs., $12.85; 260-280 lbs., $12.35; 280-300 lbs., $11.85; 300-350 lbs., $10.85; 350-400 lbs., $10.35; 160-180 lbs., $13.35; 180-190 lbs., $12.35. Sows $11.50 down.

youth and Grange. In Grange work, he has been on state winning drill teams for three years. In high school he was in basketball, track, chorus, orchestra and class plays. Dwight was graduated from Saltcreek High School in 1958 and has just started his sophomore year at the Ohio State University College of Agriculture.

* * *

ADVISORS OF the Saltcreek Livestock Club are Judson Beougher, Francis Fraunfelter, Raymond Hedges, and Robert Collins.

Dwight will be attending the 1959 National 4-H Club Congress as the Ohio Boy's Agricultural winner, which award is sponsored by the International Harvester Company.

Each Ohio delegate at National Club Congress is representing approximately 2700 4-H Club members, according to Clarence J. Cunningham, County Extension Agent, 4-H.

Chrysler Plant Strike May Cut Output

DETROIT (AP)—A labor dispute at Chrysler Corp.'s new stamping plant in Twinsburg, Ohio, threatened today to cut drastically production of 1960 model cars while idling 45,000 employes in seven states.

The plant was struck Tuesday by 3,500 members of United Auto Workers Local 122.

John D. Leary, a Chrysler vice president, said Tuesday night that 25,000 employes, most of them in the Detroit area, will be sent home by tonight. He said an additional 20,000 will be given layoff notices by Friday night.

Leary said loss of essential body stamping production at the Twinsburg plant would affect workers at plants in Michigan, Ohio, Indiana, Missouri, California, Delaware and New York.

The Twinsburg plant produces body parts for virtually every Chrysler model.

The Twinburg plant has had 18 strikes since it was opened two years ago. Previous strikes were not authorized but the UAW said the latest strike was authorized by the international union.

In the current dispute, Twinsburg workers walked out Sept. 2 complaining about safety and working conditions. They went back to work after staying out briefly, but walked out again after the company fired 12 employes.

The international union ordered the strikers back to work and set a 12-day negotiating period. The membership of the local Sunday rejected a company proposal to put the 12 men who had been disciplined on suspension instead of firing them.

U.S. Ponders Increase in Russian Trade

No Great Flood Of Exchanges Seen Under Proposed Plan

WASHINGTON (AP) — U.S. officials are considering a series of possible measures to improve trade relations between the Soviet Union and the United States in the wake of the Eisennower-Khrushchev talks.

Soviet Premier Nikita Khrushchev said last week trade improvement could be considered one test of U.S. good will in promoting world peace.

Nevertheless officials believe that any large increase in the exchange of goods between the two countries is out of the question.

The reason given boils down to this: the United States does not need large volume of raw materials such as chrome and manganese which the U.S.S.R. would be able to sell, because it gets them from other sources. Nor will this country grant huge credits to Moscow to finance what it wants to buy here.

The Soviet Union is more interested in buying whole factories than it is in purchasing consumer goods or even materials of immediate strategic importance.

It wants factories which could be put into production of primarily consumer goods in the Soviet Union. It is particularly anxious to build up its chemical and plastics industries. It wants long-term credits to pay for them.

U.S. officials are thinking in much more limited terms.

Among developments under consideration is removal of embargoes on crab meat and a variety of furs which the Soviet Union has to sell.

There is also some talk among officials of narrowing the list of items which are prohibited for shipment to the Soviet Union.

Khrushchev was told last week by Eisenhower that the best way to get the U.S. to lift its trade barriers was for Russia to settle its lend-lease debt.

Undersecretary of State Douglas Dillon reported this today in reply to reporters' questions. He also said that Khrushchev registered strong objections during the Camp David talks to what the Premier considered discrimination against the Soviet Union in American trade policies.

Dillon said the only agreement reached was one to negotiate on a lend-lease settlement. This negotiation probably will be started in a month or two.

The United States has asked 800 million dollars in final settlement on Soviet obligations for wartime lend - lease aid which totaled around 2½ billion dollars.

The Soviet government, in prolonged negotiations begun soon after the end of World War II, offered 300 million dollars. Negotiations have been inactive for several years.

'Know America' Week Is Scheduled

WASHINGTON (AP)—President Eisenhower said today freedom is the most powerful force on earth and imposes on individuals "responsibilities commensurate with the rights and privileges it guarantees."

Eisenhower said this in a statement tied to "Know Your America Week," to be observed from Nov. 22 through Nov. 28.

Eisenhower said he understands the purpose of "Know Your America Week" is to "revitalize in every citizen a determination to study and apply the principles on which our nation was founded. Thus he can make certain that representative government shall continue to serve each one of us and advance the general welfare of all."

Homemade Bomb Hurts Pair, Ending Teenage Love Spat

COLUMBUS, Ohio (AP) — A homemade pop - bottle bomb, fashioned by a 17-year-old soldier, exploded Tuesday and critically injured the youth and his 16-year-old girl friend. The blast apparently climaxed a quarrel.

Investigators said it looked like planned homicide - suicide. The youth said it was an accident.

Hospitalized here are James Henson and Joyce Streets, both of Columbus. Henson suffered severe body injuries and lost his left hand. The girl's left arm was shattered and her face and body were hurt.

Sheriff's officers said the blast followed a "lover's spat" during which Henson told the girl "if things don't work out I'm going to blow us both up."

According to Sheriff's Sgt. Clyde Mann, Henson had picked up the Streets girl at her school and driven her to his home where they visited a while. Henson said he asked the girl to go out with him but she refused.

Earl Allison, Franklin County prosecutor, quoted the girl as saying she left the house and went out to the boy's car to get her school books. She said Henson followed her and apparently brought the bomb with him. It went off outside the car as Miss Streets reached inside.

The bomb was fashioned from a soda pop bottle, powder from about fifty .30 caliber rifle cartridges and an Army fuse lighter.

Deputies who searched Henson's car found lengths of string and parts of fuse lighters tied to both rear doors, indicating the youth earlier had booby-trapped his car.

While Henson said the contraption in his hand went off accidentally, investigators said it would have taken "some strength" to pull a cotter pin that ignited the fuse.

Henson was home on a one-week leave from Ft. Knox, Ky., pending transfer to Ft. Bragg, N. C., authorities said.

Senator Says Space Setup Is a 'Mess'

WASHINGTON (AP)—Sen. Stephen M. Young (D-Ohio) said today there is an "administrative mess" in the space and missile program. Unless the White House acts to clean it up, he added, Congress will tackle the job.

Young, a member of a subcommittee on governmental reorganization for space activities, said in a statement space efforts are being handicapped by what he called the administration's failure to develop a comprehensive, civilian-military program.

"If the administration during the past seven years had been less hysterically preoccupied with balancing the budget and more attentive to bolstering our defenses," Young said, "we would not be trailing behind the Soviet Union today in the vital field of space research."

Young said Congress voted generous appropriations for space research but the administration failed to coordinate the work of five groups active in this field.

Two Drivers Fined For Violations

Two traffic violation cases appeared on the Circleville Municipal Court docket list today. Both drivers were arrested by city police.

Robert Fausnaugh, 19, of 523 E. Union St., was fined $25 and costs for reckless operation of a motor vehicle. The court suspended $15 of the fine.

Edward W. Krantz, 56, Springfield, was fined $10 and costs for passing a stop sign.

Rail Stocks Spurt; Steel Talks Resume

NEW YORK (AP)—Rails spurted today on news that steel labor negotiations will resume. The stock market as a whole was irregular and trading was fairly active.

Gains among some of the carriers stretched to 1 or 2 points. For the list as a whole there was a mixture of gains and losses running from fractions to about a point.

Rails got a shot in the arm and continued their rally of Tuesday as news came from the White House that both sides will meet today in an effort to settle the 78-day steel strike which has robbed the railroads of big revenue in steel carloadings.

Meanwhile, steel shares drifted off and motors were mostly lower.

Northern Pacific rose about 2 and New York Central more than a point. Gains of around a point were scored by Nickel Plate, Seaboard, Illinois Central and Chesapeake & Ohio.

Chrysler, beset by new labor troubles, wiped out Tuesday's recovery of 1⅜. Ford and Studebaker-Packard dropped a fraction.

The Associated Press average of 60 stocks at noon was up 10 cents to $222.80 with the industrials down 90 cents, the rails up $1.60 and the utilities up 10 cents.

Government bonds were narrowly mixed.

Area Fire Department Takes Course

The members of the Kingston-Pickaway Fire Department are beginning an organized course of instruction to improve local fire protection.

A fire service training instructor has been obtained to give 30 clock hours of instruction to local firemen.

The state instructor will conduct weekly sessions for the department. Certificates will be awarded to the men who successfully complete the course of instruction.

The services of the instructor are made available by the Trade and Industrial Vocational Education Service of the State Department of Education as a part of the public service training program.

* * *

THE TRAINING is offered to improve fire protection and fire prevention in communities throughout the state.

The value of the training is recognized and recommended by the Division of State Fire Marshal, the Ohio Inspection Bureau, and representatives of state fire-fighting organizations.

The training will consist of instruction in fire fighting skills and technical information. Some of the typical units covered are: community, fire defense, fire pumps and care of apparatus, fire fighting appliances, use of hose and rope, gases and gas masks and fire fighting tactics.

Written instruction materials are made available to the instructor and to each fire fighter by the Division of Vocational Education. Kingston, Green Twp. and Pickaway Twp. are cooperating in the program.

Heidelberg Loan OKd

WASHINGTON (AP)—The community Facilities Administration announced today approval of a $550,000 loan to Heidelberg College, Tiffin, Ohio, to build housing and dining facilities.

can people are sick and tired of the apparent impasse.

But so far as public statements were concerned, the principal opponents showed no signs of shifting position or of confidently expecting quick results.

Asked whether he sees any hope of an agreement soon, McDonald said: "I wish I could say I were optimistic."

Blough's answer to the same question was: "I wish I knew the answer to that."

McDonald said, however, both sides could reach an agreement in an hour if they really put their heads to it. "It would only take us an hour if they really want an agreement," McDonald said. "We could do it all this afternoon."

Eisenhower, the conferees reported, made no mention of the Taft-Hartley law in his talks with both sides.

However, the magazine Iron Age said that invoking T-H is inevitable if the Eisenhower conference today fails to bring about an agreement.

Positions on both sides were irreconcilable after last week's breakup of negotiations, the national metalworking weekly said. The magazine saw the president's appeal for a settlement as an implication that he hoped to use his personal prestige to break the deadlock without invoking the T-H law.

But, Iron Age said, federal action now is more or less academic as far as steel supplies are concerned. Steel stocks are less than half what they were when the strike started, the magazine said, and even this is unbalanced by type, size and location.

Supplies include obsolete material, casting steel, age - hardened sheets and probably some unusable items, it said.

East, Gulf Coasts Face Ship Strike

NEW YORK (AP) — East and Gulf Coast shipping firms and longshoremen recessed another negotiating session today — still far from reaching a settlement to avert a crippling strike at midnight tonight.

Federal state and city mediators agreed there was no indication of a settlement before expiration of the current contract. The International Longshoremen's Assn. says no contract, no work.

A strike could tie up shipping and idle more than 81,000 longshoremen from Maine to Texas. Indirectly, it would throw many other workers off their jobs.

It would hamper the operators of passenger liners, but would not cut them off.

It would also cut off the trickle of steel coming to East and Gulf ports from aboard in the midst of a lengthening nationwide steel strike.

The ILA has said it would accept a three-year contract providing for a 50-cent-an-hour package increase, including wages and benefits.

The New York Shipping Assn., an employer group representing 170 steamship lines and stevedoring firms, has offered a 30-cent-an-hour increase, with 20 cents the first year and 5 cents in each of the next two years.

The 25,000 longshoremen in the port of New York earn an average of $107.76 weekly; the 56,700 who work in the other ports make an average of $2.80 an hour.

MARKETS

CIRCLEVILLE HOG MARKETS

Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

190-220 lbs., $13.75; 220-240 lbs., $13.60; 240-260 lbs., $12.85; 260-280 lbs., $12.35; 280-300 lbs., $11.85; 300-350 lbs., $10.85; 350-400 lbs., $10.35; 160-180 lbs., $13.35; 180-190 lbs., $12.35. Sows $11.50 down.

ADVISORS OF the Saltcreek Livestock Club are Judson Beoughter, Francis Fraunfelter, Raymond Hedges, and Robert Collins.

Dwight will be attending the 1959 National 4-H Club Congress as the Ohio Boy's Agricultural winner, which award is sponsored by the International Harvester Company.

Each Ohio delegate at National Club Congress is representing approximately 2700 4-H Club members, according to Clarence J. Cunningham, County Extension Agent, 4-H.

Chrysler Plant Strike May Cut Output

DETROIT (AP)—A labor dispute at Chrysler Corp.'s new stamping plant in Twinsburg, Ohio, threatened today to cut drastically production of 1960 model cars while idling 45,000 employes in seven states.

The plant was struck Tuesday by 3,500 members of United Auto Workers Local 122.

John D. Leary, a Chrysler vice president, said Tuesday night that 25,000 employes, most of them in the Detroit area, will be sent home by tonight. He said an additional 20,000 will be given layoff notices by Friday night.

Leary said loss of essential body stamping production at the Twinsburg plant would affect workers at plants in Michigan, Ohio, Indiana, Missouri, California, Delaware and New York.

The Twinsburg plant produces body parts for virtually every Chrysler model.

The Twinburg plant has had 18 strikes since it was opened two years ago. Previous strikes were not authorized but the UAW said the latest strike was authorized by the international union.

In the current dispute, Twinsburg workers walked out Sept. 2 complaining about safety and working conditions. They went back to work after staying out briefly, but walked out again after the company fired 12 employes.

The international union ordered the strikers back to work and set a 12-day negotiating period. The membership of the local Sunday rejected a company proposal to put the 12 men who had been disciplined on suspension instead of firing them.

U.S. Ponders Increase in Russian Trade

No Great Flood Of Exchanges Seen Under Proposed Plan

WASHINGTON (AP) — U.S. officials are considering a series of possible measures to improve trade relations between the Soviet Union and the United States in the wake of the Eisennower-Khrushchev talks.

Soviet Premier Nikita Khrushchev said last week trade improvement could be considered one test of U.S. good will in promoting world peace.

Nevertheless officials believe that any large increase in the exchange of goods between the two countries is out of the question.

The reason given boils down to this: the United States does not need large volume of raw materials such as chrome and manganese which the U.S.S.R. would be able to sell, because it gets them from other sources. Nor will this country grant huge credits to Moscow to finance what it wants to buy here.

The Soviet Union is more interested in buying whole factories than it is in purchasing consumer goods or even materials of immediate strategic importance.

It wants factories which could be put into production of primarily consumer goods in the Soviet Union. It is particularly anxious to build up its chemical and plastics industries. It wants long-term credits to pay for them.

U.S. officials are thinking in much more limited terms.

Among developments under consideration is removal of embargoes on crab meat and a variety of furs which the Soviet Union has to sell.

There is also some talk among officials of narrowing the list of items which are prohibited for shipment to the Soviet Union.

Khrushchev was told last week by Eisenhower that the best way to get the U.S. to lift its trade barriers was for Russia to settle its lend-lease debt.

Undersecretary of State Douglas Dillon reported this today in reply to reporters' questions. He also said that Khrushchev registered strong objections during the Camp David talks to what the Premier considered discrimination against the Soviet Union in American trade policies.

Dillon said the only agreement reached was one to negotiate on a lend-lease settlement. This negotiation probably will be started in a month or two.

The United States has asked 800 million dollars in final settlement on Soviet obligations for wartime lend - lease aid which totaled around 2½ billion dollars.

The Soviet government, in prolonged negotiations begun soon after the end of World War II, offered 300 million dollars. Negotiations have been inactive for several years.

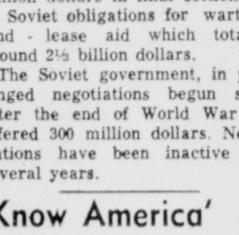

'Know America' Week Is Scheduled

WASHINGTON (AP)—President Eisenhower said today freedom is the most powerful force on earth and imposes on individuals "responsibilities commensurate with the rights and privileges it guarantees."

Eisenhower said this in a statement tied to "Know Your America Week," to be observed from Nov. 22 through Nov. 28.

Eisenhower said he understands the purpose of "Know Your America Week" is to "revitalize in every citizen a determination to study and apply the principles on which our nation was founded. Thus he can make certain that representative government shall continue to serve each one of us and advance the general welfare of all."

Homemade Bomb Hurts Pair, Ending Teenage Love Spat

COLUMBUS, Ohio (AP) — A homemade pop - bottle bomb, fashioned by a 17-year-old soldier, exploded Tuesday and critically injured the youth and his 16-year-old girl friend. The blast apparently climaxed a quarrel.

Investigators said it looked like planned homicide - suicide. The youth said it was an accident.

Hospitalized here are James Henson and Joyce Streets, both of Columbus. Henson suffered severe body injuries and lost his left hand. The girl's left arm was shattered and her face and body were hurt.

Sheriff's officers said the blast followed a "lover's spat" during which Henson told the girl "if things don't work out I'm going to blow us both up."

According to Sheriff's Sgt. Clyde Mann, Henson had picked up the Streets girl at her school and driven her to his home where they visited a while. Henson said he asked the girl to go out with him but she refused.

Earl Allison, Franklin County prosecutor, quoted the girl as saying she left the house and went out to the boy's car to get her school books. She said Henson followed her and apparently brought the bomb with him. It went off outside the car as Miss Streets reached inside.

The bomb was fashioned from a soda pop bottle, powder from about fifty .30 caliber rifle cartridges and an Army fuse lighter.

Deputies who searched Henson's car found lengths of string and parts of fuse lighters tied to both rear doors, indicating the youth earlier had booby-trapped his car.

While Henson said the contraption in his hand went off accidentally, investigators said it would have taken "some strength" to pull a cotter pin that ignited the fuse.

Henson was home on a one-week leave from Ft. Knox, Ky., pending transfer to Ft. Bragg, N. C., authorities said.

Senator Says Space Setup Is a 'Mess'

WASHINGTON (AP)—Sen. Stephen M. Young (D-Ohio) said today there is an "administrative mess" in the space and missile program. Unless the White House acts to clean it up, he added, Congress will tackle the job.

Young, a member of a subcommittee on governmental reorganization for space activities, said in a statement space efforts are being handicapped by what he called the administration's failure to develop a comprehensive, civilian-military program.

"If the administration during the past seven years had been less hysterically preoccupied with balancing the budget and more attentive to bolstering our defenses," Young said, "we would not be trailing behind the Soviet Union today in the vital field of space research."

Young said Congress voted generous appropriations for space research but the administration failed to coordinate the work of five groups active in this field.

Two Drivers Fined For Violations

Two traffic violation cases appeared on the Circleville Municipal Court docket list today. Both drivers were arrested by city police.

Robert Fausnaugh, 19, of 523 E. Union St., was fined $25 and costs for reckless operation of a motor vehicle. The court suspended $15 of the fine.

Edward W. Krantz, 56, Springfield, was fined $10 and costs for passing a stop sign.

Rail Stocks Spurt; Steel Talks Resume

NEW YORK (AP)—Rails spurted today on news that steel labor negotiations will resume. The stock market as a whole was irregular and trading was fairly active.

Gains among some of the carriers stretched to 1 or 2 points. For the list as a whole there was a mixture of gains and losses running from fractions to about a point.

Rails got a shot in the arm and continued their rally of Tuesday as news came from the White House that both sides will meet today in an effort to settle the 78-day steel strike which has robbed the railroads of big revenue in steel carloadings.

Meanwhile, steel shares drifted off and motors were mostly lower.

Northern Pacific rose about 2 and New York Central more than a point. Gains of around a point were scored by Nickel Plate, Seaboard, Illinois Central and Chesapeake & Ohio.

Chrysler, beset by new labor troubles, wiped out Tuesday's recovery of 1⅜. Ford and Studebaker-Packard dropped a fraction.

The Associated Press average of 60 stocks at noon was up 10 cents to $222.80 with the industrials down 90 cents, the rails up $1.60 and the utilities up 10 cents.

Government bonds were narrowly mixed.

Area Fire Department Takes Course

The members of the Kingston-Pickaway Fire Department are beginning an organized course of instruction to improve local fire protection.

A fire service training instructor has been obtained to give 30 clock hours of instruction to local firemen.

The state instructor will conduct weekly sessions for the department. Certificates will be awarded to the men who successfully complete the course of instruction.

The services of the instructor are made available by the Trade and Industrial Vocational Education Service of the State Department of Education as a part of the public service training program.

* * *

THE TRAINING is offered to improve fire protection and fire prevention in communities throughout the state.

The value of the training is recognized and recommended by the Division of State Fire Marshal, the Ohio Inspection Bureau, and representatives of state fire-fighting organizations.

The training will consist of instruction in fire fighting skills and technical information. Some of the typical units covered are: community, fire defense, fire pumps and care of apparatus, fire fighting appliances, use of hose and rope, gases and gas masks and fire fighting tactics.

Written instruction materials are made available to the instructor and to each fire fighter by the Division of Vocational Education. Kingston, Green Twp. and Pickaway Twp. are cooperating in the program.

Heidelberg Loan OKd

WASHINGTON (AP)—The community Facilities Administration announced today approval of a $550,000 loan to Heidelberg College, Tiffin, Ohio, to build housing and dining facilities.

President . . .

Peace with Consent of All

Nikita Khrushchev says the world needs frequent meetings between himself and President Eisenhower — once or twice a year — to promote international peace. He made a gesture toward bringing other heads of government into the conference but regarded the two-man meetings as the decisive ones.

This is clearly the Russian's thinking about international understandings. The United States and the Soviet Union have the power. The simplest way is for the two to get together and use their power to regulate world affairs.

The Kremlin can, of course, speak for its satellites with the possible exception of Red China. They can be talked or clubbed into accepting whatever Moscow decides. But if America wanted to have it, this nation possesses no such dominance over its allies.

They have accepted the leadership of the United States because of the superiority of our resources but are free at any time to propose or take actions other than those proposed by U. S. Leadership.

Periodic Washington - Moscow conferences between the heads of the two governments might do more harm than good. America has no desire to engage in a plot with the Soviet Union to divide the world between them. Besides, that would be playing the communist game.

The free world goal is to win a peace that has the consent of all our allies.

Posterity -- a Shock to Man

By Hal Boyle

NEW YORK (AP) — Every minor's parent has a major problem.

Parenthood is so sudden — at least from the father's viewpoint.

One moment life is just a wild, wild shared sniff of the rosebud or lilac bush, a whisper together in summer under a tawny moon. So it is to him.

Then—bingo!. A husband is a father. There is posterity. This is what comes from marriage.

It is bad enough when the nurse calls you ... a hospital window and points at a bundle of blob and says, "You belong to it!"

The blob grows older—in public—and squirms. It is yours and you cannot ask for a new deal.

You try to be blase about it. It haunts you like a bright shadow. You know you have to feed it, but every time you feed it, it gets even bigger.

By the time you get used to calling it by its first name, it quits crawling and starts lolly-gagging around the place on its own two feet as if it owned the place.

Then it goes to nursery school, and when you ask it what you're getting for your money it sucks its thumb, which it did before it went to nursery school.

Next it goes to kindergarten and is the class of the crowd. If you just say "Hello" to it, well it it starts declaiming:

"The little toy dog is covered with dust

"But sturdy and staunch it stands."

Until now it—your offspring—is only going by memory. Then you send it to the first grade. That is the big mistake.

A child starts going to first grade at midnight before the opening day. It dreams nightmares. At dawn it is like a tiger. You cannot hold it back.

The second day and every day after that it is like a pretzel. It has to be bent into its pants, its sweater and each shoe, one after the other.

Meanwhile, the thing claims it has learned to read.

"The cat saw the rat," it leers.

"And the dog saw the cat."

Then it hands you a copy of "War and Peace" by Tolstoi and demands, "Tell me the rest of the story."

Triumphantly it lolls back in your arms like so much melted butter, as you try to stuff it into its clothing so that it can face new victories in the first grade.

And it has to get there on time, though all else in the world end. This is the desperate major problem of a parent of a minor in our time.

"The cat saw the rat," it leers again. "And the dog saw the cat."

The echoing bus bears it away. And it's on a round trip.

Impact of Khrushchev Visit

By George Sokolsky

The visit of Khrushchev to the United States is important and sensational only because the United States and Soviet Russia were on the brink of the most devastating war in human history. Both nations do not want a war. Both nations are afraid of the consequences of war. Neither nation has a formula for preventing a war from taking place.

It is obvious that Nikita Khrushchev not only had no understanding of the United States and the peculiarities of the American way of life, but that he underestimated American strength and the unique system of government that is ours which does not make a distinction between government and people. Perhaps even in the short period that he has been in this country, he has come to have a better appreciation of what the United States is. Certainly Henry Cabot Lodge, whom Khrushchev calls "Capitalist," must have done an excellent job of clarification during the long periods of time that they spent together.

On the other hand, on the brink of a war which Americans do not want and which most Americans believed Khrushchev did want, American relationships with Soviet Russia were not rational. We either blow too hot or too cold. We try to convert the Russians to what we call democracy and which they regard as monopolistic capitalism. Having failed in the Cold War, many Americans came to believe that we could win the Russian people to the American side by a display of consumers' goods, which is historically incorrect.

We need to ask ourselves why Khrushchev chose this particular moment to cut the Gordian knot. Actually, he has been begging for an invitation to come to this country since he acceded to power. The invitation was not forthcoming for many good and bad reasons. Before the Nixon visit to Moscow, the decision was made to invite him. In fact, it could not have been otherwise after the visits of Mikoyan and Kozlov; the insult would have been too pointed.

One of the results of the visit will undoubtedly be that many conferences will take place before there is a war. Khrushchev is apparently a man of volatile nature, but his anger subsides. War would destroy not only his regime but the Soviet Universal State of which he is the trustee. He prefers conferences and waiting on history. That can take a very long time and many changes may occur while he is waiting.

At the United Nations, he made his plea for Red China. It was a mild plea and will undoubtedly be so regarded in Peking. There was not a word of threat. The subsequent attempt of India and Nepal to reopen the Red China question was defeated and the subject is closed for this year.

To a Chinese, Khrushchev lost face at the United Nations. He, one of the mightiest rulers in all the world, personally plead for Red China's admission and was turned down. To Mao Tze-tung, Khrushchev's trip was fruitless. However, Red China is not yet ready to raise the question of a boundary line that has at no time in history been settled, the line between China and Russia that runs for thousands of miles. Red China has raised the issue of the boundary between China and India and that can unsettle the whole of Asia if pursued. If the Chien Lung line holds to the south and west, why not to the north? And in the north, it lies deep in Russian territory.

Chinese are usually suspicious and they have a history of prolonged suspicion of Russia, both Czarist and Communist. Even Sun Yat-sen, the founder of the Republic of China, was fearful of dealing with the Russians. He tried to get American aid for his revolution; when that failed he turned to General Ludendorff and hoped to get German aid.

Lenin invited Dr. Sun to come to Russia but Sun did not go. Nevertheless, Russian power prevailed. Today, Red China is part of the Soviet Universal State, but not of Soviet Russia. The difference is enormous.

The suspicion of Russia is bound to be enhanced by Khrushchev's travelling back and forth between the United States and Soviet Russia, as apparently he hopes to do. Mao Tze-tung has never been to the United States. He does not understand the American people at all. He may even not understand the Russians since Stalin died.

TOP MOVIE DRAWS — Doris Day and Rock Hudson are shown in Hollywood, Calif., after they were voted America's top movie stars for the second straight year. Motion picture exhibitors, representing 17,000 theaters in U. S., Canada and Europe, voted in poll conducted by The Exhibitor, a film trade publication.

Ohio University Signs Up 7,717

ATHENS, Ohio (AP)—Fall term enrollment at Ohio University stands at 7,717, President John C. Baker told a student convocation today. That is an increase of about 5 per cent above last fall's 7,347.

In addition to the on-campus total, there are 2,622 students enrolled at the university's six branches at Lancaster, Chillicothe, Zanesville, Portsmouth, Ironton and Martins Ferry. Last fall's total was 2,354.

Dr. Baker commented that if new buildings are provided he expects the university's on-campus enrollment to reach 10,000 by 1965.

"I didn't get a raise, but he's going to move my desk closer to hers."

Be Sure to Cook All Pork

By Herman N. Bundesen, M.D.

Although millions of Americans have been infected with trichinosis at one time or another, the disease seldom gets much publicity.

I have written a few columns about it in the past, but I'll bet most of you don't even know what it is.

Trichinosis is a painful and sometimes fatal disease caused by eating raw or uncooked meat, usually pork. It isn't the meat itself which causes the trouble, but a small round worm known medically as Trichinella spiralis.

These worms enter the digestive tract in tiny capsules which are dissolved in the stomach. The larvae are released into the intestines and in about two days become mature.

The female Trichinella spiralis produce several hundred young larvae that find their way into the blood stream. They are then carried into the muscles where they grow rapidly, eventually calcify and die.

The symptoms usually begin with gastro-intestinal disturbances followed by severe pain in the muscles. The acute phase lasts anywhere from one to two weeks. Fortunately, most victims recover.

Hogs contract the disease by eating infected raw pork scraps. If the animals are fed entirely on grain, of course, they do not develop trichinosis.

Not all persons who eat infected meat develop the serious variety of the illness. Just how much it will affect a person, depends upon how much of the infected portion is eaten and the person's own resistance to the disease.

As I said, we don't hear too much about trichinosis here in America, but in other parts of the world, particularly in Germany, there have been several outbreaks. This probably is due to the German custom of eating raw or partially cooked pork, especially in sausage.

The simplest way to avoid trichinosis is to cook all pork thoroughly. This means that each portion of the meat must reach a temperature of 150 degrees Fahrenheit.

Pork roasts, for example, should be kept at 375 degrees Fahrenheit for at least 35 to 40 minutes per pound of meat. Steaks and pork chops should be cooked by braising for 45 minutes to an hour.

As for frozen pork, we generally consider it safe if it has been kept at 5 degrees Fahrenheit for 21 days or 22 degrees below zero for 24 hours.

Question and Answer

October, from 7:30 a.m. to 5 p.m.

The World Today

By James Marlow

WASHINGTON (AP) — The world's No. 1 foxy grandpa is Nikita Khrushchev.

He dreamed up a crisis and then, at no cost to him, got one thing after another he wanted. President Eisenhower's news conference Monday added the latest chapter to the Soviet chief's saga of success.

Take it step by step and see how he did it.

For a long time he talked of the need for relaxing the cold war so he could build up the Soviet Union at home. He said one way to do it would be at a summit conference with President Eisenhower and the leaders of Britain and France.

Particularly he wanted to talk with Eisenhower. The President wouldn't agree. Secretary of State John Foster Dulles was calling the shots on American foreign policy then.

Then suddenly last November Khrushchev out of nowhere created a crisis over West Berlin. Everything that has happened since can be traced back to that beginning.

He demanded that the Allies get their troops out of West Berlin where they had been stationed since World War II. He wanted Berlin made a free city. He picked a tender spot.

West Berlin has always been in a precarious position, so far as the West's ability to help it and defend it goes. Its ties are with West Germany but it is 110 miles inside Communist East Germany.

Its supplies from West Germany have to move by train and truck through East Germany, which means they could be pinched off any time the Soviets, who control the supply routes, wanted to prevent their getting through.

The Allies were given six months—or until May 27—to get their troops out. The Soviets said if by that time the Allies hadn't agreed to a reasonable settlement, control of the supply routes would be turned over to the East Germans.

They could—but of course they wouldn't without the Soviet go-ahead—shut them off. If the Allies tried to bully their way through, the Soviet Union would then help the East Germans. The result might be war.

Yet Khrushchev blandly announced he wasn't threatening the West. He called for a summit conference to settle things. Meanwhile Dulles, dying with cancer, began to fade from the picture.

Eisenhower wouldn't go for the summit meeting. He hardly could, since the West considered the six-month deadline a threat. To accede to a summit conference under such terms would look like submitting to blackmail.

Khrushchev kept saying there was no threat. He even said the deadline could be extended well beyond May 27. The West argued before there is a summit meeting, let's have a foreign ministers meeting.

Khrushchev insisted only a summit meeting could settle anything but he let the ministers meet.

Eisenhower said there would have to be some sign of progress at the ministers' meeting before he would agree to go to a summit get-together. The foreign ministers got nowhere.

What worried the West was this: Once it was plain the ministers were stalled, no one could tell whether Khrushchev might crack down on Berlin. He proposed he and Eisenhower exchange visits.

Eisenhower agreed, even though the ministers had made no progress and Khrushchev had made no concessions. So long as Khrushchev was here, of course, there would be no showdown on Berlin. And talks with him might even avoid one.

So Khrushchev had won a round. He and Eisenhower met. And Monday the President indicated there could now be a summit meeting. Since Eisenhower had balked at such an idea unless there was some sign of progress with the U.S.S.R., what had happened? Nothing very tangible and nothing very visible.

Eisenhower informed his news conference that Khrushchev told him he had never made a threat about Berlin. But that is exactly what Khrushchev had been saying for months. So that was hardly new.

Eisenhower said there could be negotiations on Berlin and that he and Khrushchev agreed they would not be unduly prolonged. But Khrushchev had previously said any deadline on Berlin could be extended.

So, while Eisenhower might think Khrushchev had made a concession, the Soviet Union could argue he hadn't. What seems to have happened was that when the two men met they agreed to start dealing with each other on good faith.

That may not seem spectacular. It's a wispy, thin kind of thing which will have to be proved by deeds. But it seems to be the most tangible result of the meeting.

Yet it's better than the vacuum which exised before. Relations between the U.S.S.R. and the United States seem a little more relaxed. They may get better. If they do, it's foxy Khrushchev who brought it about.

You're Telling Me!

By WILLIAM RITT
Central Press Writer

Turkey was served to Khrushchev at the White House. He would have preferred West Germany.

Soviet reporters covering the Khrushchev visit wrote that he was received with warmth by the American people. Even with heat by some.

The Soviet reporters wrote "the streets of Washington are packed with people." A great spontaneous demonstration and lunch hour.

Soviet newspapers aren't too accurate. They almost deified Stalin till Khrushchev told them it was a mistake.

"Everywhere smiles and raised arms," said Russian newspapers. It looked more like the crowd was trying to keep a wake.

Radio Moscow broadcast that "plain people think" the Khrushchev "visit will lead to the liquidation of the cold war and its consequences." Plain and simple people, that is.

Radio Moscow also said the feeling was one of holiday mood for Khrushchev. Well, it must be admitted a lot of man-hours are being lost.

The World Today

By James Marlow

WASHINGTON (AP) — The world's No. 1 foxy grandpa is Nikita Khrushchev.

He dreamed up a crisis and then, at no cost to him, got one thing after another he wanted. President Eisenhower's news conference Monday added the latest chapter to the Soviet chief's saga of success.

Take it step by step and see how he did it.

For a long time he talked of the need for relaxing the cold war so he could build up the Soviet Union at home. He said one way to do it would be at a summit conference with President Eisenhower and the leaders of Britain and France.

Particularly he wanted to talk with Eisenhower. The President wouldn't agree. Secretary of State John Foster Dulles was calling the shots on American foreign policy then.

Then suddenly last November Khrushchev out of nowhere created a crisis over West Berlin. Everything that has happened since can be traced back to that beginning.

He demanded that the Allies get their troops out of West Berlin where they had been stationed since World War II. He wanted Berlin made a free city. He picked a tender spot.

West Berlin has always been in a precarious position, so far as the West's ability to help it and defend it goes. Its ties are with West Germany but it is 110 miles inside Communist East Germany.

Its supplies from West Germany have to move by train and truck through East Germany, which means they could be pinched off any time the Soviets, who control the supply routes, wanted to prevent their getting through.

The Allies were given six months—or until May 27—to get their troops out. The Soviets said if by that time the Allies hadn't agreed to a reasonable settlement, control of the supply routes would be turned over to the East Germans.

They could—but of course they wouldn't without the Soviet go-ahead—shut them off. If the Allies tried to bully their way through, the Soviet Union would then help the East Germans. The result might be war.

Yet Khrushchev blandly announced he wasn't threatening the West. He called for a summit conference to settle things. Meanwhile Dulles, dying with cancer, began to fade from the picture.

Eisenhower wouldn't go for the summit meeting. He hardly could, since the West considered the six-month deadline a threat. To accede to a summit conference under such terms would look like submitting to blackmail.

Khrushchev kept saying there was no threat. He even said the deadline could be extended well beyond May 27. The West argued before there is a summit meeting, let's have a foreign ministers meeting.

Khrushchev insisted only a summit meeting could settle anything but he let the ministers meet.

Eisenhower said there would have to be some sign of progress at the ministers' meeting before he would agree to go to a summit get-together. The foreign ministers got nowhere.

What worried the West was this: Once it was plain the ministers were stalled, no one could tell whether Khrushchev might crack down on Berlin. He proposed he and Eisenhower exchange visits.

Eisenhower agreed, even though the ministers had made no progress and Khrushchev had made no concessions. So long as Khrushchev was here, of course, there would be no showdown on Berlin. And talks with him might even avoid one.

So Khrushchev had won a round. He and Eisenhower met. And Monday the President indicated there could now be a summit meeting. Since Eisenhower had balked at such an idea unless there was some sign of progress with the U.S.S.R., what had happened? Nothing very tangible and nothing very visible.

Eisenhower informed his news conference that Khrushchev told him he had never made a threat about Berlin. But that is exactly what Khrushchev had been saying for months. So that was hardly new.

Eisenhower said there could be negotiations on Berlin and that he and Khrushchev agreed they would not be unduly prolonged. But Khrushchev had previously said any deadline on Berlin could be extended.

So, while Eisenhower might think Khrushchev had made a concession, the Soviet Union could argue he hadn't. What seems to have happened was that when the two men met they agreed to start dealing with each other on good faith.

That may not seem spectacular. It's a wispy, thin kind of thing which will have to be proved by deeds. But it seems to be the most tangible result of the meeting.

Yet it's better than the vacuum which exised before. Relations between the U.S.S.R. and the United States seem a little more relaxed. They may get better. If they do, it's foxy Khrushchev who brought it about.

You're Telling Me!

By WILLIAM RITT
Central Press Writer

Turkey was served to Khrushchev at the White House. He would have preferred West Germany.

Soviet reporters covering the Khrushchev visit wrote that he was received with warmth by the American people. Even with heat by some.

The Soviet reporters wrote "the streets of Washington are packed with people." A great spontaneous demonstration and lunch hour.

Soviet newspapers aren't too accurate. They almost deified Stalin till Khrushchev told them it was a mistake.

"Everywhere smiles and raised arms," said Russian newspapers. It looked more like the crowd was trying to keep a wake.

Radio Moscow broadcast that "plain people think" the Khrushchev "visit will lead to the liquidation of the cold war and its consequences." Plain and simple people, that is.

Radio Moscow also said the feeling was one of holiday mood for Khrushchev. Well, it must be admitted a lot of man-hours are being lost.

YOU CAN VOTE
for
A NATIONAL FLOWER

The Florist Telegraph Delivery Association Is Conducting A National Flower Election
October 1 - 31

Any man, woman or child can cast a ballot, age is no factor. A ballot offering twenty flower candidates is furnished and the voter must personally place his ballot in the ballot box. If the voter wishes to vote for a flower other than those listed, space is provided for write-ins.

BALLOTS WILL BE TABULATED AT DETROIT, THE HEADQUARTERS OF F.T.D. AND THE RESULTS WILL BE FORWARDED TO THE UNITED STATES CONGRESS WHEN IT CONVENES IN JANUARY OF 1960.

You Can Cast Your Ballot
at Brehmer Greenhouses any week day during
October, from 7:30 a.m. to 5 p.m.

Westfall Needs $1,395,000 To Build New High School

Westfall School District executive head, Judson Lanman, today explained the two-fold financial need of the district for the construction of a new consolidated high school and current operating levy.

He said finances are needed to purchase the high school site, improve the site and build and equip the proposed new high school. This will take a 3.97 mill levy.

The levy is based on the district's evaluation of $22,606,800, an amortization period of 23 years and the selling of the bonds at an interest rate of 4 per cent.

The breakdown on the building is as follows: construction of high school, 76,000 square feet at $14 per foot, $1,064,000; equipment for high school, $164,000;

* * *

SITE, $27,625; site improvement, $13,375; water system, $8,000; storm water system, $6,000; sewage system, $20,000; contingencies, $14,000, and fees, $76,000, for a total of $1,395,000.

Lanman continued, "The second financial need is a current operating levy of 3.6 mills. This levy is needed even without the new high school. As with other costs, school costs have also risen in the past few years.

The help from the State Foundation Program for the district has gradually diminished. By action of the last State Legislature, Westfall will receive $19,000 less in 1960 than for 1959.

"The State Foundation Program furnished the following aid to the district: 1957 — $174,000; 1958 — $175,000; 1959 — $146,000, and in 1960 there is anticipated $127,000.

Since 1958 then, there is a loss of $48,000 in State Aid. This is equal to over 2 mills on the local tax evaluation.

* * *

"TO OFFSET THIS loss of revenue, plus rising costs of maintenance, educational supplies, textbooks, fuel, busses and salaries a new tax levy of 3.6 mills is needed.

"Some of the schools in the district are faced with over crowded conditions. At Williamsport two new classrooms and two teachers were added in 1958.

"In 1959, both Darby and Williamsport had one more additional classroom and teacher added. Both buildings are over capacity now.

"It is difficult to foresee exactly what enrollment conditions will exist twenty years from now, but, the trend indicates that more and more students will be enrolling in the grades.

"This means more classrooms, more teachers, more educational supplies, more textbooks and more maintenance. The lower grades are forcing the use of more high school rooms in the district.

"At one time, the state furnished approximately 43 per cent of current operating money while in 1960 only about 20 per cent will be provided at Westfall district.

"At one time, the state furnished 100 per cent of the purchase money for school busses. Now only 32 per cent is furnished this district.

* * *

"THE DISTRICT also is faced with the problem of competing with neighboring districts on teachers' salaries. A new teacher, of course, will accept a higher paying job in a nearby county or city if offered her. The district must compete also in holding the good teacher.

"The value of property is certainly increased by the presence of a good school system.

"The new levy would run for five years and would amount to 36 cents per year on each $100 evaluation. Based on the present evaluation, the levy would bring in $81,000 per year.

"Voters should remember that any money spent on local property taxes is a direct deduction from his federal income tax. That money stays right in his own community and he can see what he is getting."

BUSTED—A Tennessee state trooper examines interior of a Greyhound bus which slammed into a utility pole near Nashville. Of 20 persons aboard, one was killed, 15 were injured.

Twins Lead One Life Unto Death

DUNKERQUE, France (AP) — Jean and Yves Delavance were twin brothers who led one life.

"You never saw one without the other," said a Dunkerque merchant who knew the family well. "Mrs. Delavance wanted them always to share their life. It was like she was raising one son instead of two."

The twins were born 39 years ago. They went to school together, played games together and were inseparable. They even managed to stay in the same work camp in Germany during World War II.

When they returned to Dunkerque, their parents were dead. The brothers reopened the small family grocery store. Their identical gray sweaters and trousers became a familiar sight in the channel town. Their neighbors called them "the quiet men."

Their relationship was almost broken five years ago when Yves fell in love with a girl from Boulogne. But he did not marry her.

"To have real happiness my brother and I ought to marry twin sisters," Yves said. "We are still children in need of each other. I will not marry because I do not want to leave my brother."

Two weeks ago Yves fell ill and was taken to a hospital. He died there a few days later. His grief-stricken brother was at his bedside holding his hand.

On the day of the funeral, Jean entered the hospital. Doctors could find nothing organically wrong with him, but a week later he died.

"It's very strange, but apparently he could not live without his brother. I guess you would have to say he died of sorrow," said the doctor.

Its a Date

PHILADELPHIA, (AP) — Volunteer firemen, planning a fund-raising affair, put up this sign on their firehouse in a community just outside Philadelphia:

"You Come To Our Dance and We'll Come To Your Fire."

GOOD NEWS FROM MR. K.—Mr. and Mrs. Paulius Leonas, Lithuanian refugees, feel jubilant in the wake of Soviet Premier Nikita Khrushchev's visit to Des Moines, Ia. The Chicago couple literally fought their way to Khrushchev's presence to ask him to let their children, Thomas, 17, and Regina, 20, come to the U. S. from Russia. Hearing their story, Khrushchev nodded and turned to Soviet Foreign Minister Andrei Gromyko and said, "Take care of this."

"I'll call you back on my own phone—"

There are some things a fellow needs privacy for. That's when a phone of his own is a boy's best friend! Mom and Dad appreciate that extra phone, too. Additional phones are so inexpensive. Get a handsome additional phone in the color of your choice.

MRS. FRANK RICHARDSON MOORE

Miss Morgan, Dr. Moore Exchange Vows

First Methodist Church was the scene for the wedding of Miss Marsha Lynn Morgan and Dr. Frank Richardson Moore. The Rev. Paul Wachs officiated at the double ring ceremony at 3:30 p. m. Saturday, September 19.

Miss Morgan is the daughter of Mrs. George E. Gerhardt, 119 N. Washington St., and C. K. Morgan, Phoenix, Ariz.

Miss Lois Ann Wittich provided a half hour of pre-nuptial music at the organ. Ralph Amey was vocalist.

Vases and baskets of white gladioli, astors and chrysanthemums backed with vases of palms and four-seven branch candelabra adorned the altar.

The bride was given in marriage by her grandfather, James Pierce. Her gown was fashioned from bouquet taffeta and re-embroidered Aloncen lace. The princess line bodice featured a tucked round neckline and long sleeves which tapered to tiny points over her hands.

The bouffant skirt terminated into a chapel train and was worn over an old fashioned hoop. Her fingertip veil of sheer imported illusion was caught to a bow trimmed bandeau of matching silk enhanced with lace and pearls.

She carried a white Fugi mum cascade bouquet centered with a white orchid. Her only jewelry was pearl earrings, gift of the groom.

Mrs. William Boston was matron of honor. Misses Mary Beth Morgan, sister of the bride, and Nancy Ankrom were bridesmaids. Junior bridesmaids were Misses Ann Perdion and Lynn Wilson.

The bridal attendants wore ballerina length dresses of peau satin. The matron of honor wore an emerald green dress and the bridesmaids were dressed in burnt gold.

The fitted bodice was designed with a large Bertha collar, trimmed with a self rose and the full skirt styled with unpressed pleats. They wore bow trimmed bandeaux of satin strew in matching shades of green and gold.

The matron of honor carried a bouquet of bronze Fugi chrysanthemums accented with croton foliage and fall multi-colored ribbon. The bridesmaids carried a bouquet of green Fugi chrysanthemums.

Janice Perdion, cousin of the bride was flower girl. Her dress was in emerald green. She carried a basket of straw and fall flowers.

Capt. Theo Moore, Washington D. C., the groom's brother, was best man. Alvin Perdion, Dr. Henry Swope, Charles Kirkpatrick and Allan Wyllie were ushers.

The bride's mother was attired in a muted shade of green velvet with autumn haze accessories. Her corsage was of bronze pomps centered with a yellow cymbidium.

The reception was held at the Pickaway Country Club. The table was centered with a five-tier wedding cake. Hostesses were Mrs. Howard Rhoads Jr., Mrs. Lowell Rader, Mrs. Alvin Perdion, Mrs. Allan Wyllie and Mrs. Charles Kirkpatrick.

For their wedding trip to New York City, the bride wore a brown tweed wool dress with black accessories and mink stole. She wore the orchid from her bridal bouquet.

Following the wedding trip the couple will reside at 470 N. Court St.

Mrs. Moore is a graduate of Circleville High School and Anson Brown School for Technicians, Columbus. Dr. Moore is a graduate of Duke University, Durham, N. C.

Out-of-town guests were from Indianapolis, Ind., Washington D. C., Findlay, Cincinnati, Columbus, Hillsboro, Jackson, Johnstown and Chillicothe.

Wiener Roast And Hayride Held at Neffs

A hayride and wiener roast were staged Sunday evening by members of the Child Culture League and their families at the home of Mr. and Mrs. George Neff, Route 2.

Those present were Mr. and Mrs. Robert Barnes, Bruce, Jimmy and Marsh, Mr. and Mrs. Marshall Winner, Wayne, Joe and David and Mr. and Mrs. Roland Reinhard, Darrel and Dale.

Mr. and Mrs. Emmet Evans and Tommy and Eddie, Mr. and Mrs. Leo Morgan, Larry and Chris, Mr. and Mrs. Clark Martin, Jack and Dean, Mrs. Paul Matz and Melissa and Mrs. Leo Black, Patty, Allen and Gary.

Mr. and Mrs. Jim Wolford, Bruce, Nancy and Janet, Mr. and Mrs. John Jenkins, Joanie and Janie, Mr. and Mrs. John Woods, Debbie and Amy and Mr. and Mrs. Harold Moffitt and Bonnie.

Mr. and Mrs. Pete Cook and son, Bruce, Mr. and Mrs. Lee Berry, Donna and Diana, Mr. and Mrs. James Trimmer and Linda and Mr. and Mrs. George Neff and sons.

Patricia Hott, Mr. Drummond Engagement Announced

Mr. and Mrs. J. Earl Hott, Route 3, today announce the engagement of their daughter, Patricia Joanne, to Robert Lee Drummond, son of Mr. and Mrs. Miley A. Drummond, Orient.

Miss Hott is a graduate of Scioto Twp. High School and Dr. Anson L. Brown School of Technicians, Columbus. She is employed as a laboratory medical technician at Dr. Anson L. Brown Inc.

Mr. Drummond is a graduate of Darby High School. He has just completed six months active duty with the Army and presently is engaged in farming.

No definite date has been set for the wedding.

Westminster Class To Meet at Smiths

Members of the Westminster Bible Class of the Presbyterian Church will meet at 7:30 p. m. Tuesday, in the home of Mrs. Charles Smith, 408 E. Main St.

Honored at Stork Shower

Blue and pink carried out the color scheme for the stork shower honoring Mrs. Donald Gaines Friday evening. The shower was held in the home of her mother, Mrs. John Lockard, 146 W. High St.

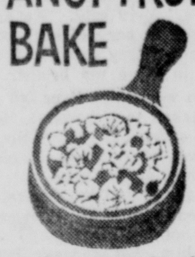

Games were played and prizes awarded to Miss Lois Anne Walters and Mrs. Robert Hempker. Mrs. Howard Allison won the door prize.

Those attending were Mrs. Woodrow Eccard, Mrs. Howard Allison, Mrs. Fred Metzler, Mrs. Mary Lanman, Mrs. Dora Hunt, Mrs. Robert Hempker and Mrs. Alice Sensenbrenner.

Mrs. Earl Willis and Rosemary, Mrs. Donald Adams, Mrs. Marvin Johnson, Misse Patricia McCain, Evelyn Jackson, Joyce Lockard, Mary Walters and Lois Anne Walters.

Gifts were sent by Mrs. William Thornton, Mrs. L. S. Metzler and daughter, Mrs. Dorsey Bosworth, Mrs. Farrie Lemaster, Mrs. James Binkley, Mrs. Walter Griffith, Mrs. Charles Smith and Mrs. Wilna Warner.

MRS. FRANK RICHARDSON MOORE

Miss Morgan, Dr. Moore Exchange Vows

First Methodist Church was the scene for the wedding of Miss Marsha Lynn Morgan and Dr. Frank Richardson Moore. The Rev. Paul Wachs officiated at the double ring ceremony at 3:30 p. m. Saturday, September 19.

Miss Morgan is the daughter of Mrs. George E. Gerhardt, 119 N. Washington St., and C. K. Morgan, Phoenix, Ariz.

Miss Lois Ann Wittich provided a half hour of pre-nuptial music at the organ. Ralph Amey was vocalist.

Vases and baskets of white gladioli, astors and chrysanthemums backed with vases of palms and four-seven branch candelabra adorned the altar.

The bride was given in marriage by her grandfather, James Pierce. Her gown was fashioned from bouquet taffeta and re-embroidered Aloncen lace. The princess line bodice featured a tucked round neckline and long sleeves which tapered to tiny points over her hands.

The bouffant skirt terminated into a chapel train and was worn over an old fashioned hoop. Her fingertip veil of sheer imported illusion was caught to a bow trimmed bandeau of matching silk enhanced with lace and pearls.

She carried a white Fugi mum cascade bouquet centered with a white orchid. Her only jewelry was pearl earrings, gift of the groom.

Mrs. William Boston was matron of honor. Misses Mary Beth Morgan, sister of the bride, and Nancy Ankrom were bridesmaids. Junior bridesmaids were Misses Ann Perdion and Lynn Wilson.

The bridal attendants wore ballerina length dresses of peau satin. The matron of honor wore an emerald green dress and the bridesmaids were dressed in burnt gold.

The fitted bodice was designed with a large Bertha collar, trimmed with a self rose and the full skirt styled with unpressed pleats. They wore bow trimmed bandeaux of satin strew in matching shades of green and gold.

The matron of honor carried a bouquet of bronze Fugi chrysanthemums accented with croton foliage and fall multi-colored ribbon. The bridesmaids carried a bouquet of green Fugi chrysanthemums.

Janice Perdion, cousin of the bride was flower girl. Her dress was in emerald green. She carried a basket of straw and fall flowers.

Capt. Theo Moore, Washington D. C., the groom's brother, was best man. Alvin Perdion, Dr. Henry Swope, Charles Kirkpatrick and Allan Wyllie were ushers.

The bride's mother was attired in a muted shade of green velvet with autumn haze accessories. Her corsage was of bronze pomps centered with a yellow cymbidium.

The reception was held at the Pickaway Country Club. The table was centered with a five-tier wedding cake. Hostesses were Mrs. Howard Rhoads Jr., Mrs. Lowell Rader, Mrs. Alvin Perdion, Mrs. Allan Wyllie and Mrs. Charles Kirkpatrick.

For their wedding trip to New York City, the bride wore a brown tweed wool dress with black accessories and mink stole. She wore the orchid from her bridal bouquet.

Following the wedding trip the couple will reside at 470 N. Court St.

Mrs. Moore is a graduate of Circleville High School and Anson Brown School for Technicians, Columbus. Dr. Moore is a graduate of Duke University, Durham, N. C.

Out-of-town guests were from Indianapolis, Ind., Washington D. C., Findlay, Cincinnati, Columbus, Hillsboro, Jackson, Johnstown and Chillicothe.

Wiener Roast And Hayride Held at Neffs

A hayride and wiener roast were staged Sunday evening by members of the Child Culture League and their families at the home of Mr. and Mrs. George Neff, Route 2.

Those present were Mr. and Mrs. Robert Barnes, Bruce, Jimmy and Marsh, Mr. and Mrs. Marshall Winner, Wayne, Joe and David and Mr. and Mrs. Roland Reinhard, Darrel and Dale.

Mr. and Mrs. Emmet Evans and Tommy and Eddie, Mr. and Mrs. Leo Morgan, Larry and Chris, Mr. and Mrs. Clark Martin, Jack and Dean, Mrs. Paul Matz and Melissa and Mrs. Leo Black, Patty, Allen and Gary.

Mr. and Mrs. Jim Wolford, Bruce, Nancy and Janet, Mr. and Mrs. John Jenkins, Joanie and Janie, Mr. and Mrs. John Woods, Debbie and Amy and Mr. and Mrs. Harold Moffitt and Bonnie.

Mr. and Mrs. Pete Cook and son, Bruce, Mr. and Mrs. Lee Berry, Donna and Diana, Mr. and Mrs. James Trimmer and Linda and Mr. and Mrs. George Neff and sons.

Patricia Hott, Mr. Drummond Engagement Announced

Mr. and Mrs. J. Earl Hott, Route 3, today announce the engagement of their daughter, Patricia Joanne, to Robert Lee Drummond, son of Mr. and Mrs. Miley A. Drummond, Orient.

Miss Hott is a graduate of Scioto Twp. High School and Dr. Anson L. Brown School of Technicians, Columbus. She is employed as a laboratory medical technician at Dr. Anson L. Brown Inc.

Mr. Drummond is a graduate of Darby High School. He has just completed six months active duty with the Army and presently is engaged in farming.

No definite date has been set for the wedding.

Westminster Class To Meet at Smiths

Members of the Westminster Bible Class of the Presbyterian Church will meet at 7:30 p. m. Tuesday, in the home of Mrs. Charles Smith, 408 E. Main St.

Honored at Stork Shower

Blue and pink carried out the color scheme for the stork shower honoring Mrs. Donald Gaines Friday evening. The shower was held in the home of her mother, Mrs. John Lockard, 146 W. High St.

Games were played and prizes awarded to Miss Lois Anne Walters and Mrs. Robert Hempker. Mrs. Howard Allison won the door prize.

Those attending were Mrs. Woodrow Eccard, Mrs. Howard Allison, Mrs. Fred Metzler, Mrs. Mary Lanman, Mrs. Dora Hunt, Mrs. Robert Hempker and Mrs. Alice Sensenbrenner.

Mrs. Earl Willis and Rosemary, Mrs. Donald Adams, Mrs. Marvin Johnson, Misse Patricia McCain, Evelyn Jackson, Joyce Lockard, Mary Walters and Lois Anne Walters.

Gifts were sent by Mrs. William Thornton, Mrs. L. S. Metzler and daughter, Mrs. Dorsey Bosworth, Mrs. Farrie Lemaster, Mrs. James Binkley, Mrs. Walter Griffith, Mrs. Charles Smith and Mrs. Wilna Warner.

WHAT DOCTORS SAY ABOUT:

DRY ICE WARNING

● Pinworms

Q. Does dry ice give off any sort of harmful gas? I use it to air condition my car on hot days.

A. Carrying dry ice in a car is potentially dangerous. Dry ice is solid carbon dioxide. When dry ice "melts" it is converted to the gaseous form. Carbon dioxide is odorless and it takes very little to cause unconsciousness. A doctor recently reported a case where two people were overcome by carbon dioxide while driving in a car with the windows closed. On the back seat authorities found what was left of 100 pounds of dry ice. All dealers in dry ice should be alerted to this danger and should warn customers to provide adequate ventilation when dry ice is carried in the trunk or rear of the car.

Q. My children have pinworms and I have tried everything without success. Would you please discuss this subject?—A desperate reader.

A. There are several very effective drugs which physicians use in treating pinworm infestation. However, just taking medicine isn't enough. Measures must be employed to prevent reinfection. The following suggestions might be kept in mind for all members of the family. Trim fingernails short and scrub hands after toilet and before meals. Clean and air linens and beddings daily. Use separate wash cloths and towels for face and body. Boil washable toys. Vacuum bedrooms and give shower bath or stand-up bath daily. Children or adults with pinworms should, of course, be under a doctor's care.

Like "Sterling" on silverware, our name on prescribed medicine is a hallmark of quality guaranteeing the product it identifies. Bring your next prescription to us with every assurance you will receive the finest professional service.

Questions directed to Science Editors, P.O. Box 396, Madison Sq. Sta., N. Y. 10, N. Y. will be incorporated in these columns when possible.

U.S. Red Snipes At Cold War Aides

NEW YORK (AP)—The American Communist party's national secretary says Nikita Khrushchev's visit here started a thaw in the cold war, but that powerful groups in Washington want to keep things frozen up.

The Communist leader, Eugene Dennis, made the comment Monday on the Soviet Premier's visit to the United States.

Said Dennis in a statement:

"The American people realize that there are powerful, sinister circles within our country—within the administration, the State Department and the Pentagon, and within both the Republican and Democratic parties—who still cling tenaciously to monopoly's bankrupt 'positions of strength' policy, and who want to prevent the agreements reached at Camp David from bearing fruit."

Lights Go Out

SEDALIA, Mo. (AP) — Frank Butler, 54, of Salisbury, Mo., paid a $25 fine on a careless and reckless driving charge after his car smashed into a utility pole. He explained his girl friend leaned over and gave him a "blinding" kiss.

ANOTHER MALL TEST—This is the new temporary shopping mall in downtown Middletown, O. No traffic except legpower. If it proves out in 30-day test, it will be permanent.

Erie Plugs Hard for Merger With Lackawanna Railroad

BUFFALO, N. Y. (AP)—General counsel of the Erie Railroad described the proposed merger of the Erie and the Delaware, Lackawanna & Western Railroad today as "a forward step in the development and preservation of a good system of railroad transportation."

M. C. Smith Jr., of Cleveland, in an opening statement at an Interstate Commerce Commission hearing on the plan, said evidence would show the merger meets the test of public interest.

The Erie-Lackawanna Railroad Co., as it would be known under the merger, would be the nation's 12th largest railroad.

At least seven other railroads were represented at the hearing. The Wabash and the Lehigh Valley asked leave to intervene in opposition; the New Haven Railroad and the Nickel Plate in conditional opposition. Others were expected only to seek preservation of current freight rates involving the Erie and the Lackawanna.

The new road would have assets of about 737 million dollars and provide service with 700 diesel locomotives, 33,000 freight cars and 1,200 passenger cars. It would have 3,200 miles of right-of-way with Hoboken and Jersey City, N. J., on the east and Chicago on the west.

The proposal was filed with the federal agency July 1. Overwhelming approval by stockholders of both railroads at a special meeting in New York City last week was voiced. However, dissenting Lackawanna stockholders objected to several merger terms, including division of stock.

Each Erie stockholder would receive 1¼ share in the new company for each share of Erie. Lackawanna stockholders would receive one-for-one.

Company officials estimate savings would reach 13 million dollars a year in five years.

Total employment on the two roads presently is 22,000.

Over the past six years, the combined net income of the two roads has averaged $7,666,000.

Westfall Sets Grade Plan

If the 3.97 mill bond issue for the construction of a consolidated high school in the Westfall School District is approved November 3, the district will use a first through eighth grade elementary structure, with grades 9—12 in a single building.

This statement was made today by members of the Westfall Board of Education after investigating different school structures in regards to consolidation.

If the new high school is built and opened, all secondary pupils, in grades nine through 12, will attend the high school site.

The present schools, which house all 12 grades, will revert to grade school buildings, housing grades one through eight.

The board at one time investigated the possibility of establishing a junior high for grades seven through nine, but decided against this procedure.

Young Army of Solicitors Preparing For Pickaway Community Fund Calls

A young army of volunteer workers is preparing this week for the residential solicitation for the Pickaway County Community Fund next week.

The residential drive is being conducted by 146 women all over the city. Heading up the residential division is Mrs. Walter Heine with Mrs. L. S. Mader Jr. as vice chairman.

Included in the residential division is the Advance Gifts section, headed this year by Mrs. Frank J. Bennett, 318 S. Court St., and Mrs. Howard White, 587 N. Court St.

Training sessions for residential captains and solicitors are under way. One was at 1:30 p. m. yesterday, another was to be at 10 a. m. today and a third is slated for 8 p. m. tomorrow in the home of Mrs. Karl Mason, 302 Watt St.

Two division heads are in charge of the city. Mrs. Robert Adkins is handling the area north of Main St. and Mrs. John O'Hara is in charge of the area south of Main St.

Here are the solicitors who will call on their neighbors next week:

NORTH OF MAIN

North 1—Captain, Mrs. Warren Baker, Mrs. Manley Smith, Mrs. Warren Baker, Mrs. Ralph Dunkle, Mrs. Blenn Stevenson, Mrs. Frank Marion, Mrs. Arthur Thompson, Mrs. David Winks, Mrs. Don Mason.

North 2—Captain, Mrs. Richard Wilson; Mrs. Richard Wilson, Mrs. William Lyons, Mrs. Mac Young, Mrs. John Cockrell, Miss Agnes Jester, Mrs. Ed Ebert, Mrs. Bob Walker, Mrs. Robin Jones, Mrs. Emerson Spicer.

North 3—Captain, Mrs. Richard Valentine; Mrs. William Imler, Mrs. Lindsay Hill, Mrs. M. D. Lorentz, Mrs. Charles Haynes, Mrs. Herbert Southward, Miss Sandra Gibbs, Mrs. Larry Barnett, Mrs. Lewis Cook, Jr.

North 4—Captain, Mrs. D. E. Hickey; Mrs. George Fuhrman, Mrs. Robert Hutzelman, Mrs. William Goodchild, Mrs. Luther Bower, Mrs. Donald D. Hannahs, Mrs. Roscoe Warren, Mrs. Lou Foreman, Mrs. P. C. Routzahn, Mrs. F. O. Patrick, Mrs. Richard Funk, Mrs. Harold Hott, Mrs. J. O. Eagleson, Mrs. Charles G. Smith.

North 5 — Captain, Mrs. Howard White, Mrs. George Barnes, Mrs. Charles Schneider, Mrs. Bertha Bockert, Mrs. Joe Bell, Mrs. Charles Strupper.

North 6—Captain, Mrs. Harold Whitmore, Mrs. Malcolm Lawrence, Mrs. B. B. Deffenbaugh, Mrs. Albert Lovett, Mrs. William Sprout, Mrs. Philip Hines, Mrs. J. Hiram Hatcher, Mrs. David Cherrington, Mrs. Hazel Mowery, Mrs. C. David Fullen, Mrs. Victor Rogers, Mrs. Maynard Slack, Mrs. James Wilson, Mrs. Jack McGuire, Mrs. Robert Bower, Mrs. Montford Kirkwood, Mrs. Edward Dumm, Mrs. Joseph C. Timberlake, Mrs. Jack Gray.

North 7—Captain, Mrs. Don Vogel, Mrs. James Taylor, Mrs. Ray Nicholson, Mrs. Douglas Cotterman, Mrs. Edwin Eaton, Mrs. Robert Holt, Mrs. Albert Jackson, Mrs. Kirk Cupp.

* * *

SOUTH OF MAIN

South 1—Mrs. Richard Binkley, Captain, Miss Alice Ada May, Mrs. Walter Gilmore, Mrs. William Huber, Mrs. Blanche Smallwood, Mrs. Stanley Spring, Mrs. Nell Renick, Mrs. Alvin Perdion.

South 2—Mrs. William Weldon, Captain, Mrs. Evelyn Hafey, Mrs. David Yates, Mrs. Ned Griner, Mrs. Arthur Johnson, Mrs. Gladden Troutman, Mrs. Phil Smith, Mrs. Elwood Lewis, Mrs. Dwight Wilson, Mrs. Dwight Steele, Miss Doris Schreiner, Mrs. Donald Mitchell, Mrs. David Orr.

South 3—Mrs. Roy Parmer, Captain, Mrs. Alice Sensenbrenner, Mrs. Samuel Cook, Miss Mary Jacobs, Miss Joyce Allen, Mrs. Wallace Peters, Mrs. John Jenkins, Miss Connie Parmer, Miss Cherly Jenkins, Mrs. Kenneth Fosnaugh, Mrs. Otto Guenther, Mr. Guy Stockman, Mrs. Donald Goeller, Mrs. Donald Valentine, Mrs. Richard Crawford.

South 4—Mrs. Wilbur Greenlee, Captain, Mrs. Clydus Leist, Miss Etta Myers, Mrs. William Hulse, Miss Edith Minor, Mrs. Myrtle Guess, Karen Greenlee, Mrs. George Porter.

South 5—Mrs. Charles Carle, Captain, Mrs. Earl Price, Mrs. Julius Seevers, Mrs. Lee Smith, Mrs. Emmit Dade, Mrs. George Johnson, Mrs. Guy Jacobs, Mrs. Bill Reed, Mrs. Elmer Valentine, Mrs. Russell Jones, Mrs. Kenneth Weaver, Mrs. Grace Hill, Mrs. Eugene Siniff.

South 6—Mrs. William Arledge, Mrs. Russell Adams, Mrs. Doris Siniff, Mrs. George Fowler.

South 7—Mrs. Geneva Woodward, Captain, Mrs. Eli Hedges, Mrs. Loveless, Mrs. Paul Smith, Mrs. Lawrence Thornton, Mrs. Richard Robbins, Mrs. William Starkey, Mrs. Neff.

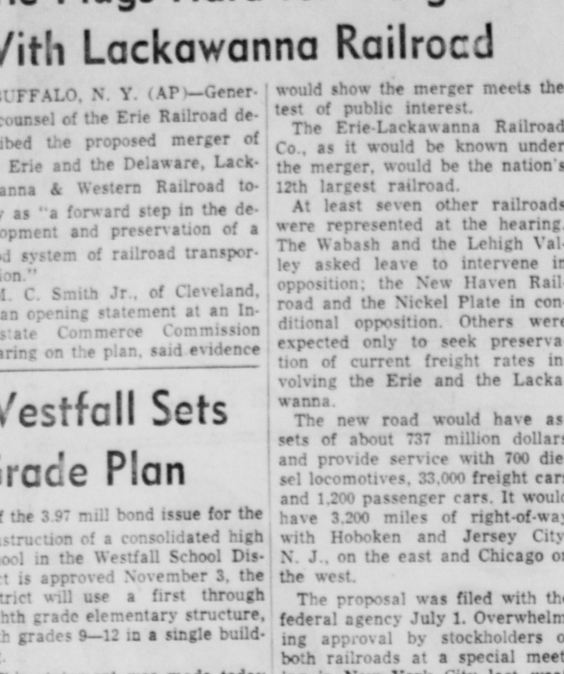

Horse Thief Basin, now a park about 90 miles outside Phoenix, Ariz., got its name from the fact that once it was a hideout for horse thieves and other shady characters.

Erie Plugs Hard for Merger With Lackawanna Railroad

BUFFALO, N. Y. (AP)—General counsel of the Erie Railroad described the proposed merger of the Erie and the Delaware, Lackawanna & Western Railroad today as "a forward step in the development and preservation of a good system of railroad transportation."

M. C. Smith Jr., of Cleveland, in an opening statement at an Interstate Commerce Commission hearing on the plan, said evidence would show the merger meets the test of public interest.

The Erie-Lackawanna Railroad Co., as it would be known under the merger, would be the nation's 12th largest railroad.

At least seven other railroads were represented at the hearing. The Wabash and the Lehigh Valley asked leave to intervene in opposition; the New Haven Railroad and the Nickel Plate in conditional opposition. Others were expected only to seek preservation of current freight rates involving the Erie and the Lackawanna.

The new road would have assets of about 737 million dollars and provide service with 700 diesel locomotives, 33,000 freight cars and 1,200 passenger cars. It would have 3,200 miles of right-of-way with Hoboken and Jersey City, N. J., on the east and Chicago on the west.

The proposal was filed with the federal agency July 1. Overwhelming approval by stockholders of both railroads at a special meeting in New York City last week was voiced. However, dissenting Lackawanna stockholders objected to several merger terms, including division of stock.

Each Erie stockholder would receive 1¼ share in the new company for each share of Erie. Lackawanna stockholders would receive one-for-one.

Company officials estimate savings would reach 13 million dollars a year in five years.

Total employment on the two roads presently is 22,000.

Over the past six years, the combined net income of the two roads has averaged $7,666,000.

Westfall Sets Grade Plan

If the 3.97 mill bond issue for the construction of a consolidated high school in the Westfall School District is approved November 3, the district will use a first through eighth grade elementary structure, with grades 9—12 in a single building.

This statement was made today by members of the Westfall Board of Education after investigating different school structures in regards to consolidation.

If the new high school is built and opened, all secondary pupils, in grades nine through 12, will attend the high school site.

The present schools, which house all 12 grades, will revert to grade school buildings, housing grades one through eight.

The board at one time investigated the possibility of establishing a junior high for grades seven through nine, but decided against this procedure.

Young Army of Solicitors Preparing For Pickaway Community Fund Calls

A young army of volunteer workers is preparing this week for the residential solicitation for the Pickaway County Community Fund next week.

The residential drive is being conducted by 146 women all over the city. Heading up the residential division is Mrs. Walter Heine with Mrs. L. S. Mader Jr. as vice chairman.

Included in the residential division is the Advance Gifts section, headed this year by Mrs. Frank J. Bennett, 318 S. Court St., and Mrs. Howard White, 587 N. Court St.

Training sessions for residential captains and solicitors are under way. One was at 1:30 p. m. yesterday, another was to be at 10 a. m. today and a third is slated for 8 p. m. tomorrow in the home of Mrs. Karl Mason, 302 Watt St.

Two division heads are in charge of the city. Mrs. Robert Adkins is handling the area north of Main St. and Mrs. John O'Hara is in charge of the area south of Main St.

DENIES CHARGES—British actor Edmund Purdom chats with two women on the Isle of Capri, Italy. Earlier, Purdom went to the police and signed a statement labeling as false charges made by his estranged wife against him and another woman for insult and assault.

Adult Scouts Plan Dinner

Tickets are now available for the Scouters' Recognition Dinner, formerly known as the Scouters' Convention, to be held at 6:30 p. m. October 6 in the Youth Building on the Ohio State Fairgrounds, Columbus.

Guest speaker will be Dr. Perle L. Whitehead, one of Scoutings best humorist and speaker. Included in the after dinner program will be the Silver Beaver Service, Life Saving Presentation, Scouter Recognitions and Woodbadge Presentations.

Any adult scouter is invited to attend, no matter what position he holds in Scouting. Wives also are invited.

Those interested in attending are urged to make reservations with Pickaway District Boy Scout Chairman, County Probate and Juvenile Judge Guy G. Cline.

An attendance trophy is awarded each year to the district with the most number of scouters present. Pickaway District has won the trophy for the last three years.

Additional Social Security Protection Set for Farmers

"Starting in October, farm operators and their families will have additional protection under the social security program," E. H. Biedonholz, manager of the Chillicothe social security office, stated today.

For persons, whose only social security credits have been from farm self-employment, Oct. 1, 1959, will be the first time they will have sufficient coverage to meet the disability work requirements. To qualify for disability freeze and disability insurance benefits a person must have 20 quarters of coverage in the 40-quarter period before becoming totally disabled.

To meet this requirement, a farm operator with no other employment must have paid the social security self-employment tax every year since 1955. In addition, he must have sufficient income this year to again pay the tax in 1960 based on his 1959 income.

"Many farmers," Biedenholz continued, "did not take advantage of the self-employment provisions of the law which permits a farmer to report under the optional method to obtain social security coverage." As a result, some farmers cannot meet the work requirement of the law at this time.

Because of this fact, it is important that farmers should know the option they can choose at income tax time. A farm operator with a net profit from his farm of $400 or more, is required to file a tax return and pay the self-employment social security tax. If, however, his profit is less than $400 and his gross is between $600 and $1,800, he may report two-thirds of his gross and pay the tax for social security coverage. If his gross is $1,800, and his net is less than $1,200, he may pay social security tax on $1,200.

* * *

FOR A FARMER who is 50 years of age or older, who meets the work requirements as of Oct. 1, 1959, and who is disabled under the social security law, the first month he can receive payment will be April, 1960. In addition, payments at that time may be made to his dependents; unmarried child under age 18; his wife under age 62 with an eligible child in her care, or to his wife age 62 or over.

Biedonholz urged all disabled farmers to contact their social security office for a full explanation of the requirements to establish a disability under the social security law. The Chillicothe social security office is located at 32 W. Main St.

Ford Plans To Build 2nd Economy Car

DETROIT (AP)—Henry Ford II today confirmed plans to build a second economy car to be called the Comet and to be sold by Mercury dealers starting next spring.

Ford spoke at a national meeting of Mercury-Edsel-Lincoln dealers in connection with a preview of 1960 models.

Ford Division of Ford Motor Co. will introduce the company's first economy car, the Falcon, in Ford dealerships Oct. 8.

In describing the Comet, Ford called it a car with "family-size roominess and outstanding economy, together with the most graceful and elegant styling."

He predicted it would be the "aristocrat of the economy cars."

No details of the car were made public. However, this much is known about prototypes which have been tested both as the "Mercury B" and the "Edsel B":

The prototypes generally have a 114-inch wheelbase—4½ inches longer than the Falcon—and an overall length of about 196 inches, 15 inches more than the Falcon.

Engines have been the same, or similar to the Falcon six-cylinder power plant which develops 90 horsepower.

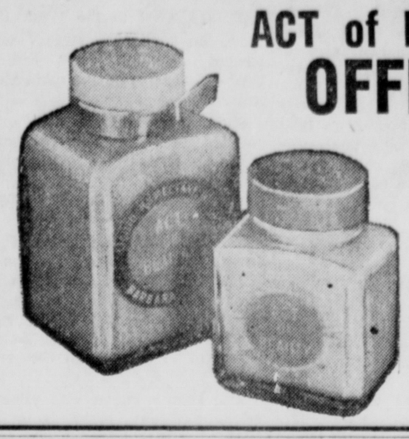

An Ohio report earlier in the week said the Comet will be assembled at the Ford plant at Lorain, Ohio, where the Falcon is now in production.

NOT MUCH LEFT—A rural couple forage through the debris that once was their home in Grovespring, Mo. A tornado leveled the place along with many other homes in the Ozarks.

You can make any room a "SHOW-OFF"

New Dean & Barry Kuverite satin enamel is better 6 ways

You can even make "show-off" rooms out of kitchen and bath. No more problem rooms. For Kuverite satin is the new home decorating discovery that combines the "show-off" beauty of a "flat paint" and the unmatched washability of the finest enamel. It lasts for years on walls and woodwork because Dean & Barry makes it with a new alkyd resin base. Call your painter-decorator. Or easily do a Kuverite satin "show-off" room yourself. Start by coming in for your free color card today.

DENIES CHARGES—British actor Edmund Purdom chats with two women on the Isle of Capri, Italy. Earlier, Purdom went to the police and signed a statement labeling as false charges made by his estranged wife against him and another woman for insult and assault.

Adult Scouts Plan Dinner

Tickets are now available for the Scouters' Recognition Dinner, formerly known as the Scouters' Convention, to be held at 6:30 p. m. October 6 in the Youth Building on the Ohio State Fairgrounds, Columbus.

Guest speaker will be Dr. Perle L. Whitehead, one of Scoutings best humorist and speaker. Included in the after dinner program will be the Silver Beaver Service, Life Saving Presentation, Scouter Recognitions and Woodbadge Presentations.

Any adult scouter is invited to attend, no matter what position he holds in Scouting. Wives also are invited.

Those interested in attending are urged to make reservations with Pickaway District Boy Scout Chairman, County Probate and Juvenile Judge Guy G. Cline.

An attendance trophy is awarded each year to the district with the most number of scouters present. Pickaway District has won the trophy for the last three years.

Additional Social Security Protection Set for Farmers

"Starting in October, farm operators and their families will have additional protection under the social security program," E. H. Biedonholz, manager of the Chillicothe social security office, stated today.

For persons, whose only social security credits have been from farm self-employment, Oct. 1, 1959, will be the first time they will have sufficient coverage to meet the disability work requirements. To qualify for disability freeze and disability insurance benefits a person must have 20 quarters of coverage in the 40-quarter period before becoming totally disabled.

To meet this requirement, a farm operator with no other employment must have paid the social security self-employment tax every year since 1955. In addition, he must have sufficient income this year to again pay the tax in 1960 based on his 1959 income.

"Many farmers," Biedenholz continued, "did not take advantage of the self-employment provisions of the law which permits a farmer to report under the optional method to obtain social security coverage." As a result, some farmers cannot meet the work requirement of the law at this time.

Because of this fact, it is important that farmers should know the option they can choose at income tax time. A farm operator with a net profit from his farm of $400 or more, is required to file a tax return and pay the self-employment social security tax. If, however, his profit is less than $400 and his gross is between $600 and $1,800, he may report two-thirds of his gross and pay the tax for social security coverage. If his gross is $1,800, and his net is less than $1,200, he may pay social security tax on $1,200.

* * *

FOR A FARMER who is 50 years of age or older, who meets the work requirements as of Oct. 1, 1959, and who is disabled under the social security law, the first month he can receive payment will be April, 1960. In addition, payments at that time may be made to his dependents; unmarried child under age 18; his wife under age 62 with an eligible child in her care, or to his wife age 62 or over.

Biedonholz urged all disabled farmers to contact their social security office for a full explanation of the requirements to establish a disability under the social security law. The Chillicothe social security office is located at 32 W. Main St.

Ford Plans To Build 2nd Economy Car

DETROIT (AP)—Henry Ford II today confirmed plans to build a second economy car to be called the Comet and to be sold by Mercury dealers starting next spring.

Ford spoke at a national meeting of Mercury-Edsel-Lincoln dealers in connection with a preview of 1960 models.

Ford Division of Ford Motor Co. will introduce the company's first economy car, the Falcon, in Ford dealerships Oct. 8.

In describing the Comet, Ford called it a car with "family-size roominess and outstanding economy, together with the most graceful and elegant styling."

He predicted it would be the "aristocrat of the economy cars."

No details of the car were made public. However, this much is known about prototypes which have been tested both as the "Mercury B" and the "Edsel B":

The prototypes generally have a 114-inch wheelbase—4½ inches longer than the Falcon—and an overall length of about 196 inches, 15 inches more than the Falcon.

Engines have been the same, or similar to the Falcon six-cylinder power plant which develops 90 horsepower.

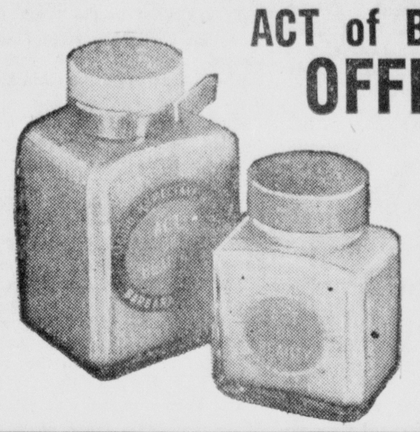

An Ohio report earlier in the week said the Comet will be assembled at the Ford plant at Lorain, Ohio, where the Falcon is now in production.

NOT MUCH LEFT—A rural couple forage through the debris that once was their home in Grovespring, Mo. A tornado leveled the place along with many other homes in the Ozarks.

Circleville Has Competition In Staging Big Pumpkin Show

Circleville, noted for its famous Pumpkin Show, has some outside competition when it comes to staging the annual fall classic.

Versailles, Ind., a city of about 1,200 people located 60 miles northwest of Cincinnati, also stages the traditional show. A first hand report on the Indiana town's pumpkin festival was made by Mr. and Mrs. Noble Barr, 160 Town St.

Mr. and Mrs. Barr made the trip to Indiana last week to take in the show. Barr is a lieutenant with the local fire department.

The Barrs said the Indiana show is conducted on a much smaller basis than the extravaganza here. They said the festival lasted three days, Thursday, Friday and Saturday.

* * *

ACCORDING to the local fireman, the Versailles streets were packed with spectators just as they are here come Pumpkin Show time.

Barr said exhibits are quite smaller than the ones presented here. He said about 20 pumpkins and 15 squash were on display. Largest pumpkin in the exhibit weighed 146 pounds, he said.

Mr. and Mrs. Barr arrived at Versailles on Thursday, in time to witness the pet judging which included fish, ducks, ponies, dogs, cats and other animals. They said one big parade is held, on Saturday night to feature all the winners.

The beauty queen was selected on Saturday night from a field of nine entries. Each entrant received a wrist watch.

A main event of the Versailles show is a street dance held on Friday night. A band out of Cincinnati provided the music and many spectators enjoyed the fun, the Barrs said.

Barr said the Hoosier State show is similar in most respects to the local street fair. He said rides and amusements dot the streets and various farm products are on display.

* * *

ACCORDING to a premium book, the Versailles show is sponsored by the Lions Club there. This year marked the 57th Anniversary of the event.

The premium book noted that the first show was held in 1899. It consisted of two wagon loads of pumpkins, thus getting its start much the same way the show did here. In 1936 a group of Versailles business and professional men banded together to form the "Versailles Pumpkin Show, Inc.".

Pumpkin Show fever will strike this area on October 21 and last until October 24. Chances are some Versailles citizens will be on hand to witness the spectacle here.

State Seeks More Bidders, Saves

COLUMBUS, Ohio (AP)—Using telephone directories to find new bidders for purchases, the Division of Purchases and Printing has effected savings of at least one million dollars since Jan. 12, Gov. Michael V. DiSalle said Monday.

DiSalle released a report from George R. Dick, state purchasing agent, detailing some of the savings.

Dick said his office used telephone directories to add to the list of possible bidders for items.

"It has resulted in development of substantial savings to the state," Dick said. "An estimate would place a saving on 80 per cent of the orders when compared to the prior purchase price estimates submitted by the institutions."

Second Man Arrested For Rape of Girl, 14

RAVENNA, Ohio (AP)—Robert J. Krenek, 30, of Aurora, was arrested Tuesday on a charge of statutory rape of a 14-year-old Aurora girl more than two months ago. The same girl was the alleged victim in another rape case last Saturday night. James Bullock, 32, arrested in his Bedford home early Sunday has pleaded innocent of raping the girl, baby sitting in an Aurora home Saturday night. He is held under $15,000 bond.

TALKING DAIRY — R. C. Palm, right, manager of the Pickaway Dairy Co-op here, is shown talking dairy problems with two experts. At left is Ralph Porterfield, Ohio State University, and Glenn Boger, center, is president and general manager of the Lehigh Valley Cooperative Farmers Dairy, Allentown, Pa. The photo was taken while Palm and Porterfield were on a tour of eastern dairy facilities, sponsored by the Ohio Farm Bureau.

Applications for NROTC Plan Available at High School

Applications to become members of the Regular Naval Reserve Officers Training Corps are available at Circleville High School.

Navy Recruiter Charles J. Marlowe, Lithographer 1-c, will be available here to give further information on the program. He visits the Circleville Postoffice on Thursdays from 12-2:30 p. m.

Vice Admiral H. P. Smith, Chief of Naval Personnel, announced that the 14th annual competitive examinations for the Regular Naval Reserve Officers Training Corps will be given to eligible high school seniors and graduates on December 12. Application forms must be received before November 14.

Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to earn a regular commission while studying at the civilian college of his choice which has an NROTC unit. All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of $600 for four years.

* * *

DURING THE summer the student goes on interesting training cruises as a midshipman. After completing the usual four year college course, he is commissioned in the Regular Navy or Marine Corps and goes on active duty as a prospective career officer with the Navy's far-flung fleets.

For those who apply and qualify, immediate assignment to flight training will open new careers in naval aviation.

High school seniors and graduates who have reached the 17th anniversary of birth and have not reached the 21st anniversary of birth on July 1, 1960, may apply for the NROTC aptitude test. Those who make a qualifying score will be given a rigid physical exam early in 1960. From the pool of qualified young men remaining in competition, approximately 1600 will be selected to begin their naval careers next September.

The NROTC college training program also is open to enlisted men on active duty with the Navy and Marines. Separate quotas are established for applicants within these services.

Application forms also are available at colleges, Navy Recruiting Stations or from the Chief of Naval Personnel, Department of the Navy, Washington 25, D. C.

Sheriff Arrives In Arizona

Sheriff Charles H. Radcliff has arrived in Flagstaff, Ariz. on his mission to pick up a man charged with participating in an armed robbery here.

The sheriff arrived in Flagstaff at 4:30 p. m. yesterday. He is slated to pick up Thomas M. Cartwright, 34, formerly of Washington C. H. The accused was apprehended in Arizona, by the Federal Bureau of Investigation.

Cartwright is slated to stand trial here on an accusation of taking part in the armed robbery of Mom and Pop's Place, Route 2, Williamsport on Sept. 5, 1958.

The sheriff notified his office here by phone that he arrived safe and sound at his destination. He said the weather is quite cool in Arizona.

Sheriff Radcliff left here Sunday. He and his prisoner are slated to return within the next couple of days.

Burglary Try Made at Station

Circleville Police today investigated an attempted burglary at the Southend Sohio Service Station on S. Court St.

Officers said a rear door was kicked or forced, knocking away a bolting bar. Police said they did did not think the intruders went inside the building.

The attempt was investigated by Sgt. Robert Temple.

Berger Treats Three Persons

Three emergencies were treated and released from Berger Hospital Monday and Tuesday.

Leo Speakman, 2½, son of Mr. and Mrs. William Speakman, Route 3, while at home Monday, he either swallowed a safety pin or key chain his father reported. He was given X-ray treatment and released.

Leo Facemar, 39, Lancaster, while working on a housing addition, cut his left thumb with a hatchet yesterday.

Lawrence Selby, 8, son of Mr. and Mrs. Lawrence R. Selby, Route 3, was bitten by a bird dog on Charles Huston's farm, Route 3, Monday. He was treated for puncture wounds on his right forearm.

Republic Steel Chief Tells Labor Costs in Production

CLEVELAND (AP)—The president of Republic Steel Corp. said today labor costs take about one-third of a steel company's total income and the cost of supplies takes almost one-half.

In the third of a series of radio broadcasts on issues involved in the nationwide steel strike, Thomas F. Patton gave those views in reply to a union contention that high prices and high profits, not high wages, cause inflation.

Patton said profits "amount to much less than one-tenth of total income—sometimes one-fifteenth, sometimes even one-twentieth. When we have granted sizable wage increases to steelworkers, we have found that we not only add substantially to our labor costs, but very soon the price we pay for many of our materials, supplies and services go up too."

Patton added that a steel company then is compelled to protect its total income by increasing the price of steel, because, he said, "if we don't, that one-fifteenth or one-twentieth of our income which represents profits is wiped out in no time."

Patton asserted in the radio talk that wage increases granted by the steel companies since the end of World War II would have resulted in a 35-billion-dollar loss if the companies had tried to absorb them. He continued:

"The best answer I have to the union's charge that high prices, not high wages cause inflation is that steel company after steel company has publicly pledged a hold-the-price line for the coming year if the union would do the same on wages."

The president of the nation's third largest steel producer said a non-inflationary settlement in the industry "could be a very significant step in a massive attack against the sources of inflation."

Noting that other industries recently have granted wage increases, Patton contended those industries merely were catching up with steel.

"This," he said, "further demonstrates the 'ripple' effect of increases in our last contract which required automatic increases in 1957 and even in a recession year like 1958."

The program was carried in these seven Republic Steel plant cities: Cleveland, Canton, Massillon, Warren and Youngstown, Ohio; Buffalo, N. Y., and Gadsden, Ala.

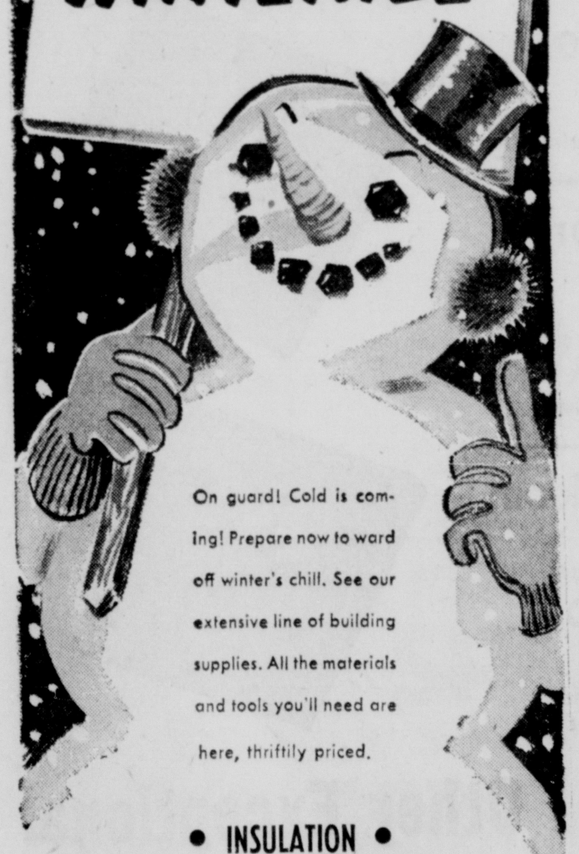

2 Youths Get Separate Trials in Death Case

CINCINNATI (AP)—Huston Nelson, 17, and Charles Bell, 16, charged with slaying a woman drugstore operator during a holdup, were granted separate trials by Common Pleas Judge Ferd Bader Monday. Nelson will be tried without a jury on Oct. 6 and Bell by a jury Oct. 22. They are charged with first-degree murder in the slaying of Mrs. Bernice Wilson, 61, last Feb. 9.

Bowling Alley Manager Faces Civil Rigts Rap

CINCINNATI (AP) — Richard Lotz, 27, manager of a bowling alley here, faces a Municipal Court hearing next week on charges he refused to allow three Negroes to bowl last Saturday night. Lotz was arrested Monday on the charge, filed under a city civil rights ordinance passed several months ago.

Republic Steel Chief Tells Labor Costs in Production

CLEVELAND (AP)—The president of Republic Steel Corp. said today labor costs take about one-third of a steel company's total income and the cost of supplies takes almost one-half.

In the third of a series of radio broadcasts on issues involved in the nationwide steel strike, Thomas F. Patton gave those views in reply to a union contention that high prices and high profits, not high wages, cause inflation.

Patton said profits "amount to much less than one-tenth of total income—sometimes one-fifteenth, sometimes even one-twentieth. When we have granted sizable wage increases to steelworkers, we have found that we not only add substantially to our labor costs, but very soon the price we pay for many of our materials, supplies and services go up too."

Patton added that a steel company then is compelled to protect its total income by increasing the price of steel, because, he said, "if we don't, that one-fifteenth or one-twentieth of our income which represents profits is wiped out in no time."

Patton asserted in the radio talk that wage increases granted by the steel companies since the end of World War II would have resulted in a 35-billion-dollar loss if the companies had tried to absorb them. He continued:

"The best answer I have to the union's charge that high prices, not high wages cause inflation is that steel company after steel company has publicly pledged a hold-the-price line for the coming year if the union would do the same on wages."

The president of the nation's third largest steel producer said a non-inflationary settlement in the industry "could be a very significant step in a massive attack against the sources of inflation."

Noting that other industries recently have granted wage increases, Patton contended those industries merely were catching up with steel.

"This," he said, "further demonstrates the 'ripple' effect of increases in our last contract which required automatic increases in 1957 and even in a recession year like 1958."

The program was carried in these seven Republic Steel plant cities: Cleveland, Canton, Massillon, Warren and Youngstown, Ohio; Buffalo, N. Y., and Gadsden, Ala.

Canton Opens Drive against Drag Racing

CANTON, Ohio (AP)—Stiff penalties against drag racers have been approved by Canton City Council.

The lawmakers approved by a 14-0 vote a joint report of the traffic and judiciary committees which sets a fine of up to $500 and a jail term of six months for drag racing.

Their action stemmed from a crash here Sept. 12 in which three members of a family were killed when their automobile was hit by two cars that police said were drag racing.

Rocco Serena, 60, his daughter-in-law, Mrs. Nancy Serena, 32, and his grandson, Ricky Serena, 8, were killed in the Sept. 12 crash.

The two drivers police said were responsible for the collision face three separate indictments for second - degree murder, returned by the Stark County grand jury at the request of Prosecutor Norman J. Putman. They also were given heavy penalties in Municipal Court on charges of drunk driving, speeding and reckless driving.

RICH SERGEANT—T/Sgt. Thomas L. Howlett, shown in Merced, Calif., says he will stay in the U. S. Air Force in spite of inheriting a mercury mine in Alaska which might be worth as much as $40,000,000. The $480-a-month B-52 tail gunner inherited the mine from the widow of a prospector.

Area School News

Jackson Twp. School has a 1959-60 school year enrollment of 260 students. There are three new members of the teaching staff. They are Mrs. Horky, English; Miss Lupler, mathematics, and Miss Tackett, commercial.

Class officers were elected Thursday as were the cheerleaders.

Officers are: Freshman — Ronnie Clifton, president; Betty Johnson, vice president; Nancy Stevenson, secretary; Alan Hix, treasurer, and Ronnie Skaggs, news reporter.

Sophomore — Linda Hinton, president; Donna Mowery, vice president; Ruth Smith, treasurer; Larry Dudleson, treasurer, and James Webb, news reporter.

* * *

JUNIOR — Sharon Bushee, president; Susan Skaggs, vice president; Jeannie Walker, secretary; Martha Pontious, treasurer, and Theresa Riggin, news reporter.

Senior — Joy Maughmer, president; Jim List, vice president; Shirley Webb, secretary; Kathleen McCloud, treasurer, and Judy Vallette, news reporter.

New varsity cheerleaders are Sue Ann Radcliff, captain, and Miss McCloud, seniors; Miss Pontious, junior; Sandy Smith, sophomore, and Judy Allen, freshman. Miss Maughmer is substitute cheerleader.

Junior high cheerleaders are Miss Hinton, Melanie Dudleson and Becky Stevenson. Linda Minor is substitute cheerleader.

Jackson Twp. basketball practice starts October 1. Team members have not been selected to date.

The seniors started taking orders for their yearbooks last Monday. Tuesday the annual staff and advisor visited the annual workshop at the Fort Frye High School, Beverly.

* * *

THEY THANKED all merchants who have subscribed to advertisements in the year book. Ads were solicited September 20.

The first Parent Teachers Society meeting was held September 14. The Jackson Twp. Livestock and Jackson Tasters and Basters provided the program and served refreshments at the PTS meeting.

Awards, including the Pickaway County placements from 4-H competition at the County Fair, were given. Highlights of the program was a parody of a style show by the 4-G clubs.

A humorous song by George Hamrick, Clarence Cunningham and Miss Koleen Ewing, County Extension Agent Associates, was also presented.

New Liquor Aide Named

COLUMBUS, Ohio (AP) — Replacing Robert M. Lombardi as assistant permit chief in the Department of Liquor Control is Mark Brown, 32, of Columbus. Lombardi resigned to become a member of the Ohio Board of Liquor Control.

CHAMP 9TH TIME — This is the big, loud "Hey, George!" from Mrs. George Seidelman that won her the husband calling championship for the ninth straight year at the Michigan State fair in Ionia.

Here Is a Woman Designer Who Designs Race Tracks

BY DOROTHY ROE
Associated Press Women's Editor

For a designing woman, no doors are closed.

Take Alyne Whalen, for instance. She's a designer but she wouldn't be caught dead choosing ash tray and bibelots for somebody's apartment.

Alyne works on a big scale. Her specialty is race tracks.

This smart, attractive, well-dressed blonde doesn't feel really comfortable unless she's working with quantities such as 50,000 gallons of paint — the amount she used on New York's fabulous new Aqueduct race track. She orders carpets by the acre and identifies colors by number.

"I started out in retailing," she says, "studied it in college and worked five years before I decided this was not for me. Then I went back to college and took architecture and engineering, at Columbia University in New York, N.Y.U. and U.C.L.A. When I was through I opened my own firm in Los Angeles, and have been happy as a clam ever since."

In addition to Aqueduct, Miss Whalen has designed the Hollywood Park track in California, Roosevelt Raeeway on Long Island and the Hippodrome Nacional track at Caracas, Venezuela.

Despite her preoccupation with race tracks, Alyne is no horse player.

"I'm too busy to go to the races, after I get the tracks finished. And when I do go, I always lose. I like the color and the spectacle, but when it comes to figuring odds, I'm just a square."

At Aqueduct Miss Whalen has used bright color in bold masses, both outside and inside, giving a look of light and gaiety to the grandstands, the clubhouse, the dining rooms and the parimutuel halls.

"Color has a lot of effect on the way people feel," she says. "When they go to the races they should feel gay and festive. There's enough gloom around when they lose on their bets. So I have used bright colors to lift the spirits of the crowd. It works, too."

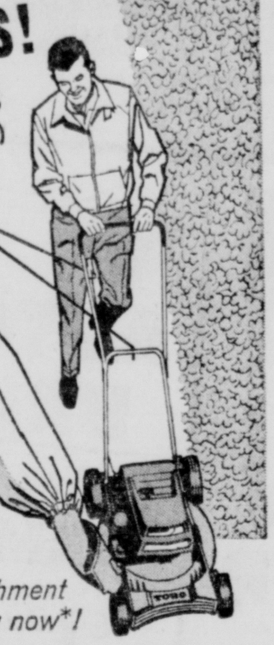

Producers Livestock Manager To Retire

COLUMBUS, Ohio (AP)—F. G. Ketner has announced his retirement effective Dec. 31 as general manager and secretary-treasurer of the Producers Livestock Assn. Ketner has for many years been a leader in the livestock and meat industry and in educational activities.

Claims Record

ST. LOUIS (AP) — James R. Wood, 19, of nearby Belleville, Ill., has put in his claim for a new record — 75 miles down the Mississippi River in two hours and 10 minutes on one water ski.

NEW TORO MOWER BAGS YOUR LEAVES! (5 BUSHELS A MINUTE!)

State Patrol Steps Up Recruiting

An order to immediately step up recruiting for the Ohio State Highway Patrol was reported today by Cpl. K. N. Taylor, commander of Columbus Post, as he announced a schedule for interviews with young men interested in the Patrol as a career.

He said the order came from Colonel Scott B. Radcliffe, superintendent, in line with Governor Michael V. DiSalle's request to bring tht Patrol to its authorized strength as quickly as possible to prevent recurrence of the 30 traffic deaths recorded over the Labor Day holiday.

Cpl. Taylor said this means there are openings for both post dispatchers and recruit patrolmen. Immediate action may qualify a prospective patrolman for the Patrol Academy class scheduled to start this winter.

Two courses are open to the applicant. He may become a civilian dispatcher in the "cadet program," or enter the training school directly.

* * *

BASIC REQUIREMENTS for a patrolman are 21 years of age, high school graduate or equivalent, resident of Ohio and at least 5 feet, 8 inches tall with a minimum weight of 165 pounds. His physical condition and moral character must be excellent.

A cadet dispatcher will be accepted two months prior to his twentieth birthday and certain minimum physical requirements will be waived providing it is indicated he will reach them before his twenty-first birthday. All other requirements are the same.

Cpl. Taylor said he will be available for interviews and to answer all questions of men in the Pickaway County area interested in either job at any time, at 660 E. Main St., Columbus. Inquiries may be made at any of the state's Patrol Posts.

Cpl. Taylor pointed out that the cadet program gives the prospective patrolman an opportunity to learn the functions and organization of the Patrol and helps him decide if it is the career he seeks before entering the rigorous training school. With this background, also, the cadet is well equipped to understand the Academy curriculum.

A cadet dispatcher's starting pay is $288 a month. A trainee receives $315 monthly upon entering the Academy and advances to $345 when commissioned as a patrolman.

A new salary schedule planned to take effect January 1, will make the pay even more attractive. The Highway Patrol has a pension system, furnishes all equipment and has available group life and sickness insurance.

* * *

THE PATROL'S present strength is 630 plus 56 assigned to the Ohio Turnpike. Its authorized strength is 700 men plus those needed to police the Turnpike, which normally carries a complement of 60.

Cpl. Taylor said Colonel Radcliffe explained that funds were made available just last July to bring the Patrol up to full force. Previously, it was possible to schedule training schools at a rate of only one or two a year, barely enough to keep the force stable.

Ashville News Report

By Mrs. Arthur Deal Jr.
Phone YU 4-4117

Let's not forget to be on hand at 8 p. m. Thursday at the Ashville High School Auditorium for the discussion of the new school bond issue that will appear on the November ballot.

Earl Gregg, superintendent of the Teays Valley School District, board members, and teachers will be on hand to answer questions.

It is your duty, as a taxpayer and resident of this school district, to be present at this important meeting. A lot of questions are in the minds of these people. This is the proper place to get the correct answers. Come with your questions prepared.

Paul (Corby) Welsh, Route 1, Ashville, suffered painful injuries to his eye Friday evening when he ran a large spike in it while working at the Scioto Grain Elevator in Ashville. He was moved to Grant Hospital by the Bastian Funeral Home where it was hoped to save the eye.

The Ashville-Harrison Volunteer Fire Department answered the following fire calls this past week. Thursday, September 24 they were called to the farm of H. O. Caldwell, Route 23, at 2 p. m. to extinguish a fire in a corn picker. Fire was out on arrival with no damage. Saturday, September 26 they were called at 1:30 p. m. to extinquish a grass fire on Route 104, one-half mile north of Route 316. The fire was started by leaking oil from an automobile. No damage resulted.

PROMOTION SUNDAY was observed at the Ashville Methodist Church this past Sunday with some 30 children being promoted to new departments.

Also on this Sunday 38 children received pins for regular attendance for the year. Those receiving pins or bars are as follows:

First-year pin — Ricky Peters, Sue Engle, Lynn Marshall, Grace Engle, Gary Johnson, Nancy Fosnaugh, Mike Flaitz, Jimmy Johnson, Susan Sabine, Pamela Brown, Anna Beth Close, Bobby Johnson, and Terry Trimble;

Second-year pins — Steve Sark, Judy Rife, Beverly Koch, and Martha Sark;

Third-year bars — Dean Bastian, Dale Bastian, Karen Peters, Johnny Purcell, Jay Bastian, Jody Deal, Gary Rife, Jimmy Deal, Becky Stout, Janet Snyder, Phyllis Rife, and Ellen Kay Snyder;

Fourth-year bars—Miriam Purcell, Mary Ann Miller, Jim Wills, and Mike Purcell;

Fifth-year bars — Carole Sherman and Candy Miller; Seventh-year bar — Benny Jo Vause; Eighth-year bar—Jimmy Beatty; and Ninth-year bar — Lucy Ann Vause.

The Bastian Funeral Home made the following ambulance runs this past week: Monday, September 21, moved Ralph Gillian from Walnut Twp. School to Dr Hoffman's office; Wednesday, September 23 took Jeff Cline to Grant Hospital; Friday, September 25 took Corby Welsh to Grant Hospital and Dick Wilcox, injured in a football game at Circleville, to Berger Hospital; and Saturday, September 26 took Gilbert Ormiston, Long St., Ashville, to White Cross Hospital.

The Friendship Circle of the United Brethren Church has been postponed until Tuesday, October 6.

Dick Wilcox, son of Mr. and Mrs. Richard Wilcox, was returned home Saturday from White Cross Hospital where he was taken Friday evening after suffering a slight brain concussion in a football game at Circleville. He is reported much improved. Dick is a senior at Ashville High School.

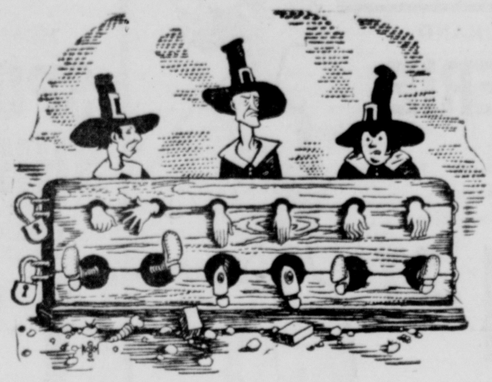

Next Sunday the Evangelical United Brethren Church, the Ashville Methodist Church, and the Hedges Chapel Methodist Church will observe World-Wide Communion. All members are urged to be present to share in this service at each church.

Also on Sunday, the Ashville First English Lutheran Church will observe "Festival of Harvest", a time which is set aside during the church year to give thanks to God for His many blessing of harvest and home. Those who wish to donate fruit and vegetables to decorate the church are asked to have them there by Saturday noon. These articles will be given to the Lutheran Welfare League of Central Ohio for distribution.

THE HELPING Hand Society of the South Bloomfield Methodist Church is sponsoring a Tupperware Party at the Helping Hand Hall in South Bloomfield, at 8 p.m. October 8. All ladies in the community are invited to attend.

The Ladies Gym Classes once again will start at 8 p. m. Tuesday in the Ashville High School Auditorium, under the supervision of Mrs. Frank Morrison.

The classes will last for one hour and will be held each Tuesday at the same time. All ladies of the community are invited to join the group for an evening of fun and followship. Volleyball and exercise will be undertaken to start out with. There is no charge. Please wear rubber-soled shoes

Ohio 4-H Club Congress Caps Busy Year for Pickaway Youth

By Sylvia Smith

Ohio's 42nd annual 4-H Club Congress was held September 12-15 at Ohio State University in Columbus. Some 900 delegates from every Ohio county attended this session representing the 82,000 4-H Club members of this state.

Delegates are selected by 4-H advisory councils for outstanding achievements in 4-H club work. Winners in competition at state fair also were awarded trips to Club Congress. This award is one of the highest honors bestowed on a 4-H club member and is made possible by the sponsorship of local firms and organizations.

Programs are designed to give a wide variety of experiences aimed at personal and social growth. The theme of this year's club congress was "Our Challenges Today and Tomorrow."

Discussions and forums were held daily on the subjects of our local 4-H and leadership clubs, ourselves and personal problems, our government and our friends from other lands. Panel discussions were held with I. F. Y. E. members taking part, under the able direction of discussion leader Robert McCormick.

At each session the "Let's Sing" part of the program, led by Ruth Morgan, was highly enjoyable. Winners in the Share the Fun and Safety Speaking contests were presented at the various sessions.

* * *

ONE OF THE highlights of Club Congress was the trip to the state capitol building and the mock legislative session. The bill for consideration was, "as act to authorize the State Board of Education to develop a plan requiring all schools in Ohio to operate under a quarter system and to offer four (4) quarters each year." Delegates were fascinated by the call button used for roll call in the legislature.

Two of the events which were enjoyed by all members were the barbecue which was held in Plumb Hall the opening night, and the banquet, at which Woody Hayes was guest speaker, in the Ohio Union on Tuesday evening.

The banquet, which was held in the ballroom, was sponsored by Ford tractor and implement dealers of Ohio. Woody Hayes spoke on the challenges of today and tomorrow in relation to his experiences with his football team. He also touched on the subject of the invaluable education we receive through the international student exchange of our youth and those of other nations and stated that we are building for greater understanding between peoples through our youth, the citizens of tomorrow.

Dancing was held on the Terrace after the banquet.

As a fitting climax to 4-H Club Congress, the beautiful and impressive "Flame of Service" ceremony was held at Mirror Lake with each delegate taking part. Words cannot express the beauty and solemnity of these services. Just one of those memorable events which is experienced by those fortunate to attend 4-H Club Congress.

Girl delegates were housed in Mack and Canfield Halls and boys were in Baker Hall. Tours of the campus were conducted on Tuesday for all those interested in the various branches of the college.

The Pickaway County delegation returned home Wednesday morning, September 16, with much knowledge to pass on to our respective clubs and many new ideas to apply toward leadership in our community.

The Pickaway County delegates included Carol Baum, Lockbourne; Sue Dennis, Mt. Sterling; Virginia Garrett, Mt. Sterling; Peggy Clark, Route 2, Circleville; Linda Sharpe Williamsport, Sylvia Smith, Circleville; Ralph England, Route 1, Circleville; Bill Harral, Route 1, Circleville; Bruce Wilson, Route 1, Circleville, and Norman Wilson, Route 1, Circleville.

Advisors from Pickaway County in attendance included Noah List, Williamsport; Mrs. Paul Drummond, Clarksburg, and Mrs. Hannah Peters, Ashville.

A CALL TO CONSCIENCE—Rabbi Charles D. Mintz of the Union of American Hebrew Congregations, New York, watches as his son, Abraham, is absorbed in the playing of the Shofar (ram's horn). It serves as a call to conscience during the Jewish High Holidays, a ten-day period of prayers and penitence, which commence at sunset on Oct. 2.

A Ringer

HILO, Hawaii (AP) —Mrs. William E. Mayer's wedding ring slipped from her finger into 14 feet of water as she floated in the ocean on an inflated rubber mattress. Her husband immediately donned underwater face mask, dived in and found the ring.

Stoutsville News

By Mrs. A. B. Wynkoop

The Ladies Bible Class of the Trinity Lutheran Church met on Thursday evening at the home of Mrs. Glen Christy with 14 members and 2 visitors. Mrs. Merle Justus presented the topic for the month. "By Way of Our Offerings" instead of contests. Mrs. John Shuman played a record of the Order of Service of the New Church Hymn Books. Watermelon was served in the dining room by hostess and co-hostess, Mrs. A. B. Wynkoop.

Mr. and Mrs. Paul Kull and Mrs. Lois Reamo and children of Marysville were Sunday evening supper guests of the Frank Drake home.

Mr. and Mrs. Richard Rhymer and children and Mrs. Lillie Morrison were Saturday evening visitors of Mr. and Mrs. Richard Ballard of Tarlton.

Mr. and Mrs. F. C. LeRoy returned home Saturday from their vacation trip to Cape Cod, Mass.

Mr. and Mrs. Richard Justus and Mrs. Etta Hoffman attended the Barnett - Miller reunion at Hallsville Sunday.

Mr. and Mrs. James Lovett and family and Mrs. Mae Hartley attended the wedding of Mae Martin to Richard Huggins at the Circleville EUB Church Saturday evening.

Mr. and Mrs. Richard Rhymer and children and Mrs. Lillie Morrison were Sunday dinner guests of Mrs. Maude Karsten of Columbus.

Mr. and Mrs. Neil Morris of Kingston and Mrs. Anna Denny visited with Mrs. Carl Cameron at Gallipolis Sunday.

Mr. and Mrs. James Lovett and Mae Hartley visited Sunday with Charles Koch who is a surgical patient in White Cross Hospital.

Mr. L. J. Evans is spending the week with the Richard Rhymer family.

Mr. and Mrs. Edward Reichelderfer and sons of Wellston spent Friday and Saturday with Mr. and Mrs. K. A. Gerhardt and Mrs. Altha Reicheldorfer and family.

Mrs. Althea Reichelderfer, son Vaughn and daughter Evelyn visited with Mr. and Mrs. Ted Reicheldorfer and family Sunday at Wilmington.

Henry Betz and Mr. and Mrs. A. B. Wynkoop and son Gene, visited in Zanesville and Columbus Sunday afternoon.

New Parole Commission Law Effective Thursday

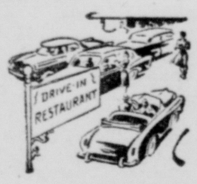

COLUMBUS, Ohio (AP)—Laws expanding the State Pardon and Parole Commission become effective this week.

Effective Thursday will be a law expanding the Parole Commission from three to five members and establishing a State Bureau of Probation and Parole in the State Division of Correction.

Members of the new commission will be paid $12,000 a year and must devote full time to their jobs. They have worked on a part time basis in the past.

About 29.9 million tons of fish were caught by commercial fishermen of the world's 12 leading fish producing countries in 1957.

Two of the events which were enjoyed by all members were the barbecue which was held in Plumb Hall the opening night, and the banquet, at which Woody Hayes was guest speaker, in the Ohio Union on Tuesday evening.

The banquet, which was held in the ballroom, was sponsored by Ford tractor and implement dealers of Ohio. Woody Hayes spoke on the challenges of today and tomorrow in relation to his experiences with his football team. He also touched on the subject of the invaluable education we receive through the international student exchange of our youth and those of other nations and stated that we are building for greater understanding between peoples through our youth, the citizens of tomorrow.

Dancing was held on the Terrace after the banquet.

As a fitting climax to 4-H Club Congress, the beautiful and impressive "Flame of Service" ceremony was held at Mirror Lake with each delegate taking part. Words cannot express the beauty and solemnity of these services. Just one of those memorable events which is experienced by those fortunate to attend 4-H Club Congress.

Girl delegates were housed in Mack and Canfield Halls and boys were in Baker Hall. Tours of the campus were conducted on Tuesday for all those interested in the various branches of the college.

The Pickaway County delegation returned home Wednesday morning, September 16, with much knowledge to pass on to our respective clubs and many new ideas to apply toward leadership in our community.

The Pickaway County delegates included Carol Baum, Lockbourne; Sue Dennis, Mt. Sterling; Virginia Garrett, Mt. Sterling; Peggy Clark, Route 2, Circleville; Linda Sharpe Williamsport, Sylvia Smith, Circleville; Ralph England, Route 1, Circleville; Bill Harral, Route 1, Circleville; Bruce Wilson, Route 1, Circleville, and Norman Wilson, Route 1, Circleville.

Advisors from Pickaway County in attendance included Noah List, Williamsport; Mrs. Paul Drummond, Clarksburg, and Mrs. Hannah Peters, Ashville.

A CALL TO CONSCIENCE—Rabbi Charles D. Mintz of the Union of American Hebrew Congregations, New York, watches as his son, Abraham, is absorbed in the playing of the Shofar (ram's horn). It serves as a call to conscience during the Jewish High Holidays, a ten-day period of prayers and penitence, which commence at sunset on Oct. 2.

A Ringer

HILO, Hawaii (AP) —Mrs. William E. Mayer's wedding ring slipped from her finger into 14 feet of water as she floated in the ocean on an inflated rubber mattress. Her husband immediately donned underwater face mask, dived in and found the ring.

Stoutsville News

By Mrs. A. B. Wynkoop

The Ladies Bible Class of the Trinity Lutheran Church met on Thursday evening at the home of Mrs. Glen Christy with 14 members and 2 visitors. Mrs. Merle Justus presented the topic for the month. "By Way of Our Offerings" instead of contests. Mrs. John Shuman played a record of the Order of Service of the New Church Hymn Books. Watermelon was served in the dining room by hostess and co-hostess, Mrs. A. B. Wynkoop.

Mr. and Mrs. Paul Kull and Mrs. Lois Reamo and children of Marysville were Sunday evening supper guests of the Frank Drake home.

Mr. and Mrs. Richard Rhymer and children and Mrs. Lillie Morrison were Saturday evening visitors of Mr. and Mrs. Richard Ballard of Tarlton.

Mr. and Mrs. F. C. LeRoy returned home Saturday from their vacation trip to Cape Cod, Mass.

Mr. and Mrs. Richard Justus and Mrs. Etta Hoffman attended the Barnett - Miller reunion at Hallsville Sunday.

Mr. and Mrs. James Lovett and family and Mrs. Mae Hartley attended the wedding of Mae Martin to Richard Huggins at the Circleville EUB Church Saturday evening.

Mr. and Mrs. Richard Rhymer and children and Mrs. Lillie Morrison were Sunday dinner guests of Mrs. Maude Karsten of Columbus.

Mr. and Mrs. Neil Morris of Kingston and Mrs. Anna Denny visited with Mrs. Carl Cameron at Gallipolis Sunday.

Mr. and Mrs. James Lovett and Mae Hartley visited Sunday with Charles Koch who is a surgical patient in White Cross Hospital.

Mr. L. J. Evans is spending the week with the Richard Rhymer family.

Mr. and Mrs. Edward Reichelderfer and sons of Wellston spent Friday and Saturday with Mr. and Mrs. K. A. Gerhardt and Mrs. Altha Reicheldorfer and family.

Mrs. Althea Reichelderfer, son Vaughn and daughter Evelyn visited with Mr. and Mrs. Ted Reicheldorfer and family Sunday at Wilmington.

Henry Betz and Mr. and Mrs. A. B. Wynkoop and son Gene, visited in Zanesville and Columbus Sunday afternoon.

New Parole Commission Law Effective Thursday

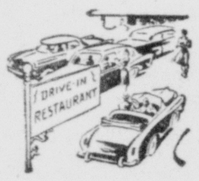

COLUMBUS, Ohio (AP)—Laws expanding the State Pardon and Parole Commission become effective this week.

Effective Thursday will be a law expanding the Parole Commission from three to five members and establishing a State Bureau of Probation and Parole in the State Division of Correction.

Members of the new commission will be paid $12,000 a year and must devote full time to their jobs. They have worked on a part time basis in the past.

About 29.9 million tons of fish were caught by commercial fishermen of the world's 12 leading fish producing countries in 1957.

Prime Labor Issue Comes Into Focus

Should Work Rules Be OKd To Cut Cost, Avoid Price Hike?

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Government intervention in the steel strike—if only at the talking level at first—focuses attention today on this year's prime labor issue:

Should working rules be changed to allow cost trimming enough to offset any wage hikes and stave off further price rises?

The public has a stake in that issue, too, just as it has in the plant shutdowns which may soon spread fast as steel stocks dwindle, and may come even after the strike is over, if users run out of steel while waiting for new deliveries.

President Eisenhower is meeting today with top men of steel management and the steel union. If the recognized conciliation expert can get them to bargain in earnest and come up with a contract, the public will want to know as soon as it can two things:

Will the new pact mean another price rise in basic steel or its products, and how much? How quickly can the mills rebuild their customers' stocks and will it be in time to prevent shutdowns in the weeks ahead?

The public will remember that in the past presidential intervention and pressure has more often than not meant higher wages and prices. But this time the President is on record as being firmly set against any further price rises.

If conciliation doesn't do the trick and the Presidents gets a court injunction under the Taft-Hartley act and the mills reopen for 80 days, there are those who question how effective it will prove.

Presumably the disputants will have 80 more days in which to argue without hurting the innocent bystanders.

In that time the steel mills can be pushed hard to help rebuild customers' stocks, and mill workers can start at least to rebuild their individual bank accounts.

But some point out that this will put both sides in better condition at the end of the 80 days than today to go on being stubborn.

Management will face less clamor from its customers. Its stockholders won't be so worried about what's happening to profits. Its suppliers will have had a breather, too.

Union members will have got on good terms again with the grocer and the landlord and may feel they can fight another round of the battle over factory rules.

Bitterness is reported rising among union members of management's demand that it be given back some of the control over mill operations which the union won in recent years. They hold that rule changes could trigger wholesale firings.

Steel management is reported just as set as ever on getting this power back.

So a lot hinges on the President's ability to talk the two sides into a workable compromise without having to turn to Taft-Hartley either to set up a fact-finding board or to seek a court injunction.

Federal Charge Filed Against Ohio Realtor

HUNTINGTON, W. Va. (AP) — Charles G. Rhodes of Proctorville, Ohio, whose trial on a forgery charge ended in a jury disagreement Sept. 10, has been arrested on a federal warrant in the same case.

Rhodes, former president of the West Virginia Realtors Assn., is charged with forging the name of Dr. Glen C. Dowell of Carrollton, Ohio, to secure a $19,852 loan on an apartment building.

Is Code Changing?

Ribaldry Gains Nod in Hollywood

Editor's Note: Following is the third in a series of four articles dealing with morality in American movies.

By BOB THOMAS
AP Movie Reporter

HOLLWYOOD (AP) — In "It Started With a Kiss," Debbie Reynolds hops in bed nude with an Air Force general (Fred Clark) thinking he is her sergeant-husband Glenn Ford.

The scene evokes guffaws at every performance, as well as some raised eyebrows. Such ribaldry could never have been shown in a Hollywood movie until the last year or two.

"I think sex is all right when it's shown in an amusing manner and not done sensationally," argues Ford.

Apparently the production code office agreed, for it okayed the scene. It has been approving a lot of things that never would have been passed in the time of the good, gray Will Hays.

But though moral attitudes change, the code office still functions the way it did when movie czar Hays handed Joseph Breen censorial reins over Hollywood. Breen's successor, Geoffrey Shurlock, has virtually the final say-so on what can and cannot appear in films.

Shurlock and his aides have been likened to Supreme Court justices. The code is their constitution. They interpret it in keeping with the times, steering between sensation - seekers and prudes.

Shurock's advice is available from start to end of a film project, and even those who oppose any censorship praise his help.

Producers generally send drafts or shooting scripts to the code office. If objections are raised, producers may submit, or else shoot the scene two ways, hoping the more daring one will win approval.

The actual product is the final test. A racy scene may have been saved by the good taste of the director. In it stays. The neckline of the leading lady may plunge too perilously. Out it goes.

The Shurlock office word is final, unless the producer wants to appeal to the presidents of all the companies. But that cumbersome process is seldom used.

Thursday: The new frankness in fims. Will it lead to the "adults only" tag?

Cleveland Counts 27th Case of Polio This Year

CLEVELAND (AP)—Two new cases of paralytic polio were reported today by the City Health Department, bringing to 27 the number of patients being treated for the disease at Cleveland hospitals. There were 14 cases at this time last year. The newest patients were an 11-year-old Cleveland girl, who had three Salk shots and a 7-year-old Lake County girl, who had two Salk shots.

U. S. ATONES — President Eisenhower signed a bill honoring Dr. Samuel Alexander Mudd (above), who was imprisoned for giving medical aid to John Wilkes Booth, assassin of Lincoln. The measure provides for building a memorial tablet to Mudd for his service to yellow fever victims at Fort Jefferson, Fla., while serving his prison term.

U.S Warns Allies It May Curtail Gifts

WASHINGTON (AP) — Secretary of the Treasury Robert B. Anderson told finance experts of the free world today that the United States may have to curtail its liberal outpouring of dollars overseas.

He called for a clear and forceful declaration by the International Monetary Fund for the removal of trade discriminations against the United States and other dollar-using countries by nations whose economic recovery has been so great as to make these barriers unnecessary.

Anderson addressed the 68 governors of the International Monetary Fund, holding a five-day annual meeting here with the governors of the World Bank. He is the U. S. governor for both.

Anderson said the value of American exports exceeds the cost of its imports by three billion dollars a year. But the difference is insufficient, he said, to offset other payments abroad amounting to 7½ billion dollars.

The secretary said the government hopes that the payments deficit will be reduced by increasing exports.

"While we will put emphasis on strengthening our capacity to export, we cannot be unmindful of other factors and therefore we will also keep our whole international financial position under review," he added.

Those last few words had broad implications although Anderson named no specific course of action now contemplated.

'Animal Trainer' Gets Cage of Own

BUFFALO, N.Y. (AP) — A would-be animal - trainer had a cage of his own in jail today, after a tussle with a caged animal in the Buffalo Zoo.

Robert Smith, 47, said he once had captured animals in Africa and India and wanted to see whether he had lost his touch.

In City Court Monday on a vagrancy charge, he said he had opened an unlocked gate of the zoo, walked in and started to wrestle a tiger.

Police, however, said Smith actually had tangled with a leopard by reaching into the cage to pet him. The animal scratched Smith's arm.

"You seem to like cages," said the judge, "so I'll give you a cage of your own for 30 days."

South Point Gets Loan

WASHINGTON (AP)—A grant of $45,000 to South Point, Ohio, has been approved by the Public Health Service. The funds will help finance a $455,000 sewage treatment plant, Rep. Walter H. Moeller (D - Ohio) was advised Tuesday.

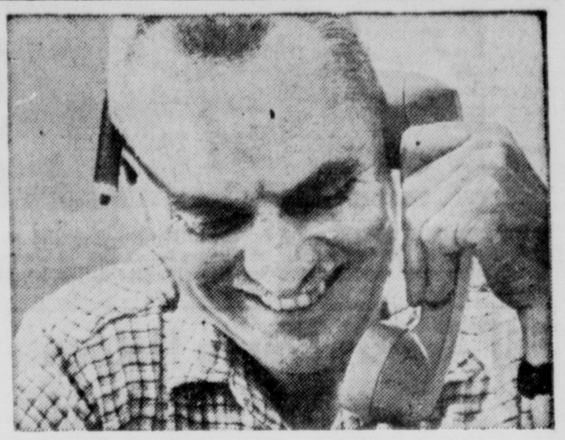

Ohio Polio Toll Runs Close to '58 Totals

COLUMBUS, Ohio (AP) — The gap between this year's and last year's number of polio cases in Ohio seems to be narrowing. Nineteen new cases were reported last week to the department of health. This compares with 22 cases in the similar week of 1958. Total number of cases in Ohio so far this year is 191, nine behind the 200 a year ago.

NEW 1960 CHEVROLET — On display at Harden Chevrolet for the first time Friday will be the new 1960 Chevrolet. Several models will be on hand. The '60 Chevy has a new styling, chassis advances and greater economy than any previous models. Also at Harden Chevrolet Friday will be the new compact Corvair.

FBI Arrests Pair in Holdup Of Steubenville Area Bank

STEUBENVILLE, Ohio (AP)—The FBI has arrested two men sought in the $38,000 robbery more than a month ago of the Community Savings Bank in nearby Yorkville. One man was captured in Miami, Fla., the other in Beaumont, Tex.

Daniel J. Koenig, 28, was taken into custody at his Miami home Tuesday night. The FBI said a search of the house uncovered a wall panel that held a suitcase containing a .45 pistol and about $14,000.

Charles Forest Waugaman, 26, of Pittsburgh, was arrested earlier Tuesday in a Beaumont motel. Agents said an estimated $7,000 in water-soaked money had been recovered.

Both men have been charged under federal law with bank robbery. The FBI said the two were on parole from the Western State Penitentiary in Pittsburgh.

Koenig is to be arraigned before a U. S. commissioner at Miami today. Waugaman is being held in $50,000 bond pending his return to Steubenville where the charge against him was filed Sept. 11.

A weird set of circumstances surrounded the bank robbery on Aug. 22.

Two men staged it. They wore Alpine hats with Tyrolean feathers, sun glasses and "beatnik" goatees, believed to be false disguises. They fled in a stolen auto, escaped across the Ohio River in a life raft powered by an outboard motor. Reaching the West Virginia side, the pair made off in a rented car.

Eleven days before the holdup, a woman telephoned the bank and said: "At 10:30 in the morning your bank will be robbed."

She didn't specify a date, so the bank asked police to check the place every mid-morning. Two officers would stop in, or watch the bank from their cruiser.

Concluding the phone call from the woman was a practical joke, the bank called off the special precautions on a Saturday morning.

It was then that two men walked into the bank and—after leading the tellers and three customers into a vault—escaped with the loot. The time was 10:30.

Man Stabbed With Bayonet By Intruder

CINCINNATI (AP)—Donald Groshan, 32, was stabbed critically yesterday by a bayonet-wielding intruder who blamed him for a fatal auto accident eight years ago.

Robert J. Reams, 32, of Covington, Ky., was arrested a short time later at Booth Hospital in Covington and was charged with stabbing with intent to kill. He had suffered an arm cut getting into the Groshon home.

Reams' sister, Mrs. Alma Black of Addyston, was killed in the auto wreck.

Groshon's sister, Miss Dorothy Groshon, 34, said Reams—armed with a rifle, a pistol and the bayonet—broke into the Groshon home through a rear window. She told police Reams demanded to see her brother and that he fired one shot into the ceiling.

She said her father, William Groshon, ran to summon police, and while he was gone Reams ran into the bedroom and stabbed her brother.

1 New Polio Cases

CINCINNATI (AP) — The City Health Department says two new polio cases have raised the number at Cincinnati hospitals this year to 23. In a similar period last year there were 15.

Avondale Annexation Given OK

The proposed annexation of the rear portion of Frank L. Gorsuch's Avondale addition to Circleville was approved by the Pickaway County Commissioners Monday.

No complaints were registered against the proposed annexation at Monday's 3 p. m. hearing in the Commissioners' courthouse office.

The Avondale addition, located off Nicholas Drive, is partially located in Circleville and Circleville Twp.

The final addition improvement required by city officials, a hot-mix street comparable to other city streets, is being laid now.

Other improvements, such as a sewage system, curbs and gutters are already installed. Next step in the annexation proposal is recommendation by the Circleville Planning and Zoning Commission to City Council.

Van Camp Gets Road Contract

The George W. Van Camp Co. was awarded the low bid on the balance of the 1959 road program Monday by the Pickaway County Commissioners.

Van Camp's low bid was the only bid submitted the commissioners. It was $67,377.98 or $19.43 under the county engineer's estimate of $67,397.41.

Korean Bonus Here Totals $137,776

Pickaway County received $137,776.09 from the Korean Conflict Compensation Fund between the dates of June 1, 1957 and October 1.

Dec. 31, 1958 was the deadline to file Korean Conflict Compensation claims. The County filed 569 living claims and five next-of-kin claims.

Statewide, some 3,600 claims have been disallowed and the problems with more than 5,300 claims are still being resolved.

Former Ohio residents now living in 11 states outside of Ohio received a total of more than $300,000 per state.

• • •

TEN FOREIGN countries received more than $1,000 each of payments from the Korean Conflict Fund. A grand total of $59,829,730.51 has been paid out in bonuses to servicemen for fighting in Korea.

One check mailed September 25 was sent to Byrd, Antarctica, where mail is received only once a year, in November.

The claimant, Richard Lee Rutkowski of Norwood, arranged for this mailing date in April by way of short wave radio through "a ham operator" in La Porte, Ind., who relayed the messages to Columbus bonus headquarters.

Freedom Urged For Convict-Dad

HUNTSVILLE, Tex. (AP) — A convict whose wife was killed in a Tennessee bus crash Sunday has been recommended for immediate parole so that he can take care of his 3-year-old son.

The parole was recommended by Texas State Prison officials for Luther Travis Eaton, 26. His wife, Marcella, 24, Dallas was killed in a bus wreck near Nashville, Tenn.

The boy, Jay, who was accompanying his mother on a trip to visit relatives in Columbia, Ky., escaped serious injury.

Eaton, convicted of robbery by assault, entered prison Dec. 2, 1957 to serve a five-year term. Prison officials said he had been a model prisoner.

Dear Abby...

By Abigail VanBuren

Find New Marriage Zing!

DEAR ABBY: What do you do when you find you have fallen out of love with your husband? We were very much in love when we got married nine years ago, but now it has all worn off. We have three children, ages 8, 6 and 5.

I have no grounds for divorce because he has never hit me or refused to support me. I just don't love him any more.

I am young and considered pretty and I don't see why I should spend the rest of my life living with a man who doesn't appeal to me. Should I leave him while I am still young enough to find romance? Or should I wait until the children are on their own?

WANTING ROMANCE

DEAR WANTING: It's too bad your mother never told you that marriage is not one endless honeymoon. If the "romance" has gone out of your marriage it is as much your fault as it is your husband's. There are marriage counselors, doctors and good books to help put the zing back into your marriage. Preserve this marriage, Lady. It's probably the best one you'll ever have.

DEAR ABBY: I am a boy of 18. While I am asleep my mother goes through my wallet. I have nothing to hide and dislike this very much. I have caught her red-handed many times. She says she has a right to know what is going on in my life. Do you think this is right of her?

ANNOYED SON

DEAR SON: A boy of 18 is entitled to privacy. Your mother has no business in your wallet, but she IS your mother. So be careful how you tell her.

DEAR ABBY: My husband is in a sanitarium with a nervous breakdown. He tells the doctors and nurses that the reason he is there is because of me. He tells the other patients that I had him put in there so I could run around. This is not true! We have always gotten along fine together and I wouldn't look at another man.

I just hate to visit him because of what all those people at the hospital must think of me. Should I stay away or not?

TALKED ABOUT

DEAR TALKED: Your husband is a sick man or he would not be where he is. The doctors and nurses know that he is not responsible for the statements he makes, so don't worry about them. Continue to visit him. He needs your support and understanding more than ever now. Good luck!

Do you have a problem? For a personal reply, write to Abby, care of this paper. Enclose a self-addressed, stamped envelope.

FBI Arrests Pair in Holdup Of Steubenville Area Bank

STEUBENVILLE, Ohio (AP)—The FBI has arrested two men sought in the $38,000 robbery more than a month ago of the Community Savings Bank in nearby Yorkville. One man was captured in Miami, Fla., the other in Beaumont, Tex.

Daniel J. Koenig, 28, was taken into custody at his Miami home Tuesday night. The FBI said a search of the house uncovered a wall panel that held a suitcase containing a .45 pistol and about $14,000.

Charles Forest Waugaman, 26, of Pittsburgh, was arrested earlier Tuesday in a Beaumont motel. Agents said an estimated $7,000 in water-soaked money had been recovered.

Both men have been charged under federal law with bank robbery. The FBI said the two were on parole from the Western State Penitentiary in Pittsburgh.

Koenig is to be arraigned before a U. S. commissioner at Miami today. Waugaman is being held in $50,000 bond pending his return to Steubenville where the charge against him was filed Sept. 11.

A weird set of circumstances surrounded the bank robbery on Aug. 22.

Two men staged it. They wore Alpine hats with Tyrolean feathers, sun glasses and "beatnik" goatees, believed to be false disguises. They fled in a stolen auto, escaped across the Ohio River in a life raft powered by an outboard motor. Reaching the West Virginia side, the pair made off in a rented car.

Eleven days before the holdup, a woman telephoned the bank and said: "At 10:30 in the morning your bank will be robbed."

She didn't specify a date, so the bank asked police to check the place every mid-morning. Two officers would stop in, or watch the bank from their cruiser.

Concluding the phone call from the woman was a practical joke, the bank called off the special precautions on a Saturday morning.

It was then that two men walked into the bank and—after leading the tellers and three customers into a vault—escaped with the loot. The time was 10:30.

Sox-Dodger Scrap May Be Richest In Series History

CHICAGO (AP) — The Los Angeles Dodgers and the Chicago White Sox, two clubs who have to scrap for what they get, finally open what might be the richest World Series in history here Thursday at Comiskey Park.

Manager Walt Alston, his Dodgers riding high after beating Milwaukee in the National League pennant playoff, said his first game pitcher will be Roger Craig (11-5), an almost forgotten right-hander who became an ace in the drive for the flag.

White Sox Manager Al Lopez is expected to name Early Wynn, at 39 the Old Man right-hander who topped the majors with 22 victories and was the American League's only 20-game winner.

The oddsmakers favor the White Sox, playing in a World Series for the first time in 40 years, at 11-10 for both the series and the first game.

The first two games will be played in Comiskey Park with the best-of-seven championship then shifting to the Coliseum in Los Angeles for the third, fourth and, if necessary, fifth games. If needed, the sixth and seventh games will be played in Chicago, with a day of travel interrupting play when the clubs shift parks.

It's the massive Coliseum, seating some 94,000 for baseball, which could make this the richest series. Comiskey Park seats 46,550.

All games will start at 1 p.m. local time and will be telecast and broadcast nationally by NBC.

The bookmakers have made the White Sox favorites because of their three days of rest since Sunday's close of the American League season. That layoff, however, may have cooled off the Sox, while the Dodgers could still be riding the kick of having won eight of their last 10 games.

The Dodgers, first club ever to win an NL pennant after finishing seventh the year before, jumped into Comiskey Park for a workout today. They boarded a flight from Los Angeles a few hours after eliminating the defending champion Braves two straight in the best of three playoff with Tuesday's 6-5, 12-inning victory.

Lopez, meanwhile, sent his White Sox through an intra-squad game Tuesday, hoping to keep 'em sharp.

The one-day delay in the series opener caused by the NL playoff probably did the Sox' walking injured — outfielder Jim Landis (injured leg) and catcher Sherm Lollar (bruised hand) — some good. But it may not prove a benefit for Wynn. The Old Man, top winner among major league pitchers still at it (271), has worked best with three days rest. He'll have four days of rest for the opening assignment.

While the Dodgers number quite a few holdovers from previous series squads, the White Sox have but four — first baseman Earl Torgeson, with the 1948 Braves; outfielder Al Smith and Wynn, with the 1954 Cleveland Indians; and Lollar, with the 1947 New York Yankees.

Only Lollar was with a winner, and it was the Dodgers whom the Yankees beat, in seven games.

Lopez, incidentally, managed the Indians of '54 — and lost the series in four straight games to the Giants.

This is the fifth White Sox team to win a pennant, but only the fourth to play in a World Series. The 1901 club won the first AL race, but the World Series wasn't born until 1903. The Hitless Wonders of 1906 won the series from Chicago's Cubs and the 1917 team beat the New York Giants.

Then came the infamous Black Sox and the rigged 1919 series with Cincinnati.

The Sox, with 35 of their 94 victories by one run, put away their first pennant since then with a 4-2 victory, behind Wynn, over Cleveland a week ago Tuesday. Like the Dodgers, the White Sox gathered in the pennant by beating the only club that could take it from them.

They were 15-7 against second-place Cleveland for the season, virtually locking up the flag with a four-game sweep late in August.

The Dodgers, winning a pennant with the fewest victories (88) in National League history, put away their ninth title — their first as a West Coast club — after being tied with Milwaukee for second, two games behind San Francisco, on the next to last Friday of the season.

Former North Carolina basketball captain Danny Lotz of Northport, N. Y., plans to study dentistry.

Chisox Ready For Dodgers

CHICAGO (AP) — The Chicago White Sox, eyeing what will be the biggest World Series melon in history, are ready to take on the Los Angeles Dodgers.

Armed with a new contract calling for the highest salary ever paid a White Sox player or manager, Al Lopez feels his team has a great chance for the title.

Lopez called Los Angeles a pretty good ball club with a few guys who can run." He wouldn't say if he thought the Dodgers were faster than his "go go" Sox but said "their catcher (John Roseboro) can run. I saw him steal a base against the Cubs."

Lopez signed a one-year contract calling for an estimated $50,000. The highest paid Sox player is believed to be Nellie Fox who supposedly is receiving around $40,000.

When White Sox president Bill Veeck unveiled a replica of Lopez' contract — a giant-sized board with the terms printed clearly — he was sprayed with questions as to why it was for one year.

Veeck said Lopez could have any tenure he wanted but insisted on only one year.

"They might get tired of me after a year," laughed Lopez.

The Results

National League Final

	W.	L.	Pct.	G.B.
x-Los Angeles	88	68	.564	—
x-Milwaukee	86	70	.551	2
San Francisco	87	71	.539	4
Pittsburgh	78	76	.506	9
Chicago	74	80	.481	13
Cincinnati	74	80	.481	13
St. Louis	71	83	.461	16
Philadelphia	64	90	.416	23

x-Los Angeles defeated Milwaukee in a best-of-three playoff 2-0.

Batting (based on 400 or more at bats) — Aaron, Milwaukee, .355; Cunningham, St. Louis, .345.
Runs — Pinson, Cincinnati, 131; Mays, San Francisco, 125.

Hodges, Furillo Are Hailed For Roles in Dodger Win

LOS ANGELES (AP) — The champion Los Angeles Dodgers moved into Chicago today, ready to take on the White Sox for the world championship.

The Milwaukee Braves, shorn of their National League pennant, headed for their homes.

But the scene in Memorial Coliseum Tuesday as dusk settled was still a vivid memory to the 36,528 fans gathered in the place, and the thousands who watched on television.

Two of the great heroes of the Dodger old guard, first baseman Gil Hodges and outfielder Carl Furillo, were all but dismantled by their teammates as the battle came to its quick end in the 12th inning.

Hodges scored the winning run in the 6 to 5 victory on Furillo's hit back of second base, a tally made possible when Felix Mantilla threw wild to first base.

The entire Dodger team suddenly became one rolling, tangled mass of happy ballplayers.

Silently, in typical Indian single file procession, the Braves walked out of their dugout, down the long tunnel and into their dressing quarters.

They said not a word during the march, and very little as they showered, dressed and took off.

There was no champagne celebration in the Dodgers quarters. For one thing, liquor is barred from the city-owned Coliseum. For another, the team had less than three hours to take off for Chicago.

But there was a joyous interlude. Hodges poured a soft drink over the head of the winning pitcher, young Stan Williams. Then he got on the rubbing table to have his chronically sore leg massaged.

Manager Walt Alston, a soft-spoken, kindly sort of man, was speechless for moments but finally said: "At the moment, I can't think of much to say."

Presently Alston excused himself. He showed up, still in uniform and spiked shoes, in the Brave dressing room to shake hands with Brave manager Fred Haney.

"You came from behind to win and you deserved it," sportsman Haney declared. "Now go after the White Sox."

Ohio Savings League Names New Secretary

COLUMBUS, Ohio (AP)—Joseph E. Linville of Columbus has been appointed executive secretary of the Ohio Savings & Loan League. Linville succeeds retiring Don L. Tobin. Linville has been with the organization since 1945.

Circle D Takes Lead in League

Circle D Recreation rolled a close contest with the Top Hat team, winning two of three games to take the lead in the local Monday Night Late Bowling League.

The first placers have 12 wins and three loses, while Top Hat holds second with 11 wins and four defeats. Jerry's Bar remains in third place with a 10-5 record.

Mike Brown rolled high game for the night with a 209. He also had high individual series with a 541.

Hoover's Music took high game total on a 936 and also high three-game series, collecting 2619 pins.

The standings:

	W	L
Circle D	12	3
Top Hat	11	4
Jerry's Bar	10	5
Hoover's Music	7	8
VFW	6	9
Ramey's Plasters	6	9

Buckeyes Poised For Flight West

COLUMBUS, Ohio (AP) — Ohio State's football team leaves this afternoon for Los Angeles and the first night game in its history.

The 38-man traveling squad for Friday's game with Southern California is scheduled for a short scrimmage before takeoff time.

Tuesday, quarterback Jerry Fields returned to action following a chest injury last Saturday.

Coach Woody Hayes was not too satisfied with Tuesday's drill. He said the team's blocking form on punt protection was not good. Duke blocked a Buckeye punt last week.

Tiger Drills Are Centered On Trip to Wilmington

A lengthy scrimmage accented football practice for the Circleville Tigers yesterday.

The hustle and bustle at the drill field had one object in mind —the opening South Central Ohio League battle at Wilmington Friday.

Coach Carl Benhase said his charges would have to be at their best if they hope to down the dangerous Hurricane. The Clinton County eleven has a fair share of returning lettermen, including Halfback Mickey Vanscoy who is rated one of the top backs in the league.

Most of last year's Hurricane outfit was composed of sophomores and juniors, a team which the Tigers downed, 21-12. Coach Benhase said the locals will face a veteran and tougher aggregation this season.

* * *

CIRCLEVILLE will go into the test in fairly good shape, although Right Half Archie Ward wasn't in pads yesterday due to a back ailment and Fullback Larry Hannahs still is slowed with a bad ankle.

Tackle Dave Huffer was nursing a sore shoulder and Guard Dave Hicks was bothered with a growth on his foot. Both played a rugged game in Friday's 20-20 tie with Columbus Rosary.

Millers, Cubans Seek Sun, Pesos

MINNEAPOLIS (AP) — The Minneapolis Millers and Havana Sugar Kings, cold-shouldered by the weather and fans in the wintry northland, flee today for Havana sunshine and pesos.

They resume the Junior World Series Thursday night in the Cuban capital after top minor league brass decided two games were enough in the cold, wind and rain of Minneapolis. The teams are tied 1-1.

fresh point of view...from Pontiac!

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!

The precision control of Wide-Track Wheel Design!

The softer ride of supple suspension!

The wide choice of vigorous Tempest V-8 Engines tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swayless stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

Sox-Dodger Scrap May Be Richest In Series History

CHICAGO (AP) — The Los Angeles Dodgers and the Chicago White Sox, two clubs who have to scrap for what they get, finally open what might be the richest World Series in history here Thursday at Comiskey Park.

Manager Walt Alston, his Dodgers riding high after beating Milwaukee in the National League pennant playoff, said his first game pitcher will be Roger Craig (11-5), an almost forgotten right-hander who became an ace in the drive for the flag.

White Sox Manager Al Lopez is expected to name Early Wynn, at 39 the Old Man right-hander who topped the majors with 22 victories and was the American League's only 20-game winner.

The oddsmakers favor the White Sox, playing in a World Series for the first time in 40 years, at 11-10 for both the series and the first game.

The first two games will be played in Comiskey Park with the best-of-seven championship then shifting to the Coliseum in Los Angeles for the third, fourth and, if necessary, fifth games. If needed, the sixth and seventh games will be played in Chicago, with a day of travel interrupting play when the clubs shift parks.

It's the massive Coliseum, seating some 94,000 for baseball, which could make this the richest series. Comiskey Park seats 46,550.

All games will start at 1 p.m. local time and will be telecast and broadcast nationally by NBC.

The bookmakers have made the White Sox favorites because of their three days of rest since Sunday's close of the American League season. That layoff, however, may have cooled off the Sox, while the Dodgers could still be riding the kick of having won eight of their last 10 games.

The Dodgers, first club ever to win an NL pennant after finishing seventh the year before, jumped into Comiskey Park for a workout today. They boarded a flight from Los Angeles a few hours after eliminating the defending champion Braves two straight in the best of three playoff with Tuesday's 6-5, 12-inning victory.

Lopez, meanwhile, sent his White Sox through an intra-squad game Tuesday, hoping to keep 'em sharp.

The one-day delay in the series opener caused by the NL playoff probably did the Sox' walking injured — outfielder Jim Landis (injured leg) and catcher Sherm Lollar (bruised hand) — some good. But it may not prove a benefit for Wynn. The Old Man, top winner among major league pitchers still at it (271), has worked best with three days rest. He'll have four days of rest for the opening assignment.

While the Dodgers number quite a few holdovers from previous series squads, the White Sox have but four — first baseman Earl Torgeson, with the 1948 Braves; outfielder Al Smith and Wynn, with the 1954 Cleveland Indians; and Lollar, with the 1947 New York Yankees.

Only Lollar was with a winner, and it was the Dodgers whom the Yankees beat, in seven games.

Lopez, incidentally, managed the Indians of '54 — and lost the series in four straight games to the Giants.

This is the fifth White Sox team to win a pennant, but only the fourth to play in a World Series. The 1901 club won the first AL race, but the World Series wasn't born until 1903. The Hitless Wonders of 1906 won the series from Chicago's Cubs and the 1917 team beat the New York Giants.

Then came the infamous Black Sox and the rigged 1919 series with Cincinnati.

The Sox, with 35 of their 94 victories by one run, put away their first pennant since then with a 4-2 victory, behind Wynn, over Cleveland a week ago Tuesday. Like the Dodgers, the White Sox gathered in the pennant by beating the only club that could take it from them.

They were 15-7 against second-place Cleveland for the season, virtually locking up the flag with a four-game sweep late in August.

The Dodgers, winning a pennant with the fewest victories (88) in National League history, put away their ninth title — their first as a West Coast club — after being tied with Milwaukee for second, two games behind San Francisco, on the next to last Friday of the season.

Former North Carolina basketball captain Danny Lotz of Northport, N. Y., plans to study dentistry.

Chisox Ready For Dodgers

CHICAGO (AP) — The Chicago White Sox, eyeing what will be the biggest World Series melon in history, are ready to take on the Los Angeles Dodgers.

Armed with a new contract calling for the highest salary ever paid a White Sox player or manager, Al Lopez feels his team has a great chance for the title.

Lopez called Los Angeles a pretty good ball club with a few guys who can run." He wouldn't say if he thought the Dodgers were faster than his "go go" Sox but said "their catcher (John Roseboro) can run. I saw him steal a base against the Cubs."

Lopez signed a one-year contract calling for an estimated $50,000. The highest paid Sox player is believed to be Nellie Fox who supposedly is receiving around $40,000.

When White Sox president Bill Veeck unveiled a replica of Lopez' contract — a giant-sized board with the terms printed clearly — he was sprayed with questions as to why it was for one year.

Veeck said Lopez could have any tenure he wanted but insisted on only one year.

"They might get tired of me after a year," laughed Lopez.

The Results

National League

	W.	L.	Pct.	G.B.
Final				
x-Los Angeles	88	68	.564	—
x-Milwaukee	86	70	.551	2
San Francisco	87	71	.539	4
Pittsburgh	78	76	.506	9
Chicago	74	80	.481	13
Cincinnati	74	80	.481	13
St. Louis	71	83	.461	16
Philadelphia	64	90	.416	23

x-Los Angeles defeated Milwaukee in a best-of-three playoff 2-0.

Batting (based on 400 or more at bats) — Aaron, Milwaukee, .355; Cunningham, St. Louis, .345.

Runs — Pinson, Cincinnati, 131; Mays, San Francisco, 125.

Runs batted in — Banks, Chicago, 143; Robinson, Cincinnati, 125.

Hits — Aaron, Milwaukee, 223; Pinson, Cincinnati, 205.

Doubles — Pinson, Cincinnati, 47; Aaron, Milwaukee, 46.

Triples — Moon and Neal, Los Angeles, 11.

Home runs — Mathews, Milwaukee, 46; Banks, Chicago, 45.

Stolen bases — Mays, San Francisco, 27; T. Taylor, Chicago, and Gilliam, Los Angeles, 23.

Pitching (based on 15 or more decisions) — Face, Pittsburgh, 18-1; Craig, Los Angeles, 11-5.

Strikeouts — Drysdale, Los Angeles, 242; S. Jones, San Francisco, 207.

313 New Attorneys Named by Ohio Bar

COLUMBUS, Ohio (AP) — The state bar examinations last July yielded 313 new Ohio attorneys, the Ohio Supreme Court announced Tuesday.

A total of 394 persons took the examinations here. Seventy-five of them failed and results of six examinees were withheld pending completion of their law studies.

Harold E. Friedman of South Euclid scored 354.5 of a possible 400, highest of the class. James P. Vayno of Dayton was second with 351.5.

3rd Radiation Belt Around Earth Found

WASHINGTON (AP) — A third belt of intense radiation around the earth has been discovered by America's paddle wheel satellite. It adds a potentially dangerous new hurdle for any future space traveler.

The new radiation belt is closer to the earth than the two previously discovered Van Allen belts and it is not as thick.

"You wouldn't want to orbit a satellite at that altitude, and if you did it would get pretty contaminated," said Dr. John Simpson, University of Chicago physicist.

But since the third belt is only 310 miles thick, he added, it would mean "just a flick of the meter" as a space vehicle shot through it. It starts 1,000 miles above the earth.

The outermost Van Allen belt—they are named for their discoverer, Dr. James Van Allen of the University of Iowa—extends from 8,000 miles to 12,000 miles above the earth.

The second Van Allen belt starts at 1,400 miles and extends to 3,400 miles.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933.

Of The Circleville Herald, published daily except Sunday at Circleville, Ohio, for September 28, 1959. State of Ohio, County of Pickaway, ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared, Paul F. Rodenfels, who having been duly sworn according to law, deposes and says that he is the Publisher of the Circleville Herald and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption required by the Act of August 24, 1912, as amended by the Acts of March 3, 1933, and July 2, 1946 (section 537, Postal Laws and Regulations), printed on the reverse of this form, to wit:

1. The names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, Paul F. Rodenfels, Washington C. H., Ohio, Editor, Robert K. Harrod, Circleville, O.

2. The owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company or other unincorporated concern, its name and address, as well as those of each individual member, must be given.)

The Circleville Publishing Co., Circleville, Ohio, E. A. Smith, Trustee, Estate of T. E. Wilson, Circleville, Ohio, W. W. Galvin, Trustee, Estate of W. J. Galvin, Wilmington, Ohio, Wayne W. Galvin, Wilmington, Ohio, Paul Rodenfels, Washington C. H., Ohio, and Roberta Rodenfels, Washington C. H., Ohio.

3. The known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: Third National Bank, Circleville, Ohio

4. The two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in said stocks, bonds, or other securities than as so stated by him.

5. The average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 5293.

PAUL F. RODENFELS

Sworn to and subscribed before me this 28th day of September, 1959

W. D. HEISKELL & SON

Located East — Brand new home consisting of 5 rooms and bath with full basement. Hardwood floors, gas forced air furnace, tiled bath, and 52' x 190' lot, are just a few of the features of this home priced under $12,000. New listing.

New Home — This three bedroom home has full basement, extra large kitchen and living room, attached garage, and gas forced air furnace. Located South. Immediate possession. New listing.

West Mound Street — Eleven rooms and two baths. An ideal home for the large family. This well located home has six rooms and bath on first floor and five rooms and bath on second floor. Quick possession.

Northend — Owner transferred and wants to sell this three bedroom home which is in excellent condition. There is full basement, built-in bar in basement, gas forced air heat, and purchaser can assume a 4½% loan which presently exists on property. Immediate possession.

New Listing — Six rooms and bath located on East Franklin Street. This two story home has been recently redecorated inside and out. Kitchen has birch cabinets and disposal. Located on a well shaded lot and reasonably priced.

Atwater Avenue — Five rooms and bath with gas forced air furnace, hardwood floors, large kitchen, aluminum storm windows and screens, and attached garage. This home is in immaculate condition inside and out. F. H. A. financing available.

Parkview — Three bedroom home situated on 60 x 120 lot. Owners have taken good care of this nice home. Hardwood floors throughout, beautifully finished basement with built-in bar, and carport.

Five rooms and bath plus attached garage, located on Park Place. There are two expectionally large bedrooms, roomy kitchen with dining area, bright living room, and large utility room. Don't miss the boat on this exceptionally good buy.

The discriminating buyer will like the fine quality and workmanship in this lovely north-end home. Some of the outstanding features include built-in range, oven, disposal, and dishwasher, in the kitchen; three large bedrooms, 2 baths, wall to wall carpeting in the living room, beautiful wood burning fireplace, full basement, two car garage, with blacktop drive; and an abundance of other fine features too numerous to mention. If you are looking for a fine home in a good quiet location, call us on this one.

AP Guesspert Predicts LSU, Iowa Victories

Ohio State Gets Nod Over Southern Cal
Purdue over Irish

By HAROLD CLAASSEN
Associated Press Sports Writer

NEW YORK (AP)—Every year the college football fathers change the rules of the game but they never make it easier to pick the winners. Here's another swing around the circuit:

Louisiana State over Baylor: You gotta pick LSU because it has Billy Cannon. Baylor's best bet is Ronnie Bull, sophomore quarterback. But it could be very close.

Iowa over Northwestern: Each met a name foe last week and each romped to an easy victory. The Hawkeyes keep their momentum in a rugged fray.

Mississippi over Memphis State: Who's that again? Memphis State?

Army over Illinois: Lonely end Bill Carpenter and backs Joe Caldwell and Bob Anderson give the Cadets the edge.

Clemson over Georgia Tech: The Carolina Tigers get revenge for that 13-0 setback of a year ago.

Purdue over Notre Dame: There are 24 returning lettermen on the Big Ten squad.

Tennessee over Mississippi State: Having stopped Auburn's winning streak, the Vols are determined to go all the way.

Texas over California: You can see this one for yourself on TV. That Texas line makes things easy for the Longhorn backs.

Ohio State over Southern California: Bob White, the Buckeye fullback, makes this venture as safe as money in the bank.

Wisconsin over Marquette: The Badgers in a breeze.

South Carolina over Georgia: The Carolina defense stops Charley Britt & Co., but not by the margin of 10 points as a year ago.

Navy over Southern Methodist: Joe Tranchini outpasses Don Meredith.

Syracuse over Maryland: Supposedly Syracuse was so good it didn't need a quarterback but coach Ben Schwartzwalder unfurled Dave Serette, a sophomore in last week's triumph over Nebraska.

Penn State over Colgate: Richie Lucas is as good as they come at quarterback.

11-Year-Old Mare Wins at Lebanon

LEBANON, Ohio (AP)—Marion Stephens, veteran driver, rallied Mary Jane Clark to win the featured trot at Lebanon Raceway Tuesday night—by a nose.

The winner's 2:05 3-5 circuit was the best mile ever for the 11-year-old mare. Mary Jane Clark fought off challenges in the stretch by second - finisher Pro Mack and third-place Proterra. She paid $10.40.

Lucky Star and Mr. Jerry produced a daily double of $19.80.

The crowd was 1,023 and betting totaled $39,801 at the mutuels.

Descendants To Get $6 Million Estate

CINCINNATI (AP) — The children and grandchildren of Mrs. Olivia Benedict of Cincinnati stand to inherit under her will most of her $6,101,519 estate. That's the report Tuesday in Probate Court where an estimate of the estate's value was filed. Mrs. Benedict, granddaughter of a founder of Procter & Gamble Co., was 91 when she died last July 15.

500 Akron Tire Makers Walk Off in Dispute

AKRON, Ohio (AP)—A total of 500 workers at the General Tire & Rubber Co. here have walked off their jobs over a rate dispute, a company spokesman reported Tuesday night. Officials of the United Rubber Workers Union were urging the men to return to work.

Kreitling Gets Flanker Spot With Browns

CLEVELAND (AP) — Coach Paul Brown says Rich Kreitling will be working as a flanker this afternoon when the Cleveland Browns start preparing for their game Sunday in Chicago against the Cardinals.

"We like what we've seen of Kreitling and he is figuring stronger and stronger in our planning," the coach said Tuesday night. "We are satisfied that Preston Carpenter can carry the load as the slot end. So, we're moving Rich to the flanker. We can make better use of his speed out there."

Brown said Mike McCormack, who has seen little action since he suffered a knee injury at the Hiram training camp, will open at offensive tackle in Chicago.

Warren Lahr, who sat out last week's loss to Pittsburgh because of injuries, is expected to be able to man a safety spot again.

The Cardinals, who walloped the Washington Redskins in their opener Sunday, have been established as 2½-point favorite over the Browns. They have beaten the Browns only twice in 18 meetings and it is their first time in the favorite's role.

Brown said he was not planning wholesale changes after the loss to Pittsburgh.

"Actually the Stealers and our team were pretty well matched," he said. "I'd say the main difference was attitude or desire, or whatever you want to call it.

"They came through with the extra effort. We tried our best but just didn't have that head of steam up. The Steelers also made a couple of great plays.

"In the main they were the difference."

Dad Turns Son, 14, Over to Police

NEWPORT, Ky. (AP) — Fourteen-year-old Ronnie Monroe was turned over to police today by his father, Horace, in connection with a hit-and-run automobile accident in which 18-month old Paul Thompson was killed.

Police filed charges of manslaughter and leaving the scene of an accident against the youth.

The accident occurred as the Thompson baby and two other persons were crossing a street here late Monday night. Jenny Cain, 12, and Mrs. Margaret Singleton, 16, were injured.

Police said they believed the Monroe boy and the driver of another car were racing.

313 New Attorneys Named by Ohio Bar

COLUMBUS, Ohio (AP) — The state bar examinations last July yielded 313 new Ohio attorneys, the Ohio Supreme Court announced Tuesday.

A total of 394 persons took the examinations here. Seventy-five of them failed and results of six examinees were withheld pending completion of their law studies.

Harold E. Friedman of South Euclid scored 354.5 of a possible 400, highest of the class. James P. Vayno of Dayton was second with 351.5.

W. D. HEISKELL & SON

Located East — Brand new home consisting of 5 rooms and bath with full basement. Hardwood floors, gas forced air furnace, tiled bath, and 52' x 190' lot, are just a few of the features of this home priced under $12,000. New listing.

New Home — This three bedroom home has full basement, extra large kitchen and living room, attached garage, and gas forced air furnace. Located South. Immediate possession. New listing.

West Mound Street — Eleven rooms and two baths. An ideal home for the large family. This well located home has six rooms and bath on first floor and five rooms and bath on second floor. Quick possession.

Northend — Owner transferred and wants to sell this three bedroom home which is in excellent condition. There is full basement, built-in bar in basement, gas forced air heat, and purchaser can assume a 4½% loan which presently exists on property. Immediate possession.

New Listing — Six rooms and bath located on East Franklin Street. This two story home has been recently redecorated inside and out. Kitchen has birch cabinets and disposal. Located on a well shaded lot and reasonably priced.

Atwater Avenue — Five rooms and bath with gas forced air furnace, hardwood floors, large kitchen, aluminum storm windows and screens, and attached garage. This home is in immaculate condition inside and out. F. H. A. financing available.

Parkview — Three bedroom home situated on 60 x 120 lot. Owners have taken good care of this nice home. Hardwood floors throughout, beautifully finished basement with built-in bar, and carport.

Five rooms and bath plus attached garage, located on Park Place. There are two expectionally large bedrooms, roomy kitchen with dining area, bright living room, and large utility room. Don't miss the boat on this exceptionally good buy.

The discriminating buyer will like the fine quality and workmanship in this lovely north-end home. Some of the outstanding features include built-in range, oven, disposal, and dishwasher, in the kitchen; three large bedrooms, 2 baths, wall to wall carpeting in the living room, beautiful wood burning fireplace, full basement, two car garage, with blacktop drive; and an abundance of other fine features too numerous to mention. If you are looking for a fine home in a good quiet location, call us on this one.

3rd Radiation Belt Around Earth Found

WASHINGTON (AP) — A third belt of intense radiation around the earth has been discovered by America's paddle wheel satellite. It adds a potentially dangerous new hurdle for any future space traveler.

The new radiation belt is closer to the earth than the two previously discovered Van Allen belts and it is not as thick.

"You wouldn't want to orbit a satellite at that altitude, and if you did it would get pretty contaminated," said Dr. John Simpson, University of Chicago physicist.

But since the third belt is only 310 miles thick, he added, it would mean "just a flick of the meter" as a space vehicle shot through it. It starts 1,000 miles above the earth.

The outermost Van Allen belt—they are named for their discoverer, Dr. James Van Allen of the University of Iowa—extends from 8,000 miles to 12,000 miles above the earth.

The second Van Allen belt starts at 1,400 miles and extends to 3,400 miles.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933.

Of The Circleville Herald, published daily except Sunday at Circleville, Ohio, for September 28, 1959. State of Ohio, County of Pickaway, ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared, Paul F. Rodenfels, who having been duly sworn according to law, deposes and says that he is the Publisher of the Circleville Herald and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption required by the Act of August 24, 1912, as amended by the Acts of March 3, 1933, and July 2, 1946 (section 537, Postal Laws and Regulations), printed on the reverse of this form, to wit:

1. The names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, Paul F. Rodenfels, Washington C. H., Ohio. Editor, Robert K. Harrod, Circleville, O.

2. The owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company or other unincorporated concern, its name and address, as well as those of each individual member, must be given.)

The Circleville Publishing Co., Circleville, Ohio, E. A. Smith, Trustee, Estate of T. E. Wilson, Circleville, Ohio, W. W. Galvin, Trustee, Estate of W. J. Galvin, Wilmington, Ohio, Wayne W. Galvin, Wilmington, Ohio, Paul Rodenfels, Washington C. H., Ohio, and Roberta Rodenfels, Washington C. H., Ohio.

3. The known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: Third National Bank, Circleville, Ohio.

4. The two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in said stocks, bonds, or other securities than as so stated by him.

5. The average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 5293.

AP Guesspert Predicts LSU, Iowa Victories

Ohio State Gets Nod Over Southern Cal Purdue over Irish

By HAROLD CLAASSEN
Associated Press Sports Writer

NEW YORK (AP)—Every year the college football fathers change the rules of the game but they never make it easier to pick the winners. Here's another swing around the circuit:

Louisiana State over Baylor: You gotta pick LSU because it has Billy Cannon. Baylor's best bet is Ronnie Bull, sophomore quarterback. But it could be very close.

Iowa over Northwestern: Each met a name foe last week and each romped to an easy victory. The Hawkeyes keep their momentum in a rugged fray.

Mississippi over Memphis State: Who's that again? Memphis State?

Army over Illinois: Lonely end Bill Carpenter and backs Joe Caldwell and Bob Anderson give the Cadets the edge.

Clemson over Georgia Tech: The Carolina Tigers get revenge for that 13-0 setback of a year ago.

Purdue over Notre Dame: There are 24 returning lettermen on the Big Ten squad.

Tennessee over Mississippi State: Having stopped Auburn's winning streak, the Vols are determined to go all the way.

Texas over California: You can see this one for yourself on TV. That Texas line makes things easy for the Longhorn backs.

Ohio State over Southern California: Bob White, the Buckeye fullback, makes this venture as safe as money in the bank.

Wisconsin over Marquette: The Badgers in a breeze.

South Carolina over Georgia: The Carolina defense stops Charley Britt & Co., but not by the margin of 10 points as a year ago.

Navy over Southern Methodist: Joe Tranchini outpasses Don Meredith.

Syracuse over Maryland: Supposedly Syracuse was so good it didn't need a quarterback but coach Ben Schwartzwalder unfurled Dave Serette, a sophomore in last week's triumph over Nebraska.

Penn State over Colgate: Richie Lucas is as good as they come at quarterback.

11-Year-Old Mare Wins at Lebanon

LEBANON, Ohio (AP)—Marion Stephens, veteran driver, rallied Mary Jane Clark to win the featured trot at Lebanon Raceway Tuesday night—by a nose.

The winner's 2:05 3-5 circuit was the best mile ever for the 11-year-old mare. Mary Jane Clark fought off challenges in the stretch by second - finisher Pro Mack and third-place Proterra. She paid $10.40.

Lucky Star and Mr. Jerry produced a daily double of $19.80.

The crowd was 1,023 and betting totaled $39,801 at the mutuels.

Descendants To Get $6 Million Estate

CINCINNATI (AP) — The children and grandchildren of Mrs. Olivia Benedict of Cincinnati stand to inherit under her will most of her $6,101,519 estate. That's the report Tuesday in Probate Court where an estimate of the estate's value was filed. Mrs. Benedict, granddaughter of a founder of Procter & Gamble Co., was 91 when she died last July 15.

Sheriff Pickaway County, Ohio
Robert H. Huffer, Attorney
Sept. 30, Oct. 7, 14, 21, 28, 1959

500 Akron Tire Makers Walk Off in Dispute

AKRON, Ohio (AP)—A total of 500 workers at the General Tire & Rubber Co. here have walked off their jobs over a rate dispute, a company spokesman reported Tuesday night. Officials of the United Rubber Workers Union were urging the men to return to work.

Kreitling Gets Flanker Spot With Browns

CLEVELAND (AP) — Coach Paul Brown says Rich Kreitling will be working as a flanker this afternoon when the Cleveland Browns start preparing for their game Sunday in Chicago against the Cardinals.

"We like what we've seen of Kreitling and he is figuring stronger and stronger in our planning," the coach said Tuesday night. "We are satisfied that Preston Carpenter can carry the load as the slot end. So, we're moving Rich to the flanker. We can make better use of his speed out there."

Brown said Mike McCormack, who has seen little action since he suffered a knee injury at the Hiram training camp, will open at offensive tackle in Chicago.

Warren Lahr, who sat out last week's loss to Pittsburgh because of injuries, is expected to be able to man a safety spot again.

The Cardinals, who walloped the Washington Redskins in their opener Sunday, have been established as 2½-point favorite over the Browns. They have beaten the Browns only twice in 18 meetings and it is their first time in the favorite's role.

Brown said he was not planning wholesale changes after the loss to Pittsburgh.

"Actually the Stealers and our team were pretty well matched," he said. "I'd say the main difference was attitude or desire, or whatever you want to call it.

"They came through with the extra effort. We tried our best but just didn't have that head of steam up. The Steelers also made a couple of great plays.

"In the main they were the difference."

Dad Turns Son, 14, Over to Police

NEWPORT, Ky. (AP) — Fourteen-year-old Ronnie Monroe was turned over to police today by his father, Horace, in connection with a hit-and-run automobile accident in which 18-month old Paul Thompson was killed.

Police filed charges of manslaughter and leaving the scene of an accident against the youth.

The accident occurred as the Thompson baby and two other persons were crossing a street here late Monday night. Jenny Cain, 12, and Mrs. Margaret Singleton, 16, were injured.

Police said they believed the Monroe boy and the driver of another car were racing.

Indiana Whips Illinois, But Miracles Wear Thin

EDITOR'S NOTE: This is the last in a series on the major football teams in the Midwest.

By WALTER L. JOHNS
Central Press Sports Editor

BLOOMINGTON, Ind. — Phil Dickens, the Indiana football coach, says he is no miracle man even if his Hoosiers did whip Illinois, 20-0, Saturday.

After a 1-8 season in 1957 when Dickens had to sit out a suspension because of recruiting activities and an assistant became head coach, the former Wyoming mentor gave Hoosier fans a real football shot in the arm last season as his team surprised everyone with five victories and one tie in nine games, including three Big Ten conference wins and a tie with Purdue.

"I can't explain last season," Phil will tell you in his frank, down-to-earth approach. "It was a miracle. When we left the practice field in the spring we felt we might win one game.

Seven out of 18 lettermen lost were starters and of the returning regulars two are ends.

"Center is a weak spot on this team," Dickens says. "We have no boy who has played college ball for the spot. We feel we have more experience and strength at end than at any position. We feel we have more potential in the backfield than in the line. We're hoping we might win two or three games this year."

Dickens' system is basically the single-wing, but the wing-T will be used about one-quarter of the time. He lists his backfield spots as tailback, blocking back, wingback and fullback.

The tailback goes into the quarterback's position in the Wing T. All the tailbacks call the signals.

The Hoosier line will form with Ted Aucreman and Ron Miller, lettermen, at the weakside end; Joe Moore and Ed Morris, lettermen, at weakside tackle; Elvin Caldwell at weakside guard and perhaps Jim Miller at center. Walt Thomas and Fred Lautar are competing for the center job which will be manned by sophomores.

The strongside Hoosier line will feature Earl Faison at end, Bob Corrigan and Moses Gray at tackle and Don Noone and Bob Boak at guard. Corrigan is the only starter from last year's middle line.

In Aucreman and Faison the Hoosiers have two outstanding ends. Dickens describes Aucreman as "the toughest 175-pound kid on both defense and offense I've ever seen." Faison, the 6' 5", 235-pound strongside end, is a standout. "I'd rather have him for me than agin, me," says Dickens about Faison.

Caldwell, the weakside guard, is the oldest man on the squad at 27. He served four years in Germany and in the summer time drives a bus in Chicago.

Captain Ted Smith is the tailback starter. He had some calcification in his shoulder last year and is throwing better this year. Smith led the team in rushing last year and led the squad in scoring. Under him are John Henry Jackson, a sophomore from Columbus, Ga., who is the best passer on the squad, and Joe Maroon, a little ball-carrying whiz from Bridgeport, O.

Maroon, a sophomore, is the best runner.

Dickens describes him this way: "He runs like a hog on the ground and if we can hide him for awhile he may help us."

Randy Williams and Richie Bradford are the wingbacks. Bradford is a breakaway-type of runner. A possible help here is Mel Ross, who is the fastest man on the squad.

"We feel we have three fine boys in Wil Scott, Eddie Fritz and Tom Burgess for our blocking backs," explains Dickens. "Scott is an exceptionally fine blocker. He was shifted from wingback. Burgess was shifted from fullback."

The fullbacks, headed by Vic Jones was the workhorse in ball-carrying in 1958. Under him is Don Cromer, a fine prospect.

Best sophomore prospects, in addition to Ross, are Joe Winston, a tailback from South Bend; By Broome, a blocking back, and Cromer, the fullback from Ft. Myers, Fla.

The Hoosiers, who are building a new stadium which will be ready in 1960 as part of a $23,000,000 athletic plant, now play Minnesota, Marquette, Nebraska, Michigan State, Northwestern, Ohio State, Michigan and Purdue.

Old Live Bombs Found by Kiddies

SHREVEPORT, La. (AP) — Barksdale Air Force Base officials, with the aid of children, have found 16 live bombs dropped by British pilots while training at the base during 1941-42.

Officials said Monday the bombs were of the 25-pound fragmentary type carried in clusters under the wings of British dive bombers in World War II.

Children of base personnel playing in an old target area Sunday found two bombs and took them home. A check revealed the bombs were live.

Officials then ordered a search of the area and 14 more were found. The hunt will continue.

Indiana Whips Illinois, But Miracles Wear Thin

EDITOR'S NOTE: This is the last in a series on the major football teams in the Midwest.

By WALTER L. JOHNS
Central Press Sports Editor

BLOOMINGTON, Ind. — Phil Dickens, the Indiana football coach, says he is no miracle man even if his Hoosiers did whip Illinois, 20-0, Saturday.

After a 1-8 season in 1957 when Dickens had to sit out a suspension because of recruiting activities and an assistant became head coach, the former Wyoming mentor gave Hoosier fans a real football shot in the arm last season as his team surprised everyone with five victories and one tie in nine games, including three Big Ten conference wins and a tie with Purdue.

"I can't explain last season," Phil will tell you in his frank, down-to-earth approach. "It was a miracle. When we left the practice field in the spring we felt we might win one game.

Seven out of 18 lettermen lost were starters and of the returning regulars two are ends.

"Center is a weak spot on this team," Dickens says. "We have no boy who has played college ball for the spot. We feel we have more experience and strength at end than at any position. We feel we have more potential in the backfield than in the line. We're hoping we might win two or three games this year."

Dickens' system is basically the single-wing, but the wing-T will be used about one-quarter of the time. He lists his backfield spots as tailback, blocking back, wingback and fullback.

The tailback goes into the quarterback's position in the Wing T. All the tailbacks call the signals.

The Hoosier line will form with Ted Aucreman and Ron Miller, lettermen, at the weakside end; Joe Moore and Ed Morris, lettermen, at weakside tackle; Elvin Caldwell at weakside guard and perhaps Jim Miller at center. Walt Thomas and Fred Lautar are competing for the center job which will be manned by sophomores.

The strongside Hoosier line will feature Earl Faison at end, Bob Corrigan and Moses Gray at tackle and Don Noone and Bob Boak at guard. Corrigan is the only starter from last year's middle line.

In Aucreman and Faison the Hoosiers have two outstanding ends. Dickens describes Aucreman as "the toughest 175-pound kid on both defense and offense I've ever seen." Faison, the 6' 5", 235-pound strongside end, is a standout. "I'd rather have him for me than agin, me," says Dickens about Faison.

Caldwell, the weakside guard, is the oldest man on the squad at 27. He served four years in Germany and in the summer time drives a bus in Chicago.

Captain Ted Smith is the tailback starter. He had some calcification in his shoulder last year and is throwing better this year. Smith led the team in rushing last year and led the squad in scoring. Under him are John Henry Jackson, a sophomore from Columbus, Ga., who is the best passer on the squad, and Joe Maroon, a little ball-carrying whiz from Bridgeport, O.

Maroon, a sophomore, is the best runner.

Dickens describes him this way: "He runs like a hog on the ground and if we can hide him for awhile he may help us."

Randy Williams and Richie Bradford are the wingbacks. Bradford is a breakaway-type of runner. A possible help here is Mel Ross, who is the fastest man on the squad.

"We feel we have three fine boys in Wil Scott, Eddie Fritz and Tom Burgess for our blocking backs," explains Dickens. "Scott is an exceptionally fine blocker. He was shifted from wingback. Burgess was shifted from fullback."

The fullbacks, headed by Vic Jones was the workhorse in ball-carrying in 1958. Under him is Don Cromer, a fine prospect.

Best sophomore prospects, in addition to Ross, are Joe Winston, a tailback from South Bend; By Broome, a blocking back, and Cromer, the fullback from Ft. Myers, Fla.

The Hoosiers, who are building a new stadium which will be ready in 1960 as part of a $23,000,000 athletic plant, now play Minnesota, Marquette, Nebraska, Michigan State, Northwestern, Ohio State, Michigan and Purdue.

30 New State Laws, Passed by Ohio Legislature, Effective This Week

New Ohio laws repealing the present prohibition against Sunday fishing, giving Ohio a state motto after 91 years and expanding the Ohio Pardon and Parole Commission will become effective this week, State Representative Ed Wallace of Pickaway County said today.

They are among some 30 new laws, enacted at the recent session of the 103rd General Assembly of Ohio which become effective during this week.

The law removing the ban on Sunday fishing is effective tomorrow. It also repeals the antiquated prohibition against sporting, rioting, and quarreling on Sunday.

The repealed section also included hunting and shooting on Sunday, but such activities, other than authorized trap shooting, are prohibited by other laws so this repealer does not affect them.

* * *

THE NEW state motto, "With God, All Things Are Possible", is effective Thursday also. For two years the state's official motto was "Imperium in Imperio" but in 1868 the legislature repealed it and there has been none since that time. The new motto was suggested by an 11-year old Cincinnati boy.

The new law enlarging the Pardon and Parole Commission, effective tomorrow, provides that two of the members shall be especially qualified by education or experience in correctional work for six years and two shall be attorneys with six years active practice. They must devote full time to their jobs, receiving $12,000 a year each.

The board must be bi-partism. Governor Michael V. DiSalle will make the appointments, subject to Senate confirmation. Terms will be six years but at first two will be appointed for terms ending April 1, 1961; two for terms ending April 1, 1963, and one for a term ending April 1, 1965.

Other enactments which become effective this week include those:

Raising the maximum pay for shorthand reporters in counties having only one judge from $4,800 to $6,000, effective Thursday.

Establishing Columbus Day as a legal holiday and permitting school boards to dismiss classes on that day, if they choose, effective yesterday. It also would allow dismissal of schools on Lincoln's birthday, February 12, which has not been in the law.

* * *

PERMITTING 10 or more persons to form a development corporation in Ohio to encourage business ventures by advancing capital to organizations unable to obtain financing through regularly established institutions, effective Thursday.

Authorizing banks to invest in development corporations and similar companies; effective tomorrow.

Permitting banks to invest in federal farm loan and credit securities and federal public housing securities and permitting a state bank to invest up to one per cent of its capital and surplus in shares of stock issued by small business investment companies and up to two per cent of capital and surplus in shares of development corporations authorized by Ohio law; effective October 1st.

Increasing from $25 to $50 the examination fee for applicants for certificates to practice medicine or surgery or osteopathic medicine and surgery in Ohio and from $50 to $100 the fee for reciprocal certification, without examination of physicians and surgeons licensed in other states, territories and District of Columbia; effective Thursday.

Requiring a school district gaining territory by annexation to pay the losing school district the true value of any real property, building and improvements transferred, less certain allowances; effective Friday.

Allowing a sheriff, with the permission of a court, to give a county jail prisoner credit on sentence for work done; effective October 1.

* * *

INCREASING amounts the highway director may spend on roads to and within conservancy districts and township and metropolitan park districts; effective yesterday.

Allowing sheriffs, in emergencies, to assign deputies to another county when sheriff of other county requests it; effective tomorrow.

Eliminating requirement that milk sold at retail from bulk dispensers be served in nine-ounce glasses or containers; effective October 1st.

Requiring automatic food or beverage vending machines, other than those dispensing nonperishable goods, be licensed by local health boards at $5 annual fee, with $1 to go to the state; effective last Monday.

Allowing domestic fire and casualty insurance companies to invest in life insurance company stock; effective Thursday.
